Martin Scorsese Vincent LoBrutto, 2007-11-30 Martin Scorsese's current position in the international film community is unrivaled and his name has become synonymous with the highest standards of filmmaking excellence He is widely considered America's best living film director and his *Taxi Driver* and *Raging Bull* appear frequently on worldwide surveys of the best films of all time Here in the first biographical account of this artist's life Vincent LoBrutto traces Scorsese's Italian American heritage his strict Catholic upbringing the continuing role of religion in his life and art his obsessive love of cinema history and the powerful impact that the streets of New York City had on his personal life and his professional career Meanwhile the filmmaker's humble soft spoken public persona tells only part of the story and LoBrutto will delve into the other side of a complex and often tortured personality Scorsese's intense passion his private relationships his stormy marriages and his battles with drugs and depression are all chronicled

here and in many cases for the first time In addition the book includes an interview with the director as well as filmographies cataloging his work as a director producer actor and presenter As his Best Director award at the 2007 Oscars clearly demonstrated Scorsese has become something like Hollywood royalty in recent years finally enjoying the insider status and favor that eluded him for most of his career But these recent developments aside Scorsese is also notable as a distinctly American type of artist one whose work created in a medium largely controlled by commercialism and marketing has always been unmistakably his own and who thus remains a touchstone of artistic integrity in American cinema In Martin Scorsese A Biography readers can examine not only the work of one of the form s genuine artists but also the forces that have propelled the man behind it **Horror Zone** Ian Conrich,2010 Leading international writers in horror take horror out into the world beyond cinema screens to explore the interconnections between the films and modern media and entertainment industries economies and production practices cultural and political forums spectators and fans The Publishers Weekly ,2002
