I,1850      **Our Cheating Hearts** Kate Figs,2013-05-09 By the author known and respected for her acclaimed books on relationships Most of us manage to be monogamous most of the time but who cannot imagine themselves committing the crime of adultery Does being faithful mean the same to everyone Why DO people have affairs Using real life testimony alongside the most current research *Our Cheating Hearts* looks at the big questions around love and commitment It lifts taboos asks the tough questions and shows how in our progressive time monogamy has become the new ideal Some people manage monogamy For the countless others that don't *Our Cheating Hearts* opens the debate and provides the honest approach that's essential

**The Politics of Coercion** Neil Loughlin,2024-09-15 In *The Politics of Coercion* Neil Loughlin explains the persistence of Cambodia's authoritarian regime for more than four decades It provides a historically grounded investigation of the country's ruling coalition political elites many drawn from within the state's coercive apparatus who in coordination with state dependent tycoons have come to control Cambodia's politics and its economy Loughlin presents new empirical data foregrounding the coercive underpinnings of the modern Cambodian state and its party the Cambodian People's Party CPP The focus on coercion reflects the regime's conflict and postconflict evolution and extractive political economy as the ruling coalition failed to channel popular interests through its political institutions thus resorting either to low intensity forms of coercion such as intimidation and surveillance or to high intensity coercion such as violent crackdowns and extrajudicial killings Through a critical reevaluation of the regime's origins and evolution in its relationship with citizens *The Politics of Coercion* reconceptualizes the CPP to emphasize the obstacles structural institutional and distributional to building a mass based clientelist or developmentally legitimate authoritarian party

*Extraordinary Space* Stan Burns,2005-08 *Extraordinary Space* is a work of science fiction that blends romance and adventure with a newly postulated scientific thesis In the novel a new direction of travel available to humans is discovered mathematically and later brought to reality by the main character Lyte Donner Lyte with the help of his female assistant Jaseta Zee makes use of his newly developed technology in a variety of ways including erradicating drug rings dissolving street gangs busting international terrorist organizations and many others Due to ordinary forces of Earth gravity this new direction of travel has gone unrealized until Lyte neutralizes gravity in a realistic way consistent with current cutting edge technology Lyte then balances all other forces that could cause movement in every heretofore known direction and this in turn causes movement in the path of least resistance which is in the new direction The novel refers to this new direction as the fourth dimension but hold on to your hats because this is not the usual concept of the fourth dimension Much theory and fiction have already been advanced about the fourth dimension time space continuum but this novel deals with none of that New science is proposed in the novel and the new direction of movement is the result of extending the rules of 3 dimensional Euclidean space to 4 dimensional space It is Euclidean Four Space Before arguing the point the question is who can prove that this space doesn't exist Caution is called for here Proceed with an open mind Lyte uses a device called the INTEGRAL to move into the new space which fully

encompasses every point in the old ordinary space A person reading the novel for the first time will likely make judgments based of his her circle of knowledge and frame of reference and could refer to the INTEGRAL as a Teleportation device This is new science It would be a mistake to call the INTEGRAL a Teleportation device The characters simply move into a new space They are not teleported anywhere Teleportation was probably a term new to many of us and introduced by the entertainment industry during the 1960s We have advanced far beyond that and few if any of the old cliches are adequately able to describe the new science axiomated by the novel It took several years to develop and complete the novel The novel was completed prior to the events of 9 11 01 Ironically Lyte Donner s first lead to terrorists in the book was centered around a pair of Middle Easterners traveling from London to Paris The subject of terrorism is a major part of the book The novel culminates on a complication of terrorism which is resolved nicely The book is alive with patriotism again written even before the events of 9 11 01 Patriotism is now alive and well again in our country It is a popular thing at present and throughout the novel patriotism is thrust to the forefront The book even explains how and why patriotism was subdued for such a long period of time from Lyte s point of view of course In the book the term Ground Zero is used in its original sense The term has now become a well recognized and repeated term The book is appropriate for the time The events described in the book are purely fictitious Any resemblences to real events is strictly coincidental Although the events in the book are fictional some but not all of the events in the book carry an underlying theme that should be the concern of every American citizen

**Baxter's Practical Works, Volume 1** ,2007-12 The editor s preface 1707 p xiii stated that the works of Richard Baxter are perhaps the best body of practical divinity that is extant in our own or any other tongue Richard Baxter lived from 1615 1691 The DIRECTORY was completed in 1665 Its scope was intended to cover all of practical theology a summa of casuistry Timothy Keller calls it the greatest manual on Biblical counseling ever produced The Great Leap-Fraud A.J. Deus,2011-01-19 Religious ignorance is as dangerous for societal stability as religious extremism In The Great Leap Fraud author A J Deus shows that only through the cowardly behavior of a majority that is uneducated in religious questions can sectarian extremism and terrorism take shape and overtake societies Modern civilizations fail to address the dangerous defect Based on a reassessment of primary documents from the beginning of Judaism through to the Reformation The Great Leap Fraud evaluates the Judaic scriptures of the Jews the Christians and the Muslims for their potential to stir hatred violence and terrorism It searches for messages in the scriptures that may alter the economic behavior of societies While providing an overview of three major religionsJudaism Christianity and IslamThe Great Leap Fraud uncovers a series of frauds and premeditated deployment of prophets with the goal to establish or redeem the Jewish state of Israel It also uncovers how the vested interest of Christian historians has pushed the rise of Christianity unto Roman Emperors Deus shows that the way humans think and act are strongly influenced by a culture driven by the norms of religious organizations both past and present More information at [www.ajdeus.org](http://www.ajdeus.org) *New York Magazine* ,1990-10-01 New York magazine was

born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
