

Care & Maintenance

IMPORTANT: Always ensure that your floor sanitizer is **'UNPLUGGED'** from the wall receptacle prior to cleaning or before emptying the water tank.

1. Turn your floor sanitizer off and unplug from electrical outlet.
2. Wrap power cord around cord racks.
3. Let your floor sanitizer cool for five (5) minutes before removing the ultra-microfiber pad and before emptying the water tank.
4. Always empty the water tank when you have finished using your floor sanitizer.
5. Never leave ultra-microfiber pad on your floor sanitizer when you have finished using it. Always remove the ultra-microfiber pad and wash in warm water with a mild detergent. Never use bleach or fabric softener when cleaning the ultra-microfiber pad. The ultra-microfiber pad can be washed in a washing machine and dried in a clothes dryer but on low heat. We recommend that you air dry for 24 hours but it could also be dried in a clothes dryer on a low heat setting.
6. Wipe your floor sanitizer with a damp cloth to clean. Never immerse main body in water or any other liquid.
7. In order to keep your floor sanitizer in good condition, we recommend that you clean the water tank once a month to eliminate calcium deposits. Add three ounces (3 oz) of water to the water tank and shake to loosen any deposits. Remove the filling cap and immediately empty water into a sink. **Do not use vinegar or other decalcifying substances in the floor sanitizer water tank.**

Caution: Do not immerse your floor sanitizer in water or any other liquid.

Helpful Hints

1. Always use a vacuum or sweep before sanitizing your floors.
2. The easiest way to use the machine is to tilt the handle to a 45° angle and clean slowly 2-3 yards at a time.
3. Hand wash or machine wash the ultra-microfiber pad in the delicate cycle with a mild detergent.
4. We recommend air drying the ultra-microfiber pad for 24 hours, but they could be dried in a dryer on a low heat setting.
5. A good amount of steam passes through the ultra-microfiber pad. We recommend that the ultra-microfiber pad be changed when it gets too wet; these need to be replaced as necessary.
6. To remove stubborn stains from vinyl or linoleum floors, pre-treat with a mild detergent and some water before using the floor sanitizer.

IMPORTANT:

Never leave the floor sanitizer in one spot for any period of time. Always place the appliance on the floor protector pad and make sure that your floor sanitizer is turned off.
