The assassination of John F. Kennedy on November 22, 1963 shocked America. Instantly, Dallas was blamed for the killing, labeled the City of Hate. In the half-century since the president's murder, this city's artists and writers have produced important, if often overlooked, work that speaks to the difficult burden of our civic shaming. Here are the works of poetry, theater, journalism, art, the actions of our citizens and political leaders, all the fragments of our cultural life that address this tortured local history. *The City That Killed the President* is a fitful discourse offering a window into Dallas itself, a city reluctant to grapple with its past.
