Capitalism's Conscience Des Freedman, 2021-04-20 A

lively and well researched history and critique Jonathan Steele former Chief Foreign Correspondent for the Guardian Since its inception in Manchester in 1821 as a response to the 1819 Peterloo Massacre the Guardian has been a key institution in the definition and development of liberalism The stereotype of the Guardianista an environmentally conscious Labour voting progressively minded public sector worker endures in the popular mythology of British press history Yet the title has a complex lineage and occupies an equivocal position between capital and its opponents It has both fiercely defended the need for fearless independent journalism and handed over documents to the authorities it has carved out a niche for itself in the UK media as a progressive voice but has also consistently diminished more radical projects on the left Published to coincide with its 200th anniversary Capitalism's Conscience brings together historians journalists and activists in an appraisal of the Guardian's contribution to British politics society and culture and its distinctive brand of centrism Contextualising some of the main controversies in which the title has been implicated the book offers timely insights into the publication's history loyalties and political values

The Naqab Bedouin and Colonialism Mansour Nasasra, Sophie Richter-Devroe, Sarab Abu-Rabia-Queder, Richard Ratchliffe, 2014-08-13 The Naqab Bedouin and Colonialism brings together new scholarship to challenge perceived paradigms often dominated by orientalist modernist or developmentalist assumptions on the Naqab Bedouin The past decade has witnessed a change in both the wider knowledge production on and political profile of the Naqab Bedouin This book addresses this change by firstly endeavouring to overcome the historic isolation of Naqab Bedouin studies from the rest of Palestine studies by situating studying and analyzing their predicaments firmly within the contemporary context of Israeli settler colonial policies Secondly it strives to de colonise research and advocacy on the Naqab Bedouin by for example reclaiming indigenous knowledge and terminology Offering not only a nuanced description and analysis of Naqab Bedouin agency and activism but also trying to draw broader conclusion as to the functioning of settler colonial power structures as well as to the politics of research in such a context this book is essential reading for students and researchers with an interest in Postcolonial Studies Development Studies Israel Palestine Studies and the contemporary

Middle East more broadly *Contemporary Israel* Frederick E. Greenspahn, 2016-08-09 For a country smaller than Vermont with roughly the same population as Honduras modern Israel receives a remarkable amount of attention For supporters it is a unique bastion of democracy in the Middle East while detractors view it as a racist outpost of Western colonialism The romanticization of Israel became particularly prominent in 1967 when its military prowess shocked a Jewish world still reeling from the sense of powerlessness dramatized by the Holocaust That imagery has grown ever more visible with Israel's supporters idealizing its technological achievements and its opponents attributing almost every problem in the region if not beyond to its imperialistic aspirations The contradictions and competing views of modern Israel are the subject of this book There is much to consider about modern Israel besides the Middle East conflict Over the past generation a substantial body of scholarship has explored numerous aspects of the country including its approaches to citizenship and immigration the arts the women's movement religious fundamentalism and language but much of that work has to date been confined within the walls of the academy This book does not seek not to resolve either the country's internal debates or its struggle with the Arab world but to present a sample of contemporary scholars' discoveries and discussions about modern Israel in an accessible way In each of the areas discussed competing narratives grapple for prominence and it is these which are highlighted in this volume **The Oxford Handbook of Contemporary Middle-Eastern and North African History** Jens Hanssen, Amal N. Ghazal, 2021 Features a mix of junior and senior scholars based in the Middle East South East Asia Australia North America and Europe Develops multidisciplinary approaches to history including environmental studies social anthropology law gender political science sociology religious studies and media studies Book jacket *The Routledge International Handbook on Decolonizing Justice* Chris Cunneen, Antje Deckert, Amanda Porter, Juan Tauri, Robert Webb, 2023-07-03 The Routledge International Handbook on Decolonizing Justice focuses on the growing worldwide movement aimed at decolonizing state policies and practices and various disciplinary knowledges including criminology social work and law The collection of original chapters brings together cutting edge politically engaged work from a diverse group of writers who take as a starting point an analysis founded in a decolonizing decolonial and/or Indigenous standpoint Centering the perspectives of Black First Nations and other racialized and minoritized peoples the book makes an internationally significant contribution to the literature The chapters include analyses of specific decolonization policies and interventions instigated by communities to enhance jurisdictional self-determination theoretical approaches to decolonization the importance of research and research ethics as a key foundation of the decolonization process crucial contemporary issues including deaths in custody state crime reparations and transitional justice and critical analysis of key institutions of control including police courts corrections child protection systems and other forms of carcerality The handbook is divided into five sections which reflect the breadth of the decolonizing literature Why decolonization From the personal to the global State terror and violence Abolishing the carceral Transforming and decolonizing justice Disrupting epistemic violence This book offers a comprehensive and timely resource

for activists students academics and those with an interest in Indigenous studies decolonial and post colonial studies criminal legal institutions and criminology It provides critical commentary and analyses of the major issues for enhancing social justice internationally The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *Decolonizing Israel, Liberating Palestine* Jeff Halper, 2021-01-20 Extremely convincing Electronic Intifada For decades we have spoken of the Israel Palestine conflict but what if our understanding of the issue has been wrong all along This book explores how the concept of settler colonialism provides a clearer understanding of the Zionist movement's project to establish a Jewish state in Palestine displacing the Palestinian Arab population and marginalizing its cultural presence Jeff Halper argues that the only way out of a colonial situation is decolonization the dismantling of Zionist structures of domination and control and their replacement by a single democratic state in which Palestinians and Israeli Jews forge a new civil society and a shared political community To show how this can be done Halper uses the 10 point program of the One Democratic State Campaign as a guide for thinking through the process of decolonization to its post colonial conclusion Halper's unflinching reframing will empower activists fighting for the rights of the Palestinians and democracy for all **Palestinian Labour Migration to Israel** Leila Farsakh, 2005-09-06 This book examines the flow of Palestinian labour to Israel over the last three decades and shows how it has fluctuated over time with most recently a shift in the flow towards Israeli settlements in the occupied territories

Lordship and Liberation in Palestine-Israel Muhannad Ayyash,2025-07-22 This interdisciplinary book provides timely fresh perspective on Palestine Israel by rethinking the nature of settler colonial sovereignty and the relationship between land and people Muhannad Ayyash argues that this relationship comes in two distinct forms a settler colonial type practiced by the Israeli state that consists of lordship over land and people and a decolonial type seen in Palestinian popular organizing that he calls land as life a reciprocal bond The former is characterized by private ownership possession and violent expulsion of others the latter by communal ownership belonging to the land and opposition to the violence of expulsion Ranging widely across theory and history Ayyash contends that the opposition between these two types is at the core of the Palestinian Israeli struggle The choice before us today he concludes is between the continuation of the Israeli settler colonial project in particular and the project of colonial modernity in general or the commencement of a decolonial age in Palestine Israel and beyond Offering

both novel theorizations and politically engaged analysis Lordship and Liberation in Palestine Israel illuminates how decolonial sovereignties represent an alternative to settler colonial violence **Liberating Histories** Claire Norton, Mark Donnelly, 2018-07-11 *Liberating Histories* makes an original scholarly contribution to contemporary debates surrounding the cultural and political relevance of historical practices Arguing against the idea that specifically historical readings of the past are necessary or are compelled by the force of past events themselves this book instead focuses on other forms of past talk and how they function in politically empowering ways against social injustices Challenging the authority and constraints of academic history over the past this book explores various forms of past talk including art films activism memory nostalgia and archives Across seven clear chapters Claire Norton and Mark Donnelly show how activists and campaigners have used forms of past talk to unsettle common sense thinking about political and social problems how journalists artists curators filmmakers and performers have referenced the past in their practices of advocacy and how grassroots archivists help to circulate materials that challenge the power of authorised institutional archives to determine what gets to count as a demonstrable feature of the past and whose voices are part of the historical record Written in a lucid accessible manner and combining insightful critical analysis and philosophical argument with clear consideration of how different forms of past talk influence the narration of pasts in a variety of socio political contexts *Liberating Histories* is essential reading for students and scholars with an interest in historiography and the ethical and political dimensions of the historical discipline

Palestinian Islamic Jihad Erik Skare, 2021-07-15 Founded in 1981 Palestinian Islamic Jihad PIJ is one of the most important yet least understood Palestinian

armed factions both in terms of its history and ideology Yet no in depth translation of its ideological corpus exists This book is the first to provide a comprehensive account of the ideology of PIJ in the movement s own words Based on the author s extensive fieldwork and archival research in the occupied Palestinian territories and Lebanon the book comprises the PIJ s written texts produced since 1979 translated here into English for the first time In addition to the primary texts the book includes expert commentary from the author for each source to help explain the context and the broader significance of the documents The key contention of the book is that although PIJ employs Islamic signifiers and symbolism its ideology is strikingly similar to the anti colonialism of the PLO in the 1960s and in stark contrast to Hamas A comprehensive resource on the PIJ it covers PIJ beliefs about the Palestinian problem what type of Islamism the PIJ espouses how the PIJ regards Shiites and Iran how it can be understood as an Islamist organization what it envisions for Palestinian society in the future This is the only sourcebook available on the PIJ
