The Child Jules Valles,2005-01-31 The Child is a story about growing up that is comparable in humor and humanity to

Great Expectations even as its unflinching exposure of violence and hypocrisy foreshadows the nightmare realism of Louis Ferdinand Celine Jules Vall s an anarchist and a bohemian dedicated his book to all those who were bored stiff at school or reduced to tears at home who in childhood were bullied by their teachers or thrashed by their parents and it tells the autobiographical tale of a young boy constantly scapegoated and abused emotionally and physically by his peasant mother and schoolteacher father whose greatest concern is to improve their social status But the young hero learns to stand up to his parents even to love them in time and for all the intense pain the book registers it is anything but dreary To the contrary Vall s s book is one of the funniest in French literature a triumph of insubordinate comedy over the forces of order and the self appointed defenders of decency
