**Ancient Near Eastern Iconography and the Bible** Hans Ulrich

Steymans,2024-10-31 Examines the dilemma of whether ancient Near Eastern images while providing unique aspects of the world views of the cultures from which the Bible arose can be interpreted in a way that traceably relates them to the biblical text To avoid the danger of using images merely as illustrations for concepts found in the Bible one first needs to behold the image with its own right to been seen The essays within this volume describe the methods developed by Othmar Keel for bringing imagery into a dialogue with texts from the ancient Orient and their own interpretation including previously unpublished material from Keel The contributions begin with an overview of the scholarly work of Keel and the development of his aims and methods including a revision of an article dealing with semiology in the interpretation of art The book proceeds to address the research history of iconology in art history presenting the methodology of Erwin Panofsky and one of his influential predecessors Charles Clermont Ganneau in contrast with Keel s three methodological steps leading from iconographic analysis to iconology Contributors then present two case studies of how Keel s method can be applied to interpret Egyptian and Mesopotamian images allowing insights into the worldview of an ancient culture and the aim of iconology The book concludes with a report about how iconographic analysis and iconology is taught on University level

*The Temple Of Edfu : Aguide*

By *An Ancient Egyptian Priest* Dieter Kurth,2004 This is the oldest and most authentic guide to an ancient Egyptian temple ever written its author was an ancient Egyptian priest who lived in the first century B C under the last kings of the Ptolemaic dynasty when the construction and decoration of the huge temple of Edfu was completed The anonymous priest s tasks was to compose a text long enough to make up a line of hieroglyphic inscription on the girdle wall of the temple stretching around it to a length of some 300 meters and in it describe the temple in detail its layout and construction the functions of its chambers and chapels and its external appearance and the impression it conveyed to the faithful The language of the text arising within the long tradition of Egyptian temple building is stylized and poetic but remarkably the priest fulfilled his assignment with such accuracy devotion and enthusiasm that the monumental inscription can be used today by the modern visitor as a reliable and informative guide to the temple The inscription is here translated in full and appears with notes by the translator on the essentials of ancient Egyptian religion and ritual and on the discovery and documentation of Edfu Temple while a comprehensive glossary explains unfamiliar terms and concepts Illustrations of the temple the original hieroglyphs and the kings who build the temple complement the text BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
