Die Lyrik Des Andreas Gryphius Victor Manheimer,1903

Die Lyrik des Andreas Gryphius Victor Manheimer,1903

Andreas Gryphius Blake Lee Spahr,1993 Critical study of great 17c German poet and dramatist Andreas Gryphius 1616 1664 was the greatest German poet and dramatist of the 17th century yet he remains virtually unknown outside his own country One of the chief reasons for his relative obscurity outside Germany is that almost all studies devoted to him are written in German Another problem has to do with the inaccessibility of the recondite forms of Baroque literature This book is designed especially for students and scholars in disciplines other than German particularly those in comparative literature and the modern languages where a lack of knowledge about this major German writer distorts a proper international perspective on major figures of the 17th century But it also addresses the Germanist especially scholars in Germany they will find interpretations and a way of presenting them entirely new

The German Poetry of Paul Fleming Marian R.

Sperberg-McQueen,2020-05-01 This study reassesses the poetry of Paul Fleming 1609 1640 in the context of its own literary historical and social background The four chapters focus initially on generic and historical context The study of selected texts leads to more general considerations of the sources and significance of certain major themes A number of poems by Fleming and poets contemporary with him uncovered in the twentieth century are evaluated here for the first time The result is a substantially revised view of Fleming s poetic development Fleming is shown to have been a more complex and wide ranging poet than was conventionally thought one whose debt to Renaissance literary traditions has been underestimated

The Origin of German Tragic Drama Walter Benjamin,2020-05-05 The Origin of German Tragic Drama is Walter Benjamin s most sustained and original work It begins with a general theoretical introduction on the nature of the baroque art of the sixteenth and seventeenth centuries concentrating on the peculiar stage form of royal martyr dramas called Trauerspiel Benjamin also comments on the engravings of Durer and the theatre of Calderon and Shakespeare Baroque tragedy he argues was distinguished from classical tragedy by its shift from myth into history Georg Lukacs an opponent of Benjamin s aesthetics singled out The Origin of German Tragic Drama as one of the main sources of literary modernism in the twentieth century

Poets Laureate in the Holy Roman Empire John Flood,2011-09-08 Petrarch s revival of the ancient practice of laureation in 1341 led to the laurel being conferred on poets throughout Europe in the later Middle Ages and the Early Modern period Within the Holy Roman Empire Maximilian I conferred the title of Imperial Poet Laureate especially frequently and later it was bestowed with unbridled liberality by Counts Palatine and university rectors too This handbook identifies more than 1300 poets laureated within the Empire and adjacent territories between 1355 and 1804 giving wherever possible a sketch of their lives a list of their published works and a note of relevant scholarly literature The introduction and various indexes provide a detailed account of a now largely forgotten but once significant literary sociological phenomenon and illuminate literary networks in the Early Modern period A supplementary Volume 5 of Poets Laureate in the Holy Roman Empire A Bio

Convention and Individuation in German Baroque

Imagery Hans Peter Braendlin, 1976 *Zesens Lyrik* Alfred Gramsch, 1922 *Andreas Gryphius (1616-1664)* Oliver Bach, Astrid Dröse, 2020-03-09 Der Tagungsband eröffnet neue Perspektiven auf das Gesamtwerk des berühmtesten deutschen Autors des literarischen Barock. Im Zentrum steht eine zeithistorische, staatsphilosophische, theologische und wissenschaftsgeschichtliche Kontextualisierung seines Œuvres, das sich in einem spannungsvollen Feld zwischen christlich-transzendenter Perspektive und sekularer Zeitdiagnostik zwischen theologischem Sinnhorizont und Realitätsbezug bewegt. Damit setzt der Band im Anschluss an gegenwärtige Tendenzen der Frühneuzeitforschung einen neuen Akzent innerhalb der Gryphius-Philologie: die diskursgeschichtliche Zusammenhänge vernachlässigte und einen zu revidierenden Dualismus zwischen theologischer und sekularer Deutung etablierte. Dabei spielen komparatistische und interkulturelle Aspekte eine bedeutende Rolle. Gryphius war auf seinen akademischen Reisen mit der rezenten französischen, italienischen und niederländischen Literatur bekannt geworden. Deren Rezeption durch Gryphius wird ebenso verstärkt untersucht, wie das lateinische Werk des Schlesiers Gryphius erscheint als Zeitgenosse tiefgreifender Erneuerungsdebatten, die er mit feinem Gespür aufzunehmen und in seinen Dichtungen zu verhandeln weiß.

Origin of the German Trauerspiel

Walter Benjamin, 2019-02-04 Focusing on the 17th century play of mourning, Walter Benjamin identifies allegory as the constitutive trope of modernity, bespeaking a haunted, bedeviled world of mutability and eternal transience. In this rigorous, elegant translation, history as *trauerspiel* is the condition as well as subject of modern allegory in its inscription of the abyssal.

Lyra Hans-Henrik Krummacker, 2013-11-27 Der Band vereint Ergebnisse langjähriger Forschungen. Die Arbeiten gelten den humanistischen Grundlagen und Wandlungen der Lyriktheorie bis zu dem in der Goethezeit kanonisch gewordenen Lyrikbegriff. Sie behandeln das Epicedium, markantes Beispiel barocker Gelegenheitsdichtung, und seine Geschichte bis hin zu Schiller und Märke und sie erläutern die Verbindung von Bibelwort, Erbauungsliteratur und Lyrik im 17. und 18. Jahrhundert. Essays von Paul Gerhardt und Klopstock bilden den Schluss.
