Department of Marine and Fisheries, 1887 Knight's Local Government Reports ,1925 Fire Protection Service ,1921 MI5: British Security Service Operations, 1909-1945 Nigel West, 2019-04-30 The author of The Kompromat Conspiracy shares the history of MI5 from its beginnings in 1909 to 1945 and its role in the Second World War MI5 is arguably the most secret and misunderstood of all the British government departments Its enigmatic title much more than its proper name the Security Service stands in the public mind for the dark world of the secret services In reality it has a very specific responsibility counterintelligence Its purpose is to combat espionage and subversion directed against the UK Nigel West's book traces the history of MI5 from its modest beginnings in 1909 until 1945 focusing on the important role it played in World War II This includes the story of the sixteen enemy agents rounded up in Britain who were either hanged or shot the manipulation of the Axis espionage networks by the use of turned Abwehr agents the famous Double Cross System and the all important check on its success provided by the intercepted German signals decoded at Bletchley and the various deceptions practiced on the German High Command Laced with true anecdotes as bizarre and compulsively readable as any John Le Carr novel this book is the fruit of years of painstaking research West has traced and interviewed more than a hundred people who figure prominently in the story German and Soviet agents counterintelligence officers and even more than a dozen double agents In this newly revised edition Nigel West details the organizational charts which show the structure of the wartime security apparatus in the most accurate and informative account ever written of MI5 before and during the Second World War Hitler's Secret Army Tim Tate, 2019-07-02 This dramatic expos of Allied subterfuge and betrayal uncovers the treachery of undercover fascists and American Nazi spy rings during the height of World War II Between 1939 and 1945 more than seventy Allied men and women were convicted mostly in secret trials of working to help Nazi Germany win the war In the same period hundreds of British Fascists were also interned without trial on specific and detailed evidence that they were spying for or working on behalf of Germany Collectively these men and women were part of a little known Fifth Column traitors who committed crimes including espionage sabotage communicating with enemy intelligence agents and attempting to cause disaffection amongst Allied troops Hundreds of official files released piecemeal and in remarkably haphazard fashion in the years between 2002 and 2017 reveal the truth about the Allied men and women who formed these spy rings Several were part of international espionage rings based in the United States If these men and women were for the most part lone wolves or members of small networks others were much more dangerous In 1940 during some of the darkest days of the war two well connected British

Nazi sympathizers planned overlapping conspiracies to bring about a fascist revolution These plots were foiled by Allied spymasters through radical and often contentious methods of investigation The Index .1905 Hospitaller in the Levant, c.1070-1309 J. Riley-Smith, 2012-05-31 As one of the greatest of the military orders that were generated in the Church the Order of the Hospital of St John was a major landowner and a significant political presence in most European states It was also a leading player in the settlements established in the Levant in the wake of the crusades It survives today In this source based and up to date account of its activities and internal history in the first two centuries of its existence attention is particularly paid to the lives of the brothers and sisters who made up its membership and were professed religious Themes in the book relate to the tension that always existed between the Hospital's roles as both a hospitaller and a military order and its performance as an institution that was at the same time a religious order and a great international corporation Defend the Realm Christopher Andrew, 2009-11-03 For over 100 years the agents of MI5 have defended Britain against enemy subversion Their work has remained shrouded in secrecy until now This first ever authorized account reveals the British Security Service as never before its inner workings its clandestine operations its failures and its triumphs The Bee Hive ,1915 The Man Who Was George Smiley Michael Jago, 2013-02-14 Investigator interrogator intellectual hero the perfect inspiration for the perfect spy This first full length biography traces the life of the remarkable and engaging John Bingham the man behind John le Carr's George Smiley The heir to an Irish barony and a spirited young journalist John Bingham joined MI5 in 1940 his guiet intellect wry wit and knack for observation made him a natural He took part in many of MI5 s greatest wartime missions from the tracking of Nazi agents in Britain to Operation double cross that ensured the success of D Day and later spent three decades running agents in Britain against the Communist target Among his colleagues his skills were legendary and he soon became a mentor to many a novice spy including one David Cornwell the later le Carr Bingham too was an innovative writer who perfected the psychological thriller marrying cold objectivity with an explanation of the darkest reaches of human behaviour His early novels were applauded but for all his success Bingham struggled to match the fame of the man he had inspired Drawing on Bingham's published and unpublished writings as well as interviews with his family Michael Jago skilfully tells the riveting yet poignant tale of the man who was George Smiley

made an extraordinary impact on the history of the 20th Century but fourteen in particular can be said to have been demonstrably important As one might expect few are household names and it is only with the benefit of recently declassified files that we can now fully appreciate the nature of their contribution. The criteria for selection have been the degree to which each can now be seen to have had a very definite influence on a specific course of events either directly by passing vital classified material or indirectly by organizing or managing a group of spies Those selected were active in the First World War the inter war period the Second World War the Cold War and even the post Cold War era These include Walther Dew who formed a spy ring in German occupied Belgium during the First World War This train watching network known as White Lady reported on German troop deployments and possible weaknesses in the German defences Extending its operations into northern France the ring provided 75 per cent of the information received by GHQ British Expeditionary Force By the time of the Armistice in 1918 Dew s group had a staggering 1 300 members Olga Gray the 27 year old daughter of a Daily Mail journalist was employed as a secretary by the Communist Party of Great Britain In 1931 she undertook a mission for MI5 to penetrate the organization and discover its secret channel of communication with Moscow Gray learned that the Party's cipher was based on Treasure Island and this breakthrough enabled the Party's messages to be read by Whitehall cryptographers Renato Levi an Italian playboy was the longest serving British agent of the Second World War and is credited with creating the concept of strategic deception While operating in Cairo as a double agent working for the Abwehr and the British he was instrumental in misleading the Axis about Allied strength across the Middle East and helped Montgomery achieve his victory over Rommel's Afrika Korps at El Alamein So successful was Levi in this and other deceptions he was employed to persuade the Germans that the D Day landings in Normandy were a diversionary feint in anticipation of an invasion in the Pas de Calais These and other surprising stories are revealed in this fascinating insight into a secret world inhabited by mysterious and shadowy characters all of whom though larger than life really did exist
