Handbook of Entrepreneurship Gorkan Ahmetoglu,Tomas Chamorro-Premuzic,Bailey Klingler,Tessa Karcisky,2017-09-25

Written by leading scholars The Wiley Handbook of Entrepreneurship provides a distinctive overview of methodological theoretical and paradigm changes in the area of entrepreneurship research It is divided into four parts covering history and theory individual differences and creativity organizational aspects of innovation including intrapreneurship and macroeconomic aspects such as social entrepreneurship and entrepreneurship in developing countries The result is a must have resource for seasoned researchers and newcomers alike as well as practitioners and advanced students of business entrepreneurship and social and organizational psychology **Contextualizing Entrepreneurship Theory** Ted

Baker,Friederike Welter,2020-02-13 As the breadth and empirical diversity of entrepreneurship research have increased rapidly during the last decade the quest to find a one size fits all general theory of entrepreneurship has given way to a growing appreciation for the importance of contexts This promises to improve both the practical relevance and the theoretical rigor of research in this field Entrepreneurship means different things to different people at different times and in different places and both its causes and its consequences likewise vary For example for some people entrepreneurship can be a glorious path to emancipation while for others it can represent the yoke tethering them to the burdens of overwork and drudgery For some communities it can drive renaissance and vibrancy while for others it allows only bare survival In this book we assess and attempt to push forward contemporary conceptualizations of contexts that matter for entrepreneurship pointing in particular to opportunities generating new insights by attending to contexts in novel or underexplored ways This book shows that the ongoing contextualization of entrepreneurship research should not simply generate a proliferation of unique theories one for every context but can instead result in better theory construction testing and understanding of boundary conditions thereby leading us to richer and more profound understanding of entrepreneurship across its many forms Contextualizing Entrepreneurship Theory will critically review the current debate and existing literature on contexts and entrepreneurship and use this to synthesize new theoretical and methodological frameworks that point to important directions for future research Indigenous Women Entrepreneurs in Australia - Shooting for the Stars Meena Chavan, Jane

Menzies, Leanne Holt, 2025-10-13 This book explores the role of Indigenous identity in entrepreneurial behaviour and success by analysing 14 case studies on Australian Indigenous women entrepreneurs. The book draws on interviews conducted with successful Indigenous women entrepreneurs who have been operating their businesses in Sydney, Australia. Each case study is accompanied by relevant literature and industry information to contextualize business challenges and opportunities faced by the individual entrepreneur. The interviews illustrate the intersectional challenge of achieving economic self-determination for First Nations peoples, thereby contributing to a greater understanding of Indigenous entrepreneurship in Australia. This intersectional study of entrepreneurship will interest students and researchers in the fields of Indigenous studies, entrepreneurship, and anthropology. It will also be a valuable guide for policy makers seeking to promote entrepreneurship amongst Indigenous communities. *ECRM2013-Proceedings of the 12th European Conference on Research Methods* Isabel Ramos, Anabela Mesquita, 2013-04-07 Complete proceedings of the 13th European Conference on Research Methodology for Business and Management Studies.
