Principles of Economics E. David Emery, 1984

The Collected Scientific Papers of Paul A. Samuelson Paul

Anthony Samuelson, 1966-02 It is a measure of Professor Samuelson's preeminence that the sheer scale of his work should be so much taken for granted observes a reviewer in the *Economist* who goes on to note that a cynic might add that it would have been better for Professor Samuelson to write less merely to give others a chance to write at all These volumes contain virtually all of Professor Paul A Samuelson's contributions to economic theory through mid 1964 a total of 129 papers Included are his classic articles on such topics as revealed preference factor price equalization and public goods as well as some articles which until now have only been privately circulated or buried in *Festschriften* such as *Market Mechanisms and Maximization* and *The Structure of a Minimum Equilibrium System* The articles have been grouped together into five books compiled in two volumes The books in turn have been divided into sections each of which contains articles on the same or closely related topics Within the sections the articles are arranged chronologically The graduate student and professional economist will welcome *The Collected Scientific Papers of Paul A Samuelson* as a valuable addition to their libraries
