Shields, 2015-03-23 A look into the agricultural and culinary history of the American South and the challenges of its reclaiming farming and cooking traditions Southern food is America's quintessential cuisine From creamy grits to simmering pots of beans and greens we think we know how these classic foods should taste Yet the southern food we eat today tastes almost nothing like the dishes our ancestors enjoyed because the varied crops and livestock that originally defined this cuisine have largely disappeared Now a growing movement of chefs and farmers is seeking to change that by recovering the rich flavor and diversity of southern food At the center of that movement is historian David S Shields who has spent over a decade researching early American agricultural and cooking practices In Southern Provisions he reveals how the true ingredients of southern cooking have been all but forgotten and how the lessons of its current restoration and recultivation can be applied to other regional foodways Shields's turf is the southern Lowcountry from the peanut patches of Wilmington North Carolina to the sugarcane fields of the Georgia Sea Islands and the citrus groves of Amelia Island Florida He takes us on a historical excursion to this region drawing connections among plants farms growers seed brokers vendors cooks and consumers over time Shields begins by looking at how professional chefs during the nineteenth century set standards of taste that elevated southern cooking to the level of cuisine He then turns to the role of food markets in creating demand for ingredients and enabling conversation between producers and preparers Next his focus shifts to the field showing how the key ingredients rice sugarcane sorghum benne cottonseed peanuts and citrus emerged and went on to play a significant role in commerce and consumption Shields concludes with a look at the challenges of reclaiming both farming and cooking traditions From Carolina Gold rice to white flint corn the ingredients of authentic southern cooking are returning to fields and dinner plates and with Shields as our guide we can satisfy our hunger both for the most flavorful regional dishes and their history Praise for Southern Provisions People are always asking me what the most important book written about southern food is You are holding it in your hands Sean Brock executive chef Husk An impassioned history of the relationship between professional cooking markets and planting in the American South which argues that true regionality is to be found not in dishes but in ingredients Times Literary Supplement

**Teaching with One Eye Shut** Marques Vickers, Michael McCaffrey has lost his teaching idealism but not pragmatism towards his profession Teaching with One Eye Shut escorts you into the classroom faculty room sanctuary and campus grounds of St Elizabeth St Ignacious SESI a northern California Catholic high School Your host McCaffrey is an eight year business instructor beyond the burnout stage and uncertain as to his future in the profession His turmoil carries over into his personal life and relationships McCaffrey shares his clear eyed observations about classroom instruction discipline peers and the bureaucracy accompanying teaching He dismisses imposed school administration artificial team building tactics For him teachers are individuals expressing their point of view on subject matters as they visualize it Peer's advice and Principals are of marginal value His evaluations are often cutting and dismissive They are balanced by periodic inspiring and surprising heroics emerging from unlikely sources McCaffrey

seemingly has an unflinching opinion about everyone and especially himself His students can be a distracted and devouring audience but he is genuinely appreciated He introduces the reader into the authentic and sometimes erratic nature of classroom lecture and discussion His teaching subjects include technology marketing and law His students responses address more poignant issues including racism home life and their futures beyond schooling The deeper exchanges are often conducted between classes or emerge amidst casual conversations and daily interactions McCaffrey addresses timely issues over the success and shortcomings of contemporary education He concludes that society comfortably maintains misplaced priorities and ignorance towards education and its practitioners He takes issue with uninvolved parents who drop their children off like dirty laundry and expect a private institution to cleanse them of their bad habits while educating them He maintains that Catholic education is distinct and different from public schools His conclusion is based on expected behavioral accountability and reinforced discipline rather than superior personal facilities and educational techniques A school s objective remains to stimulate a graduating class of lifelong learners This lofty goal is tested daily by certain under achieving troubled and unmotivated students neurotic faculty members and hamstrung by trifling misdirected rules McCaffrey notes that victories surface when his contemporaries enable students to navigate the tenuous labyrinth of adolescence and learning His varied observations encompass teacher liability absence policies and career burnout objective grading classroom discipline school fundraising compensation athletic programs peer gossip and pranks equipment deficiencies and dress codes McCaffrey is SESI s acknowledged faculty satirist who zealously guards his private time absent of extra curricular supervisions He is never a perennial candidate for Teacher of the Year honors His cast of instructional intimates and foils include basketball coach and confident Rich Ringer siren Suzzi Issacs milquetoast Dennis Greeley incompetent Alex Orrigo misdirected Tim Lovelace mumbling Principal Brother Moody and a colorful parade of diverse and eclectic personalities A variety of candid and favorite students are introduced with the irrepressible Ralphie Houwser heading the list McCaffrey feels trapped by his inability to move forward with his life A year ending interaction with one of his peers offers him hope Will a Parisian rendezvous on Bastille Day become his ultimate liberation from professional and personal stagnation Teaching with One Eye Shut addresses the fragile and volatile role of mentors and educators McCaffrey s memoir offers a realistic and humorous view of the realities behind high school instructing spiced by his periodic exaggerations
