Hanbok Timeless Fashion Tradition Korea Essentials:

Hanbok Samuel Songhoon Lee, 2015-12-17 Hanbok embodies many of the social and aesthetic values of the Korean people. In accordance with the emphasis on social harmony found in Confucian philosophy, the choice of hanbok varied depending on one's position in society. Its beautifully flowing lines and harmonious color schemes are important aesthetic values found in Korean art. Hanbok is increasingly emerging into the spotlight following the popularity of Korean television dramas which are often set in the past and also through efforts to promote hanbok on the global stage. Renowned fashion designers around the world have taken note of hanbok and have incorporated elements of hanbok into their own work. This book will examine the origins, history, and the unique characteristics of hanbok and its contemporary standing. *Hanbok* SAMUEL S. LEE, 2013

K-FASHION Korean Culture and Information Service South Korea, 2012-06-23 The notion of fashion first entered human history in the late Middle Ages. Since then it has linked daily existence to art production, to purchase, personal predilections to collective consumption practices. Countries have used it in developing their own unique identities. This book gives an overview of Korean fashion's evolution to date. It looks at the different faces of its globalization and takes you inside the modern history of the field where the groundwork was laid for Korean style to make its presence felt throughout the world. It also takes a look at the designers transforming Korean fashion today and offers a sketch of Seoul's major fashion thoroughfares. The book presents a brief but rich opportunity to witness a new fashion force that is 150 years in the making.
