to make the book of Genesis and the whole Old Testament a greater spiritual blessing to the Church and that it may serve the servants of God in these latter days in calling people to repentance faith and prayer like Noah and Luther did In his Dear Genesis Luther proved that the free Evangelical religion he taught was not new but as old as the first book of the Bible and that it does not consist in outward forms organizations and pomp but in true faith in Christ in our hearts and lives Genesis contains the only historic records accessible of the first 2364 years of the 4004 years before Christ It is worthy of study in our day as it was in the days of the Reformation Acknowledgments Luther advised no one should translate alone and he practiced what he taught We have followed his rule and example Pastor C B Gohdes of Baltimore translated chapter six and President Schaller of Milwaukee Theological Seminary chapters five seven eight and nine Inaccuracies may be due to the revision and editing and not to the translators for every good translation must be fluent and idiomatic to secure which is the most difficult task Pastor Gohdes also rendered valuable help in the final revision of parts The translation of the analyses is by the undersigned The few last pages of the first edition of volume one we revised and reprint in this volume in order to make the pages of each volume of our edition to correspond with the German and Latin volumes of the Erlangen edition The paragraphs are numbered and the analyses given according to the old Walch edition Luther and World Evangelization In translating Luther into practical English in practical America and in this age that is growing more and more practical we need to be reminded that this work is for practical use and purposes *Commentary on Genesis* Martin Luther, 2009 This book was converted from its physical edition to the digital format by a community of volunteers You may find it for free on the web Purchase of the Kindle edition includes wireless delivery **Commentary On Genesis (Volume II)** Martin Luther, 2022-06-06 NEW PRINT WITH PROFESSIONAL TYPE SET IN CONTRAST TO SCANNED PRINTS OFFERED BY OTHERS Commentary On Genesis Volume II Luther On Sin And The Flood Translated And Edited In Complete Form By John Nicholas Lenker D D This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature In an attempt to preserve improve and recreate the original content we have worked towards 1 Type setting Reformatting The complete work has been re designed via professional layout formatting and type setting tools to re create the same edition with rich typography graphics high quality images and table elements giving our readers the feel of holding a fresh and newly reprinted and or revised edition as opposed to other scanned printed Optical Character Recognition OCR reproductions 2 Correction of imperfections As the work was re created from the scratch therefore it was vetted to rectify certain conventional norms with regard to typographical mistakes hyphenations punctuations blurred images missing content pages and or other related subject matters upon our consideration Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references However a few of such imperfections which could not be rectified due to intentional unintentional omission of content in the original edition were inherited and preserved from the original work to maintain the authenticity and construct relevant to

Curse of Ham the belief that the Bible consigned blacks to everlasting servitude confuse and conflate two separate origins stories etiologies one of black skin and the other of black slavery This work unravels the etiologies and shows how the Curse an etiology of black slavery evolved from an earlier etiology explaining the existence of dark skinned people We see when where why and how an original mythic tale of black origins morphed into a story of the origins of black slavery and how in turn the second then supplanted the first as an explanation for black skin In the process we see how formulations of the Curse changed over time depending on the historical and social contexts reflecting and refashioning the way blackness and blacks were perceived In particular two significant developments are uncovered First a curse of slavery originally said to affect various dark skinned peoples was eventually applied most commonly to black Africans Second blackness originally incidental to the curse in time became part of the curse itself Dark skin now became an intentional marker of servitude the visible sign of the blacks degradation and in the process deprecating black skin itself *Genesis 1-11* John L.
