Kühner,2015-11-30 This paper examines another way of using transmediality which goes beyond entertainment and marketing transmedial activism made by human rights organisations Half the Sky Movement is a transmedial project based on the book *Half the Sky Turning Oppression into Opportunity for Women Worldwide* by Nicholas Kristof and Sheryl WuDunn 2009 and aims to stop the oppression of women worldwide When examining the concept behind this transmedia activism project one will soon recognize that the approach the organization makes to convey the non fictional content is in many ways similar to the approaches of media companies that sell fictional transmedial stories The paper aims to answer two central questions How is the concept of transmedial storytelling applied to the Half the Sky Movement and in how far is this strategy beneficial for the aims of the project

Virtual Ascendance , Devin C. Griffiths,2013-09-19 From school lunchrooms to the White House press room video games are an integral part of our popular culture and the industry behind them touches all aspects

of our lives gamer and non gamer alike Business and entertainment health and medicine politics and war social interaction and education all fall under its influence Virtual Ascendance tells the story of a formerly fringe enterprise that when few were paying attention exploded into a multi billion dollar industry affecting the very way we live Griffiths paints a thorough and vivid picture of the video game industry illuminating the various and often bizarre ways it s changing how we work play and live He brings readers along on his own journey of discovery from the back room of a small Irish pub where members of the second largest industry enclave meet each month to a university clinic where the Wii is being used to treat Parkinson s sufferers and everywhere in between Virtual Ascendance is more than just a story about video games though It s the story of an awakening of a realization that a childhood pastime has exploded into a thriving enterprise one rooted in entertainment but whose tendrils reach into virtually all aspects of life and society *Half the Church* Carolyn Custis James,2011-04-19

Women comprise at least half the world and usually more than half the church but so often Christian teaching to women either fails to move beyond a discussion of roles or assumes a particular economic situation or stage of life This all but shuts women out from contributing to God s kingdom as they were designed to do Furthermore the plight of women in the Majority World demands a Christian response a holistic embrace of all that God calls women and men to be in his world The loudest voices speaking into women s lives in the twenty first century thus far come from either fundamentalist Islam or radical feminism And neither can be allowed to carry the day The Bible contains the highest possible view of women and invests women s lives with cosmic significance regardless of their age stage of life social status or culture Carolyn Custis James unpacks three transformative themes the Bible presents to women that raise the bar for women and calls them to join their brothers in advancing God s gracious kingdom on earth These new images of what can be in Christ free women to embrace the life God gives them no matter what happens Carolyn encourages readers with a positive kingdom approach to the changes challenges and opportunities facing women throughout the world today **Lioness Arising** Lisa
