Science and Technology Department,1986 Handicrafts and do it yourself projects have al ways been a library s most popular and heavily re quested subject And for more than a decade a definitive index to handicraft books has not been published To fill this gap the Science and Tech nology Department at Carnegie Library of Pitts burgh has compiled the Index to Handicraft Books listing more than 900 books and over 12 400 sub ject entries covering books published from 1974 to

1984 *The Index to Handicraft Books* is an essential reference tool for librarians who want to help someone find instructions for a varied range of do it yourself projects providing quick access to craft projects in books more recent than previous handicraft index books have listed. Each entry in the index consists of a subject heading, the name of the project as listed in the book, the author and title of the book, and the page numbers on which the project can be found. The author and title correspond to those in the List of Works Cited section which gives full bibliographic information in order to help librarians find the book on their shelves or obtain the book through inter library loan. Because this index developed from a card file index of craft books acquired by Carnegie Library since 1974, the list concentrates mainly on medium priced books that most libraries buy.

Directory of World Cinema: Russia 2 Birgit Beumers,2015-02-20 Soviet and Russian filmmakers have traditionally had uneasy relationships to the concept of genre. This volume rewrites that history by spotlighting some genres not commonly associated with cinema in the region including Cold War spy movies and science fiction films, blockbusters and horror films, remakes and adventure films and chernukha films and serials. Introductory essays establish key aspects of these genres and directors' biographies provide the background for the key players. Building on the work of its predecessor which explored cinema from the time of the tsars to the Putin era, this book will be warmly received by the serious film scholar as well as all those who love Russian cinema. *Directory of World Cinema: Russia 2* is an essential companion to the filmic legacy of one of the world's most storied countries.

AB Bookman's Weekly ,1991 The Case of Peter Rabbit Margaret Mackey,2003-09-02 Using the example of *The Tale of Peter Rabbit* by Beatrix Potter to explore the impact of new media and technologies on how children learn about stories and reading, this book investigates nearly 100 retellings in a variety of media, some authorized by Potter's publisher Frederick Warne, some unauthorized. It looks at the implications of converging developments in children's literature, new media and technologies now readily available to children, leading to new conventions and protocols of storytelling, changing commercial pressures on publishers, and an emphasis on producing commodities associated with books and videos, saturation marketing which targets children and adults in different ways, and a cultural emphasis on the fragmentation, adaptation, and reworking of texts. *The Tale of Peter Rabbit* is now available as picture book, chapter book, board and bath book, pop up, video, in versions that adhere

to the original story and versions that deviate radically to include new adventures or Christian messages ballet CD ROM computer disc audio tape and filmstrip The character of Peter Rabbit may be purchased as toy clothing dish ornament wallpaper food paper doll and much else His story and that of his author Beatrix Potter reappear in fragmented form in other books for children in a murder mystery for adults and in a graphic novel for teenagers This book raises questions about the impact of these developments on young readers Index Appendix Bibliography [The Encyclopedia of Crafts](#) Laura Torbet,1980 [A Passion for Knitting](#) Ilana Rabinowitz,Nancy Thomas,2010-06-15 The World of Knitting Right at Your Fingertips More than a how to book A Passion for Knitting goes beyond teaching the craft and introduces readers to the culture of knitting In Part I you ll find fully illustrated instructions for learning stitches and mastering technique presented with unprecedented clarity They re so simple that you really can learn without a teacher With this book in hand and no prior experience you will be able to knit a gorgeous sweater scarf or throw Next Part II welcomes new knitters to the worldwide knitting community exploring the myriad benefits this popular craft has to offer This section unique among all other guides invites readers to Tap into the power of knitting as a means of reducing stress and expressing creativity Meet the design gurus and other stars of the knitting world Discover opportunities for fellowship and networking with other knitters in clubs conventions and unique cultural fiber tours to countries ranging from England to Peru Use their knitting skills to meaningfully support charities Learn about the fashion trends in knitting from Trisha Malcolm editor in chief of Vogue Knitting [American Book Publishing Record](#) ,2004 [The Crafts Supply Sourcebook](#) Margaret Ann Boyd,1992 Some 2 500 detailed supplier listings in two broad categories general arts crafts and hobbies and needlecrafts sewing and fiber arts are followed by a comprehensive resources section with listings of information supply and publication resources for those in or about to enter a crafts business Published by Betterway Books 1507 Dana Avenue Cincinnati OH 45207 Annotation copyright by Book News Inc Portland OR [Paperbound Books in Print](#) ,1992 [My Knitted Doll](#) Louise Crowther,2016-10-24 Create twelve dolls and over fifty garments and accessories to dress them in with this wonderful collection featuring easy to follow instructions Make an adorable knitted doll for the little person in your life Children will love all twelve dolls in this knitting pattern collection which has been designed to provide the perfect playmate Each doll has their own personality and style whether it s Faye with her cute bunny ear hat and cozy boots or Jane with her chic beret and Breton top There is a doll here to suit everyone The step by step instructions show you how to make the twelve individual dolls but you could also mix and match the outfits hairstyles and colors to create the perfect doll for you My Knitted Doll is not for the absolute beginner knitter but will appeal to knitters who do have a basic understanding of the craft Having said that the instructions are presented succinctly with easy to follow diagrams with charts for intarsia and other designs
