enemy's unexpected strategies and prowess is not taking its recent defeat lightly and is now fully determined to eradicate humanity from existence brutally overrunning the ill-fated planets of the Outer Colonies faster than retreats can be ordered. If the UNSC has any chance of stemming the tide of the war, the Master Chief and Blue Team must drop onto an empty hellish world in order to capture a disabled Covenant frigate filled with valuable technology. It has all the makings of a trap, but the bait is far too tempting to ignore, and this tantalizing prize is being offered by a disgraced and vengeful Covenant fleetmaster whose sole opportunity for redemption lies in extinguishing humanity's only hope of survival. **Halo: Shadows of Reach**

Troy Denning, 2020-10-20 USA TODAY BESTSELLER A Master Chief story and original full-length novel set in the Halo universe based on the New York Times bestselling video game series October 2559. It has been a year since the renegade artificial intelligence Cortana issued a galaxy-wide ultimatum subjecting many worlds to martial law under the indomitable grip of her Forerunner weapons. Outside her view, the members of Blue Team John 117, the Master Chief, Fred 104, Kelly 087, and Linda 058 are assigned from the UNSC Infinity to make a covert insertion onto the ravaged planet Reach. Their former home and training ground and the site of humanity's most cataclysmic military defeat near the end of the Covenant War, Reach still hides myriad secrets. After all these years, Blue Team's mission is to penetrate the rubble-filled depths of CASTLE Base and recover top-secret assets locked away in Dr. Catherine Halsey's abandoned laboratory assets which may prove to be humanity's last hope against Cortana. But Reach has been invaded by a powerful and ruthless alien faction who have their own reasons for being there. Establishing themselves as a vicious occupying force on the devastated planet, this enemy will soon transform Blue Team's simple retrieval operation into a full-blown crisis. And with the fate of the galaxy hanging in the balance, mission failure is not an option. *Halo: Silent Storm* Troy Denning, 2018-09-04 A Master Chief story and original full-length novel set in the Halo universe based on the New York Times bestselling video game series 2526.

It has been a year since humanity engaged in its destructive first contact with a theocratic military alliance of alien races known as the Covenant. Now the hostilities have led to open war, and the United Nations Space Command understands virtually nothing about its new enemy. There are only two certainties: the Covenant is determined to eradicate humanity, and they have the superior technology to do just that. The UNSC's only hope lies with the Spartans: enhanced supersoldiers raised and trained from childhood via a clandestine black ops project to be living weapons. Their designated commander, Petty Officer John 117, has been assigned to lead the Spartans on a desperate counterattack designed to rock the Covenant back on its heels and to buy humanity the time it needs to gather intelligence and prepare its defenses. But not everyone wants the Spartans to succeed. A coalition of human insurrectionist leaders believes an alliance with the Covenant to be its best hope of finally winning independence from the Unified Earth Government. To further their plans, the insurrectionists have dispatched a sleeper agent to sabotage the UNSC counterattack and ensure that John 117 and the Spartans never return from battle.
