Knights End Joana Acevedo Ocasio, 2015-06-05 Third installment of Tales of a King series *A Knight at the Movies* John Aberth, 2012-10-02 Imagining the Middle Ages is an unprecedented examination of the historical content of films depicting the medieval period from the 11th to the 15th centuries Historians increasingly feel the need to weigh in on popular depictions of the past since so much of the public's knowledge of history comes from popular mediums Aberth dissects how each film interpreted the period offering estimations of the historical accuracy of the works and demonstrating how they project their own contemporary era's obsessions and fears onto the past **ESCAPE** Joana A Park, 2019-04-11 What appears to be love at first sight becomes a twisted fate for Katya and Michael Through a heart wrenching battle Katya must choose to save the man she loves or kill him in order to save herself What will Katya choose Will she sacrifice her life to save his life To save their love Katya's made up her mind and she's ready to make her move Would you risk your life to save your favorite idol **The III-Framed Knight** William Matthews, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1966 *Der Sensualismus bei John Keats* Sibylla Geest, 1917 **Catalogue of the Contents of Section A-p** Leeds Public Libraries, 1879 *The Tale of Jaufre* Anne Lister, 2023-10-31 Jaufre is a lively engaging and at times comedic tale of a knight from King Arthur's court The young hero encounters all manner of unpleasant adversaries including giants and a demon knight finds true love in the form of an independent wealthy and hot tempered heiress and is tricked into going to the rescue of an underwater fairy This story dedicated to a king of Aragon and told in Occitan was first set down in writing in the thirteenth century but does not appear to have reached English speaking readers until the late nineteenth century It was however originally intended for oral performance rather than for solitary readers This new adaptation is an attempt to capture the spirit of the original Occitan keeping close to the way it was told and to bring the story to life in the hope that other storytellers will once again tell the tale of Jaufre and new listeners will enjoy his exploits **The Lincoln Readers** Isobel Davidson, 1925 **A Companion to Malory** Elizabeth Archibald, Anthony Stockwell Garfield Edwards, 1996 Malory's Morte Darthur text history and reception expertly appraised by international scholars The Canterbury Tales and Faerie Queene &c., &c., &c Geoffrey Chaucer, 1872 **Arthurian and Other Studies** Takashi Suzuki, Tsuyoshi Mukai, 1993 Essays on Arthurian themes on Beowulf Chaucer and Shakespeare and textual studies of Gower and others These essays for Shunichi Noguchi by scholars from Britain the USA and Japan reflect his approach to English studies and his wide range of interests from Beowulf to Ulysses The principal focus however is on medieval and renaissance studies nine of the essays are on Arthurian themes to which Professor Noguchi has devoted his academic life There are also essays on Beowulf Chaucer the York miracle plays and
