Congress at Work

Lesson 1 *How a Bill Becomes a Law*

Review Questions

Directions: Read the lesson and complete the outline below. Refer to your text to fill in the blanks.

I. Types of Bills and Resolutions

- A. Bills dealing with individual people or places are called private bills, while bills involving general matters that apply to the entire nation are called public bills.
- B. Congress also passes resolutions to make policy on unusual or temporary matters.
- C. A joint resolution resolution is passed in the same form by both houses of Congress, a simple resolution resolution is passed by one house alone and affects matters only in that house, and senate resolutions cover matters requiring the action of the House and Senate but do not need a law.
- D. Lawmakers attach riders to bills that are likely to pass.

II. Introducing a Bill

- A. stage A bill is introduced in the House or Senate by a member of Congress. The bill is then assigned to a committee. The committee holds hearings and makes recommendations. The bill then moves to the floor for debate and voting.
- B. stage If the bill is passed by the committee, it moves to the floor for debate and voting. If it is passed by the floor, it moves to the other house of Congress. If it is not passed, it can be reintroduced in the next session.
- C. stage If the bill is passed by both houses, it moves to the President. The President can sign the bill into law or veto it. If vetoed, Congress can override the veto with a two-thirds majority in both houses.
