Louisiana Law Of Torts A Precis:

Louisiana Law of Torts Frank L. Maraist, 2010 Louisiana Law of Torts A Precis discusses an understanding of the history and development of Louisiana's tort law that helps place the current state of the law in its proper context. This book also touches on concepts such as intentional torts and negligence, wrongful death, immunity, comparative negligence, and strict and absolute liability. These are not terms found in the Louisiana Civil Code; they have been adopted from the common law. But the concepts these terms embody have their foundations in Louisiana tort law either through the Code or other legislation or jurisprudence and from both the common law and civil law influences. For more than 200 years, Louisiana law has been developing under these two influences. The eBook version of this title features a link to Lexis Advance for further legal research options.

Louisiana Law of Obligations in General Alain A. Levasseur, 2006 *Louisiana Law of Obligations in General* Alain A. Levasseur, 1988-01-01 This book contains a survey of the new Civil Code articles on obligations in general enacted in 1984.

Promises and Contract Law Martin Hogg, 2011-07-14 Promises and Contract Law is the first modern work to explore the significance of promise to contract law from a comparative legal perspective. Part I explores the component elements of promise, its role in Greek thought and Roman law, the importance of the moral duty to keep promises, and the development of promissory ideas in medieval legal scholarship. Part II considers the modern contract law of a number of legal systems from a promissory perspective. The focus is on the law of England, Germany, and three mixed legal systems: Scotland, South Africa, and Louisiana, though other legal systems are also mentioned. Major topics subjected to a promissory analysis include formation of contract, third party rights, contractual remedies, and the renunciation of contractual rights. Part III analyses the future role which promise might play in contract law, especially within a harmonised European contract law.

A Discussion of Recent Cases in the Law of Torts and Wills Lloyd N. Hamilton, 1920 *Handbook of the Law of Torts* William Lloyd Prosser, 1941

Persons and Masks of the Law John T. Noonan, 2002-05-29 Noonan discusses how the concept of property applied to a person is a perfect mask since no trace of human identity remains. An auction of slaves in Virginia, the takeover of a banana plantation in Costa Rica, and an accident on the Long Island Railroad are the famous cases involving these four legal giants. The stories of the litigations at three different periods of our history provide a powerful analysis of American law. Breaking through the formalism in which jurisprudence is often enshrined, Noonan offers a compelling vision of law and a potent call
