**A Handbook of Biblical Hebrew** W. Randall Garr, Steven E. Fassberg, 2016-09-19 Volume 1 Periods Corpora and Reading Traditions Volume 2 Selected Texts Biblical Hebrew is studied worldwide by university students seminarians and the educated public It is also studied almost universally through a single prism that of the Tiberian Masoretic tradition which is the best attested and most widely available tradition of Biblical Hebrew Thanks in large part to its endorsement by Maimonides it also became the most prestigious vocalization tradition in the Middle Ages For most Biblical Hebrew is synonymous with Tiberian Biblical Hebrew There are however other vocalization traditions The Babylonian tradition was widespread among Jews around the close of the first millennium CE the tenth century Karaite scholar al Qirqisani reports that the Babylonian pronunciation was in use in Babylonia Iran the Arabian peninsula and Yemen And despite the fact that Yemenite Jews continued using Babylonian manuscripts without interruption from generation to generation European scholars learned of them only toward the middle of the nineteenth century Decades later manuscripts pointed with the Palestinian vocalization system were rediscovered in the Cairo Genizah Thereafter came the discovery of manuscripts written according to the Tiberian Palestinian system and perhaps most importantly the texts found in caves alongside the Dead Sea What is still lacking however is a comprehensive and systematic overview of the different periods sources and traditions of Biblical Hebrew This handbook provides students and the public with easily accessible reliable and current information in English concerning the multi faceted nature of Biblical Hebrew Noted scholars in each of the various fields contributed their expertise The result is the present two volume work The first contains an in depth introduction to each tradition and the second presents sample accompanying texts that exemplify the descriptions of the parallel introductory chapters

A Handbook to Biblical Hebrew Page H. Kelley, 1994 **HANDBOOK OF BIBLICAL HEBREW (Volume 1 - Lessons)**. William Sanford La Sor, 1978 Handbook of Biblical Hebrew William Sanford LaSor, William Sanford La Sor, 1989-01-26 This is a print on demand book and is therefore non returnable The Handbook designed as a complete tool for the student of Biblical Hebrew is the result of over twenty five years of teaching the language

While it is primarily intended for use in Hebrew courses it is also an excellent tool for a refresher course or useful as a basic grammatical reference work to aid the exegete. Similar in format to the author's Handbook of New Testament Greek it combines reading lessons vol 1 with grammar paradigms and basic vocabulary vol 2. William LaSor uses the inductive method studying directly from the text rather than the conventional method of language study in which beginning students learn the rules of grammar and syntax and memorize vocabulary often without reading the actual text. Instead of memorizing numerous forms that will never be encountered in actual reading the student learns only what he or she encounters. The lessons are based on the Hebrew text of Esther chosen because it presents little difficulty in theological or textual matters and has an excellent vocabulary. LaSor has included readings from other portions of the Bible such as several chapters from Genesis to introduce the student to Hebrew other than that found in Esther. The diligent student of this method will learn not only the elements of Hebrew but also how to inductively study the language and how to learn by induction what the Hebrew text says.
