Love Eternal H. Rider Haggard, 2014-02-07 *Love Eternal* By H Rider Haggard World Classic Timeless passion takes on new dimensions in this romance between two souls bound together regardless of the eras or bodies they inhabit The physical world limits their union but changes are at hand to bring them together forever in the spirit realm More than thirty years ago two atoms of the eternal Energy sped forth from the heart of it which we call God and incarnated themselves in the human shapes that were destined to hold them for a while as vases hold perfumes or goblets wine or as sparks of everlasting radium inhabit the bowels of the rock Perhaps these two atoms or essences or monads indestructible did but repeat an adventure or many many adventures Perhaps again and again they had proceeded from that Home august and imperishable on certain mornings of the days of Time to return thither at noon or nightfall laden with the fruits of gained experience So at least one of them seemed to tell the other before all was done and that other came to believe If so over what fields did they roam throughout the eons they who having no end could have no beginning Not those of this world only we may be sure It is so small and there are so many others millions upon millions of them and such an infinite variety of knowledge is needed to shape the soul of man even though it remain as yet imperfect and but a shadow of what it shall be *Love Eternal* H.
