Guru Sutra - The Guru Who Wont Keep Spiritual Secrets Hingori,2019-07-16 The Sanskrit word Guru means teacher or guide To the Pandavas Guru meant a man by the name of Dronacharya To Eklavya Guru meant a clay statue Yet both of these are examples of a Guru Disciple relationship There are many applications of the concept of Guru Guru Sutra explains the relationship between the Shishya the Disciple and a SiddhGuru the Spiritual teacher How can you identify the Guru in your life And how can you as a disciple maximize the learning from your Guru Find all the answers in the Guru Sutra *Secrets of Extraterrestrial Knowledge - A Roadmap to Ascend into Higher Dimensions* Sam The Illusionist,2022-09-22 This is a book of channeled messages received through trance channeling **Secrets of Power, Volume II** Ingo Swann,2018-09-02 Most books about power only deal with the societal formula of the few having power over the enormously larger powerless masses and which is mistaken as the so called natural order of power But it is not well understood that this formula also requires social conditioning measures aimed at perpetuating the continuing depowerment of the powerless so that the powerful CAN have power over them This in turn requires the societal suppression and secretizing of all knowledge about the superlative human powers known to exist in individuals of the human species but which are socially forced into latency in most It is broadly understood that power and secrecy go together but the scope of the web of secrets surrounding the larger nature of human power s is surprising As discussed in this Volume I of SECRETS OF POWER empowerment is difficult if the larger panorama of societal power and depowerment are not more full understood **Lucifer** ,1888 *Tantric Knowledge* Gavin Flood,2025-05-06 In this thorough text Hindu Studies scholar Gavin Flood provides an introduction to tantra what it is where it fits into the history of South Asia and beyond what its links are to Hinduism and Buddhism and how contemporary tantra transforms the older tradition The most misrepresented of all Hindu traditions Tantra is a complex interweaving of teachings and practices that pervades Vai nava Saiva Sakta and Smarta traditions Its roots can be traced back to Vedic times and its influence has spread to Jainism Buddhism and beyond In Tantric Knowledge Gavin Flood demystifies tantra illustrating how it is more than just esoteric teachings but is in fact the very fabric of the Hindu worldview While sex and secret ritual are an element of some practices tantra encompasses much more than that Tantric ideas have shaped core Hindu practices such as

temple building worship mantra yoga ayurveda meditation and guru disciple relationships It is a part of everyday life Tantric Knowledge also highlights how tantric traditions claim to possess knowledge about the nature of the universe the nature of ourselves as human beings and how we fit into the wider cosmos around us Tantric knowledge is what the texts and traditions profess The study of these traditions raises interesting questions of both historical and existential importance

Knowledge Is Power Richard D. Brown, 2020-07-17 Brown here explores America's first communications revolution the revolution that made printed goods and public oratory widely available and by means of the steamboat railroad and telegraph sharply accelerated the pace at which information travelled *Theosophy*, 1912 Lost Knowledge and Forbidden Secrets in Ancient Egypt Ezra Ivanov, We are not including in our history the stories of Herodotus and certain other writers who deliberately chose fables over facts and spun yarns for amusement only We will however outline what the priests of Egypt wrote in their sacred records which we have examined minutely and thoroughly The author describes an arcane doctrine believed lost to time It may be based on events that occurred more than 3 000 years ago but Khaemwas still evokes the mystic heritage of Egypt Traditional spiritual practices have always given people insight into their environments and allowed them to live harmoniously with them despite hardships that can only be imagined Despite advancements in science and technology we do not seem to be as equipped in the modern age Undoubtedly this is why we look to past cultures such as Egypt for the elusive insights and powers we miss We are like Khaemwas in many ways We want to comprehend the mysteries of daily life and discover the source of all wisdom Egypt's mystic heritage continues to attract our attention for these reasons So many ancients spoke of a legacy What is it Egyptian legends freely circulated among travelers as noted by the Greek historian Diodorus Siculus 60 B C E Furthermore the temples and tombs were regularly documented with similar stories Some legends spoke of their gods royal figures sages and adventurers who embodied the natural and supernatural forces of the world around them A great deal of the information was gleaned from ancient texts Yet they differed from myths of other cultures including Greek myths which viewed it as a symbol of natural phenomena or metaphor for the universe rather than a factual narrative Ancient Egyptians were not so rigid in their philosophical thinking they made no distinction between myth and legend Chronicles they inherited from Antiquity were believed to be actual events either during a historical time when their gods inhabited the Earth or in a dimension they called timeless time when human beings had direct access to divine powers Because legends gave meaning and purpose to the past present and future they were vital and practical **Awakening the Witchblood** Nathan King, 2024-08-26 Drawing on the myriad of beliefs from European witch traditions Nathan King has created an impressive guidebook combining mythology and folklore with operative rituals
