Tweede druk* Gulielmus Groen van PRINSTERER,1852 **The Antirevolutionary** Roel Kuiper,2025-06-03 Groen van Prinsterer 1801 1876 born in an aristocratic family became a dedicated Protestant in his younger years and one of the leaders of Dutch and European Christianity gaining an influential role as pioneer in international Christian thought and parliamentary action He criticized the secular ideas of the French Revolution in his Unbelief and Revolution 1847 This book has been and still is widely read Two years later he was elected in the Dutch parliament where he became the leader of his Antirevolutionary Party He fought for Christian education and democratic rights As a historian he wrote several books highlighting the merits of the Reformation and God s guidance in the lives of the nations He became the spiritual father of many Christian leaders especially of Abraham Kuyper who shaped this Protestant political movement to be one of the most influential in Dutch history His legacy shaped thinkers like Herman Bavinck and Herman Dooyeweerd the founder of reformational philosophy

The Rise of the Dutch Kingdom, 1795-1813 Hendrik Willem Van Loon,1915 **Handbook of Dutch Church History** Herman J. Selderhuis,2014-12-10 Herman Selderhuis as editor of this volume has brought together a team of experts resulting in a unique approach since each chapter is co written by a catholic and a protestant author who have all integrated the latest research results Each section begins with a brief historiographical overview The same time ecclesiastical events are always set within a greater framework of political social and cultural developments for which reason each author has

taken the liberty to describe its own method The user will find in this book tables diagrams and illustrations Also many source texts are integrated in the narration These texts are intended to bring the described events and people closer to the reader and as it were to let them speak the words The name of the book as Handbook of the church history of the Netherlands immediately brings to mind three problematic complexes which are relevant to its user First there is the nature of a handbook that is intended to be a good tool but also has its limitations it stimulates and necessitates the use of further books Second the area The Netherlands is a plurality and that is also noticeable in its church history for each region town and village has its own church history Third the history of the church for sure is the most important aspect but this history can only be understood if it is described in the context of political and social developments The Historical Imagination in Nineteenth-Century Britain and the Low Countries Hugh Dunthorne, Michael Wintle, 2012-11-01 The 19th century laid the foundations of history both professional and popular The authors of this collection compare Britain the Netherlands and Belgium unearthing the ways in which history was conceived and then utilized usually for nationalistic purposes
