

Guiding Young Children

George W. Maxim

Guiding Young Children:

Guiding Young Children Patricia F. Hearron, Verna Hildebrand, 2005 The seventh edition of this popular book supports the authors belief that guidance is more than getting children to do what you want them to do now it is helping them to become everything they can become for all of their tomorrows The book provides an overview followed by discussion of core concepts strategies for applying those concepts and finally the broader perspective of professionalism and human resource development Its approach focuses on the need to consider a child s developmental level as well as family and cultural context when planning environments and activities for young children Unlike others in the field it offers concrete suggestions on how to guide children while they are involved in specific activities such as playing eating napping etc For teachers and parents of young children

Guiding Young Children Patricia F. Hearron, Verna Hildebrand, 2009 GUIDING YOUNG CHILDREN is written for early childhood educators and others responsible for working with and guiding young children in daily activities The eighth edition of this popular book takes a developmental approach stressing the need to consider the child s developmental level when planning activities It offers concrete suggestions on how to guide children as they are involved in specific activities such as playing eating napping etc The authors strive to teach educators and caregivers to manage the environment so that children can manage themselves and thus gain independence The important issue of inclusion is integrated into each chapter The coverage of managing challenging behaviors has been expanded The authors continue to take a positive behavior approach and show how caregivers can have a positive impact on all children and their self esteem by building a warm supportive relationship setting realistic expectations and expressing confidence in the children s ability to make good choices The book includes many suggestions for application assignments that will help the reader get to know individual children The authors hope to encourage readers to think about the origins of their own values and beliefs as they encounter different ideas among colleagues and the families of children in their care

Guiding Young Children Verna Hildebrand, 1975 *Guiding Young Children's Behavior* Betty Farber, 1999 Guiding Young Children Verna Hildebrand, Patricia F. Hearron, 1999 This popular book takes a developmental approach to working with and guiding young children stressing the need to consider the child s developmental level when planning activities Unlike other books on early childhood education it offers concrete suggestions on how to guide children as they are involved in specific activities such as playing eating napping etc Advocates that adults should manage the environment so that children can manage themselves to fully develop their human potential Integrates information about children with disabilities into each chapter to reflect the importance of inclusion Covers specific program areas Places the concept of guidance with the broader perspective of professional and human resource development For early childhood educators and others who responsible for working with and guiding young children in daily activities *Developmentally Appropriate Play* Gaye Gronlund, 2010-07-01 Help children participate in purposeful play to promote the development of a number of important skills

Guiding Young Children

Eleanor Reynolds,1990 Provides future child care providers and pre school teachers with practical problem solving techniques that exclude the use of punishment blame or guilt The book focuses first on the importance of environment and progresses to listening skills negotiating and setting limits *Guiding Young Children's Learning* S. W. Lundsteen,N. B. Tarrow,1978 *Guiding Young Children's Learning* Sara W. Lundsteen,Norma Bernstein Tarrow,1981 The history of early childhood education development of the child curriculum designed to promote cognitive affective and psycho physical motor abilities and special strategies teachers will need are in the text *Assessing and Guiding Young Children's Development and Learning* Oralie McAfee,Deborah Leong,2007 This comprehensive guide to assessment in early childhood continues to provide the most current research best thinking and practical guidance to integrate assessment with effective teaching Assessing and Guiding Young Children s Development and Learning is the only book that shows assessment as a process teachers can use to improve teaching and ensure student learning It incorporates current trends in assessment with examples and approaches being used in early childhood classrooms The book includes guides for interpreting and using assessment information once it has been collected The assessment strategies presented are compatible with all approaches to educating young children The social cultural legal and ethical context of assessment and its implications for teachers and teaching are realistically presented *Guiding Young Children in a Diverse Society* Ann Miles Gordon,Kathryn Williams Browne,1996 One of the early childhood professional s greatest challenges is understanding and appropriately handling children s behavior This unique book is aimed at encouraging readers to build their own personal theory of discipline based on the understanding of good guidance principles the development of young children and the cultural issues they bring to the early childhood setting **Understanding and Guiding Young Children** Katherine Haskill Read,1971 **101 Principles for Positive Guidance with Young Children** Katharine C. Kersey,Marie L. Masterson,2013 Pearson professional development Cover *Guiding Young Children* Eleanor Reynolds,2001 Suitable for teachers and caregivers in daycare and preschool settings this work provides a child centered introduction to guidance It offers practical applications and helpful advice on child behavior safety health and learning It also aims to build on the developmental needs of the children providing them with freedom and safety *Understanding and Guiding Young Children* Katherine Read Baker,Xenia F. Fane,1971 **Young Children's Behaviour** Louise Porter,2008 In the third edition of this landmark text Louise Porter draws on current evidence based research to explore prominent theories about young children s behaviour With her customary clarity and ever accessible style Porter provides practical strategies for caregivers and teachers that are designed to promote children s skill development foster children s willingness to cooperate with others and safeguard children s emotional needs Back cover **Guiding Young Children** Eleanor Reynolds,1996 **The Very Young** George W. Maxim,1989 Using a conversational style and offering realistic suggestions based on developmentally appropriate practice this book provides a comprehensive exploration of research theory and practice across the entire early childhood curriculum from infancy through

the early primary grades **Guidance of Young Children** Marian Marion, 2007 A best seller this book exemplifies a positive constructivist approach to guidance that respects and protects children and encourages them to become responsible independent cooperative individuals Grounded in solid theory and research the book discusses various caregiving styles the importance of understanding child development observation direct and indirect child guidance strategies special topics in child guidance self esteem moral identity resilience and stress emotional intelligence anger management aggression prosocial behavior etc and theories that can inform ones child guidance decisions This edition contains a new chapter on challenging behaviors an engaging reader friendly layout expanded coverage of social learning theory and additional strategies for guiding young children *Scouting and Guiding in Britain* Catherine Bannister, 2022-11-19 This book explores the prevailing role of rites of passage ritual and ceremony in contemporary children s lives through the lens of modern day incarnations of uniformed youth movements It focuses on the socialising ritual and customary practices of present day grass roots Scout and Guide groups asking how Britain s largest and best known uniformed youth organisations employ ritualised activities to express their values to their young members through language and gesture story and song dress and physical artifacts The author shows that these practices exist against a backdrop of culturally constructed beliefs about what constitutes the good child and good childhood in twenty first century Britain with in movement practices intended to help children develop positively and prepare for social life The book draws on case study accounts of group performances incorporating the voices of children and adults reflecting on their practices and experiences
