Love In The Time Of Apps:

Love in the Time of Apps Jay Begler, 2014-04 As he passed a newsstand Philip Goodwin saw his photograph on the cover of People magazine's newest publication Unpopular People magazine A banner across the photo proclaimed The Most Unpopular Man In America Given his present circumstances Goodwin believed that the tag was accurate Romance media influence and the consequences of celebrity all intersect in Jay Begler's digital age satirical debut novel Love in the Time of Apps A Zagat like numerical rating system becomes the sole yardstick by which individuals are judged The ratings soon lead to a new social hierarchy based exclusively upon a person's rating Philip Goodwin is living the good life until a series of incredible events cause his rating to plummet from stellar to abysmal Ultimately relegated to a ghetto for people with ultralow ratings Goodwin must fight back against the forces that have savaged his reputation In the vein of Kurt Vonnegut with a dash of Woody Allen Love in the Time of Apps is a witty satirical glimpse into a media and internet obsessed society in the digital age Its insightful musings will have readers thinking and laughing long after the last page

Love in the Time of Algorithms Dan Slater, 2013-01-24 If online dating can blunt the emotional pain of separation if adults can afford to be increasingly demanding about what they want from a relationship the effect of online dating seems positive But what if it's also the case that the prospect of finding an ever more compatible mate with the click of a mouse means a future of relationship instability a paradox of choice that keeps us chasing the illusive bunny around the dating track It's the mother of all search problems how to find a spouse a mate a date The escalating marriage age and declining marriage rate mean we're

spending a greater portion of our lives unattached searching for love well into our thirties and forties It s no wonder that a third of America s 90 million singles are turning to dating Web sites Once considered the realm of the lonely and desperate sites like eHarmony Match OkCupid and Plenty of Fish have been embraced by pretty much every demographic Thanks to the increasingly efficient algorithms that power these sites dating has been transformed from a daunting transaction based on scarcity to one in which the possibilities are almost endless Now anyone young old straight gay and even married can search for exactly what they want connect with more people and get more information about those people than ever before As journalist Dan Slater shows online dating is changing society in more profound ways than we imagine He explores how these new technologies by altering our perception of what s possible are reconditioning our feelings about commitment and challenging the traditional paradigm of adult life Like the sexual revolution of the 1960s and 70s the digital revolution is forcing us to ask new questions about what constitutes normal Why should we settle for someone who falls short of our expectations if there are thousands of other options just a click away Can commitment thrive in a world of unlimited choice Can chemistry really be quantified by math geeks As one of Slater s subjects wonders What s the etiquette here Blending history psychology and interviews with site creators and users Slater takes readers behind the scenes of a fascinating business Dating sites capitalize on our quest for love but how do their creators ideas about profits morality and the nature of desire shape the virtual worlds they ve created for us Should we trust an industry whose revenue model benefits from our avoiding monogamy Documenting the untold story of the online dating industry s rise from ignominy to ubiquity beginning with its early days as computer dating at Harvard in 1965 Slater offers a lively entertaining and thought provoking account of how we have for better and worse embraced technology in the most intimate aspect of our lives

Love in the time of Pumpkins J.L. Jarvis,2024-09-17 As they unravel the secrets of Sleepy Hollow their greatest discovery might be each other When historian Iris Drake leaves her academic life behind for the quaint charm of Sleepy Hollow she expects a peaceful job guiding tours through the town s legendary past But everything changes when she meets Jackson Wilde a brilliant and ruggedly charming professor with a sharp mind and a talent for uncovering secrets Jackson isn t just a skeptic with a mysterious past he s about to pull Iris into a centuries old conspiracy that could rewrite history Together they discover coded messages Revolutionary War artifacts and a secret society determined to protect its legacy at any cost As they race to unravel the clues before someone or something catches up with them Jackson s steady confidence becomes Iris s anchor and his magnetic intensity is impossible to resist But in a place where the line between history and legend blurs their growing connection might be the most dangerous discovery of all Step into Sleepy Hollow where history romance and mystery collide in a thrilling adventure

Love in the Time of Incarceration Elizabeth Greenwood,2021-07-13 This evocative and gripping investigative look into romantic relationships between incarcerated people and their spouses on the outside is impossible to put down The Globe and Mail Toronto What is it like to fall in love with someone in prison Over the course of

five years Elizabeth Greenwood followed the ups and downs of five couples who met during incarceration In Love in the Time of Incarceration she pulls back the curtain on the lives of the husbands and wives supporting some of the 2 3 million people in prisons around the United States In the vein of Modern Love this book shines a light on how these relationships reflect the desire and delusion we all experience in our romantic pairings Love in the Time of Incarceration infiltrates spaces many of us have only heard whispers of from conjugal visits to prison weddings to relationships between the incarcerated themselves A tour de force of empathetic nonfiction storytelling Vanessa Grigoriadis author of Blurred Lines Love in the Time of Incarceration changes the way you look at the American prison system and perhaps relationships in general Previously published as Love Lockdown

Love in the Time of Serial Killers Alicia Thompson,2022-08-16 One of Cosmopolitan s Best Romance Novels Ever Turns out that reading nothing but true crime isn t exactly conducive to modern dating and one woman is going to have to learn how to give love a chance when she s used to

suspecting the worst PhD candidate Phoebe Walsh has always been obsessed with true crime She s even analyzing the genre in her dissertation if she can manage to finish writing it It s hard to find the time while she spends the summer in Florida cleaning out her childhood home dealing with her obnoxiously good natured younger brother and grappling with the complicated feelings of mourning a father she hadn t had a relationship with for years It doesn t help that she s low key convinced that her new neighbor Sam Dennings is a serial killer he may dress business casual by day but at night he s clearly up to something It s not long before Phoebe realizes that Sam might be something much scarier a genuinely nice guy who can pierce her armor to reach her vulnerable heart *Love in the Time of Self-Publishing* Christine M. Larson,2025-09-16

Lessons in creative labor solidarity and inclusion under precarious economic conditions As writers musicians online content creators and other independent workers fight for better labor terms romance authors offer a powerful example and a cautionary tale about self organization and mutual aid in the digital economy In *Love in the Time of Self Publishing* Christine Larson traces the forty year history of Romancelandia a sprawling network of romance authors readers editors and others who formed a unique community based on openness and collective support Empowered by solidarity American romance writers once disparaged literary outcasts became digital publishing s most innovative and successful authors Meanwhile a new surge of social media activism called attention to Romancelandia s historic exclusion of romance authors of color and LGBTQ writers forcing a long overdue cultural reckoning Drawing on the largest known survey of any literary genre as well as interviews and archival research Larson shows how romance writers became the only authors in America to make money from the rise of ebooks increasing their median income by 73 percent while other authors plunged by 40 percent The success of romance writers Larson argues demonstrates the power of alternative forms of organizing influenced by gendered working patterns It also shows how networks of relationships can amplify or mute certain voices Romancelandia s experience Larson says offers crucial lessons about solidarity for creators and other isolated workers in an increasingly risky employment world Romancelandia s rise and near meltdown shows that gaining fair treatment from platforms depends on creator solidarity but creator solidarity in turn depends on fair treatment of all members **LOVE IN WAR TIME** PEDRO ARTURO ROJAS

ARENAS,2023-07-14 Here is a reading of the Colombian and South American reality with its clashes over the application of methods and practices based on essentially materialist ideologies which occurred in the 50s 60s and 70s with the author Pedro Arturo Arenas experiencing many of the social challenges concepts and spirituality of that time *Love in times of war* offers a panoramic photograph of the transformations that took place in Latin America especially from the end of the 1950s onwards a period of great social changes and full of illusions many of which ended up dragging entire populations into especially youth to embark on a quest for collective justice but which in the end led to immense frustrations and tragic results in some countries The unrestricted exercise of doctrines and dogmas both on the left and on the right finally produced an increase in social and economic disparities evident in many parts stimulating and intensifying class struggles such as the

emergence of resistance movements peasant and working class urban guerrillas and other forms of violence without achieving their goals Without adequately responding to the aspirations of collective justice such ideologies deepened the abyss between poverty and wealth producing even more greater apathy hopelessness and disillusionment in the hearts of the impoverished and anguished masses in countless parts of the planet The search for a more just social order continued to lead Pedro Arenas through tortuous paths and intellectual clashes until after a long and arduous journey he found himself disenchanted with the political practice of members of supposed socialist organizations realizing then the limitations of ethical and spiritual nature of the cited movements especially in the daily interrelationships of the members of these organizations that in turn ignored or despised the evident religiosity of the Colombian peasants With the new possibilities a new world opened before his eyes when he reunited with his old friend Gabriel Branco through whom he learned about the Bah teachings Upon investigating the subject more deeply he was led to conclude that such teachings constituted an incomparable social and spiritual project of a magnitude never before imagined Leaving behind his past as a union and political activist Pedro Arturo was now seeking new horizons of understanding reaching the conclusion that social and political transformations are incomplete unless they advance concomitantly with a deep spiritual transformation and that the way to establish a new order in human affairs requires the use of new means and methods From those new teachings emerged the understanding that conflict resolution can take place through methods of consultation and dialogue that humanity cannot continue to be sacrificed for the maintenance of certain outdated postulates that the sole purpose of legal norms as well as political and economic theories is the protection of the common interests of all peoples that love for the homeland although legitimate needs to give way to a broader loyalty that is to love for humanity as a whole and as a consequence for the concept of world citizenship That all kinds of prejudices need to be abandoned that new institutions need to be erected that the recognition of ethnic climatic historical idiomatic and traditional diversity thoughts and customs can help to promote a broader loyalty a greater aspiration that contemplates the uniqueness of humanity that the maintenance of order can be sustained by a single code of international law by an Executive and a Parliament and a World Supreme Court that the Cause of Peace can be achieved through a binding treaty with inviolable and clearly defined clauses fruit of a broad global consensus Inspired by these principles and a clear vision Pedro Arenas rose to promote these teachings traveling and supporting local Bah activities and institutions in Colombia where he learned about the exciting experience and fieldwork of the Rural University FUNDAEC and the Ruh Institute Served as a Bah pioneer in El Salvador Central America during a period of great uncertainty and conflict between the army and the FFLN collaborated in activities to promote the Institute of Bah training in indigenous areas on the borders of Brazil Colombia and Peru as well as dedicated a brief period of his life in the archipelago of Cape Verde on the African coast and later now back to Brazil in the region of Northeast where he established himself as a Bah pioneer working as a professor linked to the Rio Grande do Norte State

University Finally Pedro Arturo dedicates the last chapters and some accompanying texts to remembering relatives and friends both from the oldest and most recent times dedicating to them lines of recognition affection and high esteem all as a reflection and demonstration of his love and ample thanks to the Beloved of his heart Bah u ll h for guiding him and enabling him to reach a height of achievement and joy The whole story is told with the enthusiasm of one who was an active protagonist and is testimony to the personal transformations experienced by the author under the influence of Bah u ll h s Revelation This young Colombian seeker like many others of his age and generation was galvanized by the overwhelming strength and foresight of the Bah teachings and still continues untiring in his efforts in the challenging task of contributing each in a humble way and according to his abilities in the construction of that new order advocated by Bah u ll h
