**Tanzania Safari Guide** Philip Briggs, Chris McIntyre, 2023-05-05 This new thoroughly updated ninth edition of Bradt's Tanzania Safari Guide remains the only practical guidebook to the country that reflects tourism's shift away from backpackers and budget camping safaris to upper end and mid range safaris and beach holidays. Unlike other guidebooks the main focus is practical information about Tanzania's peerless collection of national parks, game reserves and other safari destinations including the Serengeti, Ngorongoro Crater, Tarangire, Ruaha, Katavi, Gombe Stream, Mahale Mountains and four new national parks designated in 2019 including Nyerere which encompasses much of the former Selous Game Reserve and is thought Africa's largest National Park. Every major reserve is given a dedicated chapter detailing its ecology, wildlife, accommodation options, game drives and other activities. Written by acknowledged Africa experts and prolific guidebook writers Philip Briggs and Chris McIntyre, Bradt's Tanzania Safari Guide also focuses on other popular and off the beaten track tourist attractions including Mount Kilimanjaro, the Spice Island of Zanzibar and the mysterious Kilwa Ruins and Kondoa Rock Art UNESCO World Heritage Sites often relegated to the small print of other guides. Accommodation listings for the safari destinations are the most detailed and authoritative available, the authors weeding through the ever growing number of lodges and camps to create a critically selective list of the best properties in every price bracket: upmarket, mid range and budget. Meanwhile a 48 page wildlife colour field guide details all species a visitor can expect to find on a safari. Since the mid 1980s when only basic camping safaris were feasible, Tanzania has grown to be one of Africa's top safari destinations. This new edition actively responds to this evolution by focusing on the country mainly as a safari and short stay fly in holiday destination. It also reflects the growing trend away from large lodges towards small exclusive eco friendly camps in remote parts of national parks and bordering community concessions. Beyond spectacular year round game viewing, Tanzania is one of Africa's most varied countries, its long palm fringed coastline offering post safari relaxation and complemented by the Great Rift Valley portions of Africa's three largest lakes and impressive mountains. Use this guide to discover everything Tanzania has to offer.

**Northern Tanzania Safari Guide** Philip Briggs, Chris McIntyre, 2023-07-07 This new thoroughly updated fifth edition of Bradt's Northern Tanzania Safari Guide remains the only full length guidebook focussed exclusively on the country's north and on Zanzibar. Reflecting tourism's shift away from backpackers and budget camping safaris to upper end and mid range safaris and beach holidays, it is tailored closely to the

requirements of anyone going on a safari to northern Tanzania followed by a few days on Zanzibar Northern Tanzania is dominated by Africa's finest safari circuit offering spectacular game viewing year round Centred on the legendary Serengeti National Park and its world famous wildebeest migration this circuit also incorporates the Ngorongoro Crater and surrounding Ngorongoro Conservation Area Lake Manyara and Tarangire national parks Geographically northern Tanzania is one of Africa's most varied regions with a palm fringed Indian Ocean coastline complemented by the scenic wonders of the Great Rift Valley and several impressive volcanically formed mountains most notably snow capped Mount Kilimanjaro the tallest peak in Africa and a popular goal for hikers Lesser known gems include the prehistoric rock art at Kondoa a UNESCO World Heritage Site the forested Arusha National Park and Amani Nature Reserve and the spectacular Ol Doinyo Lengai Africa's most active volcano Serviced by a well developed safari industry northern Tanzania's superlative reserves are complemented by a stopover on the legendary Spice Island of Zanzibar With its atmospheric old town idyllic beaches and offshore reefs teeming with marine life it is every bit as evocative as its name Written by acknowledged Africa experts and prolific guidebook writers Philip Briggs and Chris McIntyre this guide prioritises practical information about the area's peerless collection of national parks game reserves and other safari destinations Accommodation listings for the safari destinations are the most detailed and authoritative available the authors weeding through the ever growing number of lodges and camps to create a critically selective list of the best properties across all price points Meanwhile a colour wildlife field guide provides great detail about wildlife and where to see it All in all Northern Tanzania Safari Guide is the most authoritative source available for visitors an essential travel companion for both first time visitors and seasoned safari goers

There is no understanding global inequality without understanding its history In *The Divide* Jason Hickel brilliantly lays it out layer upon layer until you are left reeling with the outrage of it all Kate Raworth author of *Doughnut Economics* The richest eight people control more wealth than the poorest half of the world combined Today 60 per cent of the world's population lives on less than \$5 a day Though global real GDP has nearly tripled since 1980 1.1 billion more people are now living in poverty For decades we have been told a story that development is working that poverty is a natural phenomenon and will be eradicated through aid by 2030 But just because it is a comforting tale doesn't make it true Poor countries are poor because they are integrated into the global economic system on unequal terms and aid only helps to hide this Drawing on pioneering research and years of first hand experience *The Divide* tracks the evolution of global inequality from the expeditions of Christopher Columbus to the present day offering revelatory answers to some of humanity's greatest problems It is a provocative urgent and ultimately uplifting account of how the world works and how it can change for the better      *The South African Quarterly*, 1923

**From Slavery to Citizenship** Richard Ennals,2007-04-04 Citizenship is not a spectator sport it is all about engagement From Slavery to Citizenship is part of a bigger picture a development process which will enable us to gain more control over our own lives and to participate in decisions about the future direction of society and the organisations we are involved in This book is unusual in suggesting that slavery is not a remote historical phenomenon but a fundamental component of our present People have been slaves in the past and some people are enslaved today The subject of slavery is highly charged with emotion From Slavery to Citizenship seeks to facilitate dialogue and to bridge gaps This is not easy as people have been speaking different languages and working from diverse sets of assumptions A first step is to listen and to learn from differences In this book a single author's voice brings together contributions from major public figures and respected thinkers Within a rich tapestry of perspectives there is no single line of argument or one overall conclusion There are contributions from Africa North and South America Western and Eastern Europe and Asia and from discourses in work organisation occupational health psychiatry and human rights as well as education After reading the book you are unlikely to conclude that all of the contributors have agreed but you will find that they give you a starting point from which to reflect and begin discussion as well as the tools to engage in active citizenship
