Neuromarketing's Role in Sustainable Finance

Taneja, Sanjay, Chahal, Bhupinderpal Pal Singh, Johri, Amar, Ozen, Ercan, Kumar, Pawan, 2024-10-18 Neuromarketing plays a significant role in sustainable finance by tapping into the emotional and cognitive factors that influence investor decisions regarding socially and environmentally responsible investments. It helps financial institutions understand how individuals respond to sustainability messages enabling them to craft more persuasive campaigns that resonate with investors' values. By leveraging insights into behavior and decision making processes, neuromarketing enhances the appeal of sustainable finance, encourages greener investment choices, and helps align financial practices with the growing demand for ethical long-term impact solutions. *Neuromarketing's Role in Sustainable Finance* explores the intersection of neuromarketing and sustainable finance, revealing how insights from cognitive neuroscience can drive environmentally responsible investment behaviors. It examines subconscious factors influencing consumer decisions toward green investments, offering theoretical frameworks and practical applications to understand and promote ethical financial choices. Covering topics such as behavioral finance, environmental awareness, and investor patterns, this book is an excellent resource for scholars, researchers, financial professionals, marketers, business professionals, academicians, graduate and postgraduate students, and more.

Environmental Finance and Green Banking Samsul Alam, Sergey Sosnovskikh, 2023-05-31 Environmental finance and green banking are central drivers of the transition to a sustainable economy and essential components in solutions to climate change. This book presents the latest research on theory and practices in these interdisciplinary fields, incorporating both public and corporate finance. It introduces three parts: environmental investing and financing, green banking, and environmental policies in the public sector. The book explores the current trends, dynamics, and ways forward for environmental finance and green banking, including fundamental theories, e.g., environmental Kuznets curve, and comparisons between traditional and green bond efficiency, corporate governance practices, and disclosure. Green central banking, climate finance, sustainable strategies, green Islamic banking, and public climate fund management in multi-country contexts. The contributors to this book highlight significant challenges ahead while recognizing potential opportunities such as the revolution in green investments and trading in green bonds. This book is a welcome addition to the literature on environmental economics and finance and the economics of sustainability and climate change. Sustainable Finance and Banking

Marcel Jeucken, 2010-09-23

Banking and finance play a fundamental role in public policy and economic performance as well as in all forms of commerce and industry They are crucial in determining whether society from governments to individual consumers succeeds in following an environmentally sustainable path However those working in the financial sector are largely unaware of the rationale and pressures for sustainable development and its bearing on their work while those in the relevant research and policy areas commonly overlook how vital the financial sector is for progress Marcel Jeucken sets out to rectify this state of affairs in a style which is accessible to those with no experience of environmental finance issues He

provides a comprehensive account of their interdependence why the financial sector is crucial to achieving sustainability and why the triple bottom line of commercial environmental and social success points the way forward for banking From a systematic assessment of major banks around the world he presents a comprehensive account of current best practice an analysis of the differences in approach and performance and recommendations of actions and policies for improved performance that will contribute to sustainable development
