first Westerners to extensively explore Tibet In these memoirs she tells of her encounters there the people and their culture and fervently Buddhist society The author s early years wherein her enthusiasm for travel and curiosity of faraway cultures grew are excluded from these pages Rather we begin with David Neel s first trip to Tibet and her initial impressions of the country The friends she makes and the various officials and Buddhist priests of varying rank and station are recounted vividly As a Western woman David Neel did not always encounter friendliness or tranquility in those she met many were less than welcoming or even hostile to her presence As she was a pioneer in Tibet it is for these explorations that David Neel is most remembered The complex traditions of the Tibetan lamas and how its people existed upon the high plateau of the Himalayas fascinated many in Europe Allowed meetings with religious officials including the 13th Dalai Lama it was only after a decade of exploring the Tibetan culture that David Neel dared to go yet farther by travelling incognito to Lhasa the capital city forbidden to all foreigners A classic memoir known for inspiring the writers and poets of the Beat Generation **Magic and Mystery in Tibet** is both biography and a great tale of adventure **Magic and mystery in Tibet, introd** Alexandra David-Néel, Magic and Mystery in Tibet. With an Introd. by A. D'Arsonval Alexandra David-Néel,1937 Magic and Mystery in Tibet, Etc Alexandra David-Néel,1967 Tibetan Magic Cameron Bailey,Aleksandra Wenta,2024-03-07 This book focuses on the theme of magic in Tibetan contexts encompassing both pre modern and modern text cultures as well as contemporary practices It offers a new understanding of the identity and role of magical specialists in both historical and contemporary contexts Combining the theoretical approaches of anthropology ethnography religious and textual studies the book aims to shed light on experiences practices and practitioners that have been frequently marginalized by the normative mainstream monastic Buddhist traditions and Western Buddhist scholarship which focuses primarily on meditation and philosophy The book explores the intersection between magic folk practices and Tantra a complex socio religious phenomenon associated not only with the religious and political elites who sponsored it but also with marginal ethnic groups and social milieus as well as with lay communities at large who resorted to ritual agents to fulfil their worldly needs The Sacred Life of Modernist Literature Allan Kilner-Johnson,2022-06-16 Probing the relationship between modernist literary experimentation and several key strands of occult practice which emerged in Europe from roughly 1894 to 1944 this book sets the work of leading modernist writers alongside lesser known female writers and writers in languages other than English to more fully portray the aesthetic and philosophical connections between modernism and the occult Although the early decades of the twentieth century the era of cocktails motorcars bobbed hair and war are often described as a period of newness and innovation many writers of the time found inspiration and visionary brilliance by turning to the mysterious occult past This book s principle intervention is to reimagine the contours and boundaries of literary modernism by welcoming into the conversation a number of significant female writers and writers in languages other than English who are often still relegated to the fringes of modernist studies Well remembered poets and novelists such as Ezra Pound W B Yeats

and Aleister Crowley were tied to occult beliefs and this book sets these leading figures alongside less well remembered but equally splendid modernists including Paul Brunton Mary Butts Alexandra David Neel Florence Farr Dion Fortune Hermann Hesse and Rudolf Steiner From the little magazines where occultism and Fabianism were comfortable companions to consulting rooms of psychoanalysts where archetypes were revealed to be both mystical and mundane to the forbidden mountain trails that led to formidable spiritual teachers the conditions of modernism were invariably those conditions which inspired a return to the occult traditions that many thinkers believed had long evaporated Indeed in many ways these traditions were the making of the modern world By uncovering hidden hopes and anxieties that faced a newly modern Western Europe this book demonstrates how literary modernists understood occultism as a universal form of cultural expression which has inspired creative exuberance since the dawn of civilisation [The Encyclopedia of Magic and Alchemy](#) Rosemary Guiley,2006 A comprehensive illustrated reference guide with more than 400 entries on the subjects of magic and alchemy **Mysticism and Alchemy through the Ages** Gary Edson,2012-09-14 An in depth look into the foundations of mysticism and alchemy this book describes both physical and spiritual aspects of the various theories and practices of transformation with attention to the beliefs of Buddhism Christianity Hinduism Islam Judaism Sufism Tantrism Taoism and Yoga The connection between early mystical pursuits and the development of alchemy from ancient China India and Egypt through Moorish Spain and into Latin Europe are illuminated along with the activities of early alchemists The book which is heavily illustrated describes the beliefs experiments and secret messages that drew the believers and dreamers of the world together in search of wealth and immortality *Initiations and Initiates in Tibet* Alexandra David-Neel,2012-08-02 Noted authority discusses mystic rites and doctrines methods of psychic training various kinds of initiations and their aims spiritual exercises gymnastics of respiration many other topics Invaluable insights into Tibetan Buddhism 27 black and white illustrations **Imagining Tibet** Thierry Dodin,Heinz Rather,2001 In the past century the Western view of Tibet has evolved from an exotic Shangri la filled with golden idols and the promise of immortality to a peaceful land with an enlightened society now ravaged by outside aggression How and why did our perception change How accurate are our modern conceptions of Tibet Imagining Tibet is a collection of essays that reveal these Western conceptions Providing an historical background to the West's ever changing relationship with Tibet Donald Lopez Jeffrey Hopkins Jamyang Norbu and other noted scholars explore a variety of topics from Western perceptions of Tibetan approaches to violence monastic life and life as a nation in exile to representations of Tibet in Western literature art environmentalism and the New Age movement **True Stories of the Real Men in Black** Nick Redfern,2014-07-15 Men in black mysterious figures in suits that appear after UFO sightings have become a familiar part of our popular culture However as this book shows the real men in black may be something much more sinister and terrifying than anything in the movies The author reviews paranormal history documenting cases in which UFO witnesses were intimidated and harassed into silence by unexpressive shadowy individuals
