Lsts The Ships With The Big Mouth Backbone Of The Amphibious Force:

LSTs, the Ships with the Big Mouth Homer Haswell, 2005 LSTs The Ships with the Big Mouth The World War II amphibious war in the Pacific was like no other in history Dozens of LSTs landing ships tank roared at flank speed up onto the beach The bow doors opened A ramp dropped down Within minutes tanks bulldozers trucks jeeps and all manner of vehicles were rolling out of the bow and onto the shore No need for docks or wharves More than a thousand of these LSTs were built after the war began to carry our troops vehicles and supplies to the islands of the Pacific LSTs The Ships with the Big Mouth is a first hand report of LST 698 and her largely landlubber crew as she took part in the three biggest Pacific invasions at Leyte Gulf and Lingayen Gulf in the Philippines and at Okinawa in Japan Homer Haswell When the Japanese struck Pearl Harbor the author Homer Haswell a recent Wisconsin journalism graduate left his advertising job in Chicago to join the Navy as a yeoman at Great Lakes Ill In May 1944 on graduation from midshipman school at Northwestern in Chicago he reported to LST 698 in New Orleans In Ensign Haswell s letters to his wife Fran he used his nose for news to tell her of day to day happenings aboard ship Half a century later he wove those tales into an historic account of the ship s travels and travails to make an accurate highly readable story of some of the great but little known events of World War II World War II was one of the great events of the 20th century Haswell said yet many of us are hazy about what really happened LSTs The Ships with the Big Mouth adds much to our knowledge of amphibious operations *Bloodstained Sands* Michael G. Walling, 2017-04-20 *Bloodstained Sands* tells the untold story of the men who stormed beaches around the globe during World War II from the Sword and Juno Beaches on D Day to the sands of Iwo Jima For the men who served in America s Amphibious Forces during World War II the conflict was an unceasing series of D Days They were responsible for putting men ashore in more than 200 landings throughout the conflict most against well entrenched enemy positions *Bloodstained Sands* US Amphibious Operations in World War II tells the story of these forgotten men for the first time tracing their operational history from Guadalcanal to Casablanca Sicily Normandy Iwo Jima and finally Okinawa The men s stories are told in their own voices with fascinating accounts from Underwater Demolition Teams Attack Transport crews and many other unsung heroes of World War II First hand interviews entries from personal diaries and Action Reports create a unique history perfectly complemented by historic illustrations and detailed maps These are timeless tales of determination sacrifice and triumph of the human spirit tales of US Amphibious Forces that for too long have gone forgotten and untold **Dictionary of the Modern United States Military** S.F. Rottman,2012-09-20 The Landing Ship Tank LST is one of the most famous of the many World War II amphibious warfare ships Capable of discharging its cargo directly on to shore and extracting itself the LST provided the backbone of all Allied landings between 1943 and 1945 notably during the D Day invasion Through its history the LST saw service from late 1942 until late 2002 when the US Navy decommissioned the USS Frederick LST 1184 the last ship of its type This book reveals the development and use of the LST including its excellence beyond its initial design expectations *By Sea and by Land - The Story of Our Amphibious Forces* Earl Burton,2008-11 BY SEA and BY LAND The Story of Our Amphibious Forces by LIEUT EARL BURTON Foreword Tanks land on Many times since December 7 1941 headlines similar to this have appeared in our daily papers but comparatively few persons in or out of the military and naval services realize the backstage activities that made these announce ments possible Most of us absorb only the thrill attending the reading similar to that feeling one experiences in wit nessing a gigantic stage spectacle and we wonder how it was done If the public had been permitted to see the detailed planning and the time and effort the cast applied to make the landing possible the astonishment would be all the greater Amphibious operations are dramas of life and death and the members of the cast are our soldiers and sailors Their backstage life cannot be fully revealed at this time but suffice it to say it is hard and exacting and requires courage of the highest order The rehearsals preliminary train ing are shrouded in secrecy It must be that way and not until the very minute of attack against the enemy held beach do many beyond the members of the task force know anything about the operation I

have lived with these men and have seen them train on land and sea under both ideal and miserable conditions At best it is a life of hard work We know that unlike any other form of warfare an amphibious operation cannot strike fail retreat and try again It must succeed the first time This requires teamwork and the coalescing of the Army and Navy components into a hard hitting and fast moving force That teamwork exists This war has brought the Army and Navy closer together than ever before in our history and Amphibious Forces are the epitome of everything that is sought in military efficiency Without the success of the initial thrust over the enemy held beaches our final effort could never materialize It is the Amphibious Forces who are carrying the vanguard of victory of American arms to Japan and Germany and nothing either enemy has to offer can stop them It is to the men of the Amphibious Forces that this book has been dedicated Their accomplishments have been great they will be even greater They have won and earned our thanks and gratitude
