Confessions of a Surviving Alien Jon Meade, 2016-03-17 More than a book more than a non fiction read more than a memoir CONFESSIONS OF A SURVIVING ALIEN will engage the reader like most have never experienced It will take them through a maze of lifes pathos and elicit the emotions of sadness joy pain regret guilt remorse pride fear revenge happiness forgiveness evil good and much uniquely intertwined with humor often times outrageously so Although defined by the premise of Vietnam it is much more than another war account to the contrary It is more often the dredge of a neophyte Marine trying to get more into the war and action than out of it It is more about his disillusionment in practically every aspect of that officially declared police action but not in ways one might expect It is more about his evolution and regression as a human being and inner torment including feelings of alienation The book starts at the end and ends with the start with a chronological account in between covering four parts Before Vietnam BV During Vietnam DV After Vietnam AV and finally After Marines AM The story covers the life of a young American and follows his incredible journey through the decades to find himself to explore every possibility of living and nearly dying and reach some hopeful level of success however that is defined From having a unique tour in Vietnam to escorting deceased Marines to their families and final resting place to his life threatened by a mob guy to learning about a deeply held family secret concerning his father to experiencing a profound spiritual experience in the unlikely locale of Beverly Hills California and much more author Jon Meades biggest challenge may be getting readers to believe his surreal story He merely shrugs and says I am just a very ordinary guy with an extraordinary life to convey It is nothing less nor more than that Maybe he admits in the end analysis success in life is merely surviving life failures and all With that admission and a very personal and engaging approach and writing style the genre of Memoirs may never be the same

Saving the Reagan Presidency David M. Abshire, 2005 required reading for all presidents and White House aides to come from the foreword by Richard E Neustadt What did the president know and when did he know it Once again only a dozen years after Watergate the nation faced these troubling questions Would we see another president forced to resign or be impeached Could our democracy survive another presidential scandal so soon As the Iran Contra affair unfolded the nation waited tensely for answers At this crucial moment advisors to President Ronald Reagan called home the Ambassador to NATO David Abshire to serve in the cabinet as Special

Counselor His charge to assure that a full investigation of the sale of arms to Iran in exchange for freeing American hostages and the subsequent channeling of those funds to Nicaraguan rebels be conducted expeditiously and transparently to restore the confidence of the nation in the shaken Reagan presidency Two decades later David Abshire for the first time reveals the full behind the scenes story of his private meetings with the president how he and his team conducted this crucial process his alliance with Nancy Reagan the role of the Tower Board and how the Reagan presidency was saved Abshire s efforts helped Reagan fill the credibility gap created by revelation of the Iran Contra scandal and thus restored the president s power to lead the nation and its allies toward the end of the Cold War His unique recollections show the inner workings of the Reagan White House in this critical period the conflicts with the powerful Chief of Staff Donald Regan the politically astute First Lady the involvement of CIA Director William Casey and Reagan s triumph of personal character to overcome his indiscretion a feat unmatched by Clinton or Nixon Abshire s story casts new light on the episode and draws important lessons about how presidents should respond to unfolding scandals to limit the threat not only to their own reputations but also to national confidence in democratic institutions

No Duty to Retreat Richard Maxwell Brown,1994 In 1865 Wild Bill Hickok killed Dave Tutt in a Missouri public square in the West s first notable walkdown One hundred and twenty nine years later Bernard Goetz shot four threatening young men in a New York subway car Apart from gunfire what do the two events have in common Goetz writes Richard Maxwell Brown was acquitted of wrongdoing in the spirit of a uniquely American view of self defense a view forged in frontier gunfights like Hickok s When faced with a deadly threat we have the right to stand our ground and fight We have no duty to retreat

A Twilight Struggle Robert Kagan, 1996 Kagan contends that the Carter administration's halfhearted intervention in Nicaragua was in response to American feelings of guilt for Washington's longtime support of the Somoza dynasty The Reagan era intervention on the other hand originated in American anxiety over Soviet encroachment in the Western hemisphere Kagan recounts how American popular aversion to the employment of U S military muscle in Central America led to the administration's covert support of the contras and goes on to explain how the clash between the Reagan White House and Congress over freedom fighter funding led to the Iran contra affair in 1987 Although the surprising electoral victory of Violeta Chamorro over the Sandinistas was widely recognized as a success for American policy the U S remains caught in a continuous cycle of intervention and withdrawal in Nicaragua according to Kagan As a member of the State Department's Policy Planning Staff Kagan was a direct participant in many of the events described in this authoritative and definitive account of U S Publisher's description
