Within their chapters the expert authors briefly describe accepted theories and philosophies before explaining their problems and exploring fresh new ideas for practice and research. These alternative ideas offer thought provoking ways of reinterpreting many aspects of human existence often studied by psychologists. Organized into five sections the volume covers the discipline of psychology in general various subdisciplines e.g. positive psychology and human development concepts of self and identity as well as research and practice. Together the chapters present a set of alternative ideas that have the potential to take the field of psychology in fruitful directions not anticipated in more traditional theory and research. Sharada Sugirtharajah, 2022-04-25 This book explores the theme of happiness and well being from religious spiritual philosophical psychological humanistic and health perspectives. Taking a non binary approach it considers how happiness in particular has been understood and appropriated in religious and non religious strands of thought. The chapters offer incisive insight from a variety of perspectives including humanism atheism and major religions such as Christianity Islam Buddhism Hinduism and Judaism. Community Nick Malherbe, 2022-04-22 Anti capitalist political struggle is a site of struggling psychologies Conscious political action is never far from unconscious desire and the fight for material justice is always also the fight for dignity and psychological well being Yet how might community psychologists conceive of their discipline in a way that opposes the very capitalist political economy that historically most of the psy disciplines have bolstered in return for disciplinary legitimacy In its consideration of an anti capitalist psychology of community this book does not ignore or try to resolve the contradictory position of such a psychology Instead it draws on these contradictions to enliven psychology to the shifting demands both creative and destructive of a community centred anti capitalism Using practical examples the book deals with the psychological components of building community centred social movements that challenge neoliberal capitalism as a political system an ideology and a mode of governing rationality The book also offers several theoretical contributions that grapple with how an anti capitalist psychology of community can remain attentive to the psychological elements of anti capitalist struggle what the psychological can tell us about anti capitalist politics and how these politics can shape the psychological

Psychology's Feminist Voices from Turkey Ayçe Feride Yılmaz, 2025-06-16 Dieses Buch stellt feministische Psychologinnen Aktivistinnen und Therapeutinnen aus der Türkei vor die Wissenschaft Praxis und politisches Engagement verbinden Es beleuchtet feministische Ansätze in Advocacy Methodologie Therapie und Bildung stets im Kontext der Arbeit gegen patriarchale Strukturen Durch gelebte Erfahrung und Forschung zeigt es wie feministische Psychologie für Gerechtigkeit Heilung und Solidarität wirkt *Media Capitalism* Thomas Klikauer, 2022-01-01 This book argues that media

and capitalism no longer exist as separated entities and posits three reasons why one can no longer exist without the other. Firstly, mass media have become indispensable to capitalism due to the media's ability to sell the commodities of mass consumerism. Media capitalism also creates pro-capital attitudes among a target population and establishes an ideological hegemony. Thirdly, media capitalism provides mass deception to hide the pathologies of capitalism, which include mass poverty, rising inequalities, and the acceleration of global warming. To illuminate this, the book's historical chapter traces the emergence of media capitalism. Its subsequent chapters show how media capitalism has infiltrated the public sphere, society, schools, universities, the world of work, and finally, democracy. The book concludes by outlining how societies can transition from media capitalism to a post-media capitalist society.
