besides giving the same receipt several times recommend the most absurd mixtures as being the best and of the latest French style Although cookery has made more progress within two or three years in this country as well as in Europe than it had since 1830 and although all our receipts are complete practical wholesome and in accordance with progress still they are simple Our aim has been to enable every housekeeper and professional cook no matter how inexperienced they may be to prepare any kind of food in the best and most wholesome way with economy celerity and taste and also to serve a dinner in as orderly a manner as any steward can do
