Karimi throws into sharp relief the extraordinary art and performance activities that have received little attention outside Iran. Attending to nonconforming curatorial projects, independent guerrilla installations, escapist practices, and tacitly subversive performances, Karimi discloses the push and pull between the art community and the authorities and discusses myriad instances of tentative coalition as opposed to outright partnership or uncompromising resistance. Illustrated with more than 120 full color images, this book provides entry into unique artistic experiences without catering to voyeuristic curiosity around Iran's often perceived underground culture.

Memory and Mastery Roberta S. Kremer, 2012-02-01 This book carefully examines the work of Primo Levi, one of the premier survivor-writers of the Holocaust and one of the outstanding Italian writers of the twentieth century. Artists, writers, and educators have all turned to Levi's writing as a source of inspiration and wisdom in coping with the tragedy of the Holocaust. Until recently, however, there have been few book-length works in English on Levi. This collection of essays from an international group of writers aims to bring greater critical attention to Levi's work by exploring all aspects of his oeuvre, including his science-fiction writings and his poetry, as well as his fictional and nonfictional writings about the Holocaust. Interdisciplinary in nature, this collection includes literary, psychoanalytic, linguistic, and historical approaches to Levi's work.

On Wooden Wheels Stacey Goldring, 2005-11-01 On Wooden Wheels tells the true story of Carla Nathans Schipper, a Dutch woman who survived the Holocaust by concealing herself and her children. After the war, Carla confronted the emotional aftermath for herself and her daughters, remarried, left Europe for America, and again escaped concealment by refusing to hide her son, born with Down syndrome, in a period when such children were condemned to live in the shadows. On Wooden Wheels moves with force and determination throughout Carla's remarkable life.

A Delicate Aggression David O. Dowling, 2019-03-26 A vibrant history of the renowned and often controversial Iowa Writers Workshop and its celebrated alumni and faculty. As the world's preeminent creative writing program, the Iowa Writers Workshop has produced an astonishing number of distinguished writers and poets since its establishment in 1936. Its alumni and faculty include twenty-eight Pulitzer Prize winners, six U.S. poet laureates, and numerous National Book Award winners. This volume follows the program from its rise to prominence in the early 1940s under director Paul Engle, who promoted the workshop method of classroom peer criticism, meant to simulate the rigors of editorial and critical scrutiny in the publishing industry. This educational style created an environment of both competition and community cooperation and rivalry. Focusing on some of the exceptional authors who have participated in the program, such as Flannery O'Connor, Dylan Thomas, Kurt Vonnegut, Jane Smiley, Sandra Cisneros, T.C. Boyle, and Marilynne Robinson, David Dowling examines how the Iowa Writers Workshop has shaped professional authorship, publishing industries, and the course of American literature.
