Reciprocities in the Nonfiction Novel John Russell, 2000 Nonfiction novels have usually been associated with the new journalism writers of the 1960s such as Tom Wolfe Norman Mailer and Truman Capote Yet this form has long commanded a key position in the literary canon as John Russell now reveals Russell identifies eleven major works not usually thought of as nonfiction novels such as Isak Dinesen's *Out of Africa* and E E Cummings's *The Enormous Room* to create a new definition of the genre He shows that journalistic writing is characterized by a reporter's proprietary stance which undermines reciprocity with subjects while true nonfiction novels feature greater reciprocity and also employ such techniques as circular narrative and bricolage *Reciprocities in the Nonfiction Novel* contributes to ongoing explorations of literary forms and offers wise commentary on how writing about real life can become art

and collectors Winner of the 2008 Macavity Awards for Best Mystery Nonfiction **Freedom without Justice** Chul Soo Lee, 2017-06-30 Freedom without Justice is the compelling story of Chul Soo Lee's wrongful imprisonment and his years of survival in prison while political activists fought to win his freedom His saga took place against a backdrop of great historical change in Asian American communities following the passage of the 1965 Immigration Act In 1973 less than a decade after he immigrated to the United States from Korea at the age of twelve Lee is convicted of murder and given a life sentence Four years later his case became a nationwide rallying point for an extraordinary pan Asian American movement during the late 1970s and early 1980s bringing together people from a broad spectrum of social backgrounds for a common political cause This diverse grassroots activism organized a six year Free Chul Soo Lee campaign that led to his release from San Quentin's Death Row in 1983 While the case inspired newspaper headlines TV specials and even a Hollywood movie until now the full story has never been told in Chul Soo Lee's own voice Freedom without Justice reveals the race and class dimensions of US correctional institutions from the perspective of convicts who fiercely refuse to be victims As a chronicle of the life of a youth at risk during a time when Asian American inmates were scarce and Korean Americans even scarcer Lee's memoir draws readers into a variety of worlds war torn Korea the streets of San Francisco the criminal justice system prison gang politics and death row **Adult Personality Development** Lawrence S. Wrightsman, 1994-03-15 Why do we as adults have the personality characteristics we do No one explanation is accepted by all however in this greatly expanded version of his earlier book Personality Development in Adulthood Wrightsman helps us understand and organize the three broad theoretical approaches to explain psychological changes during the period from adolescence to the onset of late adulthood Each of these approaches early formation theories stage theories and the dialectical approach are described and contrasted in order to help us more easily compare our experiences with those of others Case histories relevant current events and boxed inserts are used throughout the book to illustrate important concepts in a thought provoking lively manner Written in a compelling non technical style the book is accessible to students and interested readers from all disciplines especially psychology clinical and developmental psychology aging family studies sociology gender studies and nursing **Last Second in Dallas** Josiah Thompson, 2021-02-15 In this long awaited follow up to his critically acclaimed 1967 classic Six Seconds in Dallas Josiah Thompson reveals major new forensic discoveries since the year 2000 that overturn previously accepted facts about the Kennedy assassination Together they provide what no previous book on the assassination has done incontrovertible proof that JFK was killed in a crossfire Last Second in Dallas is not a conspiracy book No theory of who did it is offered or discussed Among the discoveries The test showing that all recovered bullet fragments came from Oswald's rifle was mistaken Several fragments could have come from bullets of any manufacturer and any caliber The sudden two inch forward movement of the president's head in the Zapruder film just before his head explodes is revealed to be an optical illusion caused by the movement of Zapruder's camera This leaves without further challenge clear evidence that this shot came from

a specific location to the right front of the limousine Detailed analysis of film frames matched by the newly validated acoustic evidence show a second shot struck the president's head from behind less than a second later Result two killing shots to the head from opposite directions in the final second of the shooting hence the book's title At once a historical detective story and a deeply personal narrative by a major figure in the field Last Second in Dallas captures the drama and sweep of events detailing government missteps and political bias as well as the junk science hubris and controversy that have dogged the investigation from the beginning Into this account Thompson weaves his own eventful journey that of a Yale educated scholar who in 1976 resigned his tenured professorship in philosophy to become a private investigator in San Francisco developing a national reputation Profusely illustrated Last Second in Dallas features dozens of archive photographs including Zapruder film frames reproduced at the highest clarity ever published
