Isupplier Portal User Guide:

A Practical Guide to Implement Oracle E-Business Suite Anant Porwal, 2016-09-26 Planning, executing, and controlling the implementation process for Oracle E Business Suite is no easy task, but done right can do wonders for your business. Anant Porwal, a certified master in Oracle Financials with twenty years of experience helping businesses implement the suite of applications, provides a comprehensive blueprint to get the most value out of the product with this implementation guide. The first section highlights high-level features of core Oracle E Business Suite applications, including various technology pieces. It also explains how the applications allow for flexibility in accounting and in processing transactions. The second section explores how to implement the suite of applications, from identifying the goals you want to achieve, selecting and building an implementation team, designing an implementation process, documenting and tracking progress, and taking the necessary steps to ensure implementation is a success. **A Practical Guide to Implement Oracle E Business Suite** is a must-read for all members of companies planning Oracle implementation, including stakeholders, project managers, team members, and consultants alike. It provides insight into the intricacies and efforts for implementing very complex packages of Oracle E Business Suite.

Oracle Procure-to-Pay Guide Melanie Anjele Cameron, 2009-05-29 Master Oracle E Business Suite's Oracle Procure to Pay Drive better decision making and maximize asset usage with Oracle E Business Suite's comprehensive end-to-end procurement solution. This Oracle Press guide details step-by-step how to streamline and optimize your enterprise acquisition cycle using Oracle Procure to Pay. Set up and configure each module, generate contracts and purchase orders, POs, perform automatic invoicing, process payments, and enforce fiscal policies. You will also learn how to use powerful new purchasing and payables features: Manage POs and strengthen policy compliance using Oracle Purchasing; Track documents from the buyers work center and demand workbench; Centralize requisition creation and approvals; Create and use sourcing rules for supplier purchases; Use Oracle Payables to process invoices and handle settlements; Consolidate and disburse funds using Oracle Payments.
