*Love and Apocalypse* Ellen Szabo, 2015-05-16 Externalize your inner apocalypse using creative writing to feel better Get inspired by 25 writing prompts with evocative photographs that encourage writers to make meaning of their life experiences by discovering emphasizing and illuminating changed perspectives Every character and every story we write is autobiographical This means that though we may have felt like the walking dead at times we have a chance at redemption Writing apocalyptic stories can convey a message of change and even hope Ultimately though your stories may be seeded from people you know these characters have traveled through the system of you your heart and spirit and mind Consider writing as a clearing of sorts Our writing can transform us by offering opportunities to explore examine and understand outcomes from our lives and to imagine and manifest alternatives You can evoke a sense of justice and peace by changing perspective

**Paranoia & Power** Gene N. Landrum, 2007-11-01 A self help work on the inhibiting inner fears that either motivate or debilitate As a pundit once said Hesitate and you are lost Why do most people hesitate Fear The fear of not being good enough or the fear that comes from thinking too much We are afraid of those things we don't understand but the true visionaries jump right into those fears and they magically disappear Fear was the fuel of the passions of Elvis In the case of director Steven Spielberg he had a deep seated fear of the dark The only time he wasn't afraid when in a theater where he escaped into the fantasy of make believe What did that have to do with his accumulating two billion dollars Plenty As he told the media when he was in his twenties he would get sort of nauseous stage fright and his insecurities were the fuel for his stories With examples ranging from Judy Garland to Bob Dylan Madonna to Jack Nicholson this book shows how fear can be the catalyst for ending up in the penthouse or the poorhouse depending on how we deal with it

**The World Is on Fire** Joni Tevis,2015-05-19 This magnificently compelling essay collection explores obsession anxiety and Existential dread from the Book of Revelation to the Liberace Museum Minneapolis Star Tribune The sermons of Joni Tevis youth filled her with dread a sense that an even worse story one you hadn t read yet could likewise come true In this revelatory collection she reckons with her childhood fears by exploring the uniquely American fascination with apocalypse From a haunted widow s wildly expanding mansion to atomic test sites in the Nevada desert her settings are often places of destruction and loss And yet Tevis transforms these eerie destinations into sites of creation as well uncovering powerful points of connection Whether she s relating her experience of motherhood or describing the timbre of Freddy Mercury s voice in Somebody to Love she relies on the same reverence for detail and sense of awe And by anchoring her attention to the raw materials of our world nails and beams dirt and stone bones and blood she discovers grandeur in the seemingly mundane Winner of the 2016 Firecracker Award for Creative Nonfiction Finalist for the 2016 Pat Conroy Southern Book Prize

**Mental Health Tips for the Zombie Apocalypse** Shaun Phelps,2015-05-11 I read this book late at night after everyone else was in bed and I almost injured myself trying not to laugh too loudly Even though I narrowly avoided a trip to the ER I enjoyed this workbook immensely and it is definitely a book that I will get in the dead tree version as well Shaun Phelps has a real winner in this book not only does it have helpful tips it is also hilariously funny After reading this book and my hands on experience I feel like a mental health expert so hurry and grab your copy today Rosa Thomas McBroom [horrorgeekmagazine.com](http://horrorgeekmagazine.com) There has been a great deal of thought as to how to prepare oneself for a zombie apocalypse Gather ammunition food find a safe and secure facility etc We have seen it time and time again on the movie screen and in books The best intentioned characters and air tight security strongholds appear impenetrable at first glance but by the end of the story something has gone tragically awry There is a common theme to this awryness People Unlike food and bullets people serve their own purpose Their purpose is survival It doesn t matter how much you know or love your friend family member or whomever No one is more important to any person than themselves How could they be They grew

their entire lives in their body Can you pretend to know someone else s thoughts Do you expect other people to know yours But I digress we obviously don t have time for lectures People are funny things they have brains with excesses or absences of hormones they have impulsive behaviors and hidden agendas People have expectations for the way the world works and how they should be treated Bullets and food never have to adapt their recipe to deal with trauma The brain stores fear and anger hidden even to our own conscious mind and the brain adds the hormones necessary to survive in difficult times As a result humans start reacting to even the most unexpected stimulus as if it were death itself or the perfect time to start screaming at the worst possible moment Some of this book may sound callous There is a great deal to be explored regarding humanity and what defines humanity in the face of great danger Can we maintain our humanity while leaving our friends to die What is humanity when life becomes so precious and our morals are stripped to bare bones I will not be surprised to hear this book does not sit well with many of its readers Please recognize that when faced with great danger we must make difficult decisions How do we deal with those decisions How can we make the great sacrifices of our friends and neighbors actually mean something No one is perfect and in an imperfect situation we are likely to make some regrettable decisions Should we give up If your answer is yes you bought the wrong workbook This is not Mental Health Tips to Help You DIE in the Zombie Apocalypse There is no way I m going to be able to make a follow up workbook if my entire readership base is dead Moving on Our pre apocalyptic society condemns violence We also believe people can change We hate what substance abuse does but we hope for the substance abusers We provide mental health services in the belief that people can alter their lifestyles and make better decisions In the zombie apocalypse this belief must be maintained If society is to thrive we must find a way to bravely overcome the emotional traumas that are guaranteed to come from both internal and external sources People are kindly put inadequately prepared for a zombie apocalypse To survive we must take the best from every corner of the psychological insights provided to us So that is exactly what this workbook will do I will guide you through a variety of perspectives to help you think grow and thrive My approach may appear offensive but it may also be the very thing that will save your life      *Through Apocalypse to Grace* Pooja Francis,2021-09-19 This book is filled with tears turned into words Every page is a story in itself Let go and allow yourself to feel a little less of who you were and unfold the most purest gentle and human part of yourself      How to Survive the Apocalypse Jacqueline Allen Trimble,2022-08-15      Love and Apocalypse Scott Reeves,2012-02-10 100 Poems about love and the end of the world and about love being the end of the world
