philosophical works that address the complexity of mathematical creativity and giftedness its origins nature nurture and ways forward In keeping with the spirit of the series the anthology substantially builds on previous ZDM volumes on interdisciplinarity 2009 creativity and giftedness 2013 Fundamentals of Gifted Education Carolyn M. Callahan, Holly L. Hertberg-Davis, 2012-08-21 The field of gifted education is characterized by a confusing array of perspectives concerning such fundamental issues as definition philosophy curriculum social and emotional development and underserved populations The mission of this book is to provide a coherent framework that instructors and service providers can use in planning effective programs providing appropriate counseling services and evaluating programs for the gifted Most sections are organized around fundamental issues confronting the field and follow a common structure an introductory chapter that provides historical and theoretical background and organizing questions followed by several point of view chapters written by experts that provide varied perspectives on the topic at hand Distinguishing Features Comprehensive Coverage The book's forty five manageable length chapters cover the full range of topics that must be considered in planning programs and services for gifted students both within and outside of school Coherent Structure Section introductions provide background information and organizing questions to guide chapter authors who provide varying views of the issue at hand The emphasis is not on the right way or the wrong way except when clearly documented bad practice is discussed but on how best practice stems from well informed and logical decision making Decision Making Focus The book's introductory chapter addresses the need for a clearly developed and consistently applied set of values to guide decision making Likewise each section introduction includes a decision making framework regarding some aspect of educating counseling or parenting gifted students This book is appropriate for introductory level courses in gifted education or courses in program development and planning It is also suitable for school personnel responsible for making program planning decisions in the area of gifted education and for academic libraries with holdings in this area Addressing Racism Madonna G. Constantine, Derald Wing Sue, 2006-06-27 Learn to identify and combat unintentional and overt racism This provocative book identifies and addresses racism in mental health and educational settings providing proven strategies for overcoming this stubborn barrier to culturally competent practice While addressing overt forms of racism the book also explores and sensitizes practitioners to covert and unintentional forms of racism that may be equally detrimental in denying persons of color access to unbiased high quality education and mental health care Despite the dismantling of overt racist policies such as segregated schooling and the implementation of policies aimed at remedying racial inequities such as affirmative action racism continues to persist in American society Drs Madonna Constantine and Derald Wing Sue two of the leading researchers and advocates for multicultural competence have collected sixteen thought provoking and challenging chapters on the many ways that racism can affect a practitioner's interactions in mental health and school settings These contributions collectively bring to the forefront highly charged issues that need to be discussed but are too often hidden away The book is divided into four parts

What Do We Know about Racism Racism in Mental Health Contexts Racism in Educational Settings Eradicating Racism
Future Directions Faced with the responsibility of understanding multiple oppressions and the intersections of racism with
sexism classism and heterosexism mental health practitioners and educators must be vigilant of their personal role in
perpetuating racism This collected work will help you identify forms of racism both within yourself and the systems you work
in and then implement strategies to eliminate them
