Responsible Restructuring Wayne F Cascio, 2002-09-09 Firms that restructure through downsizing are not more profitable than those that don't and often end up hurting themselves in the long run Responsible Restructuring draws on the results of an eighteen year study of S P 500 firms to prove that it makes good business sense to restructure responsibly to avoid downsizing and instead regard employees as assets to be developed rather than costs to be cut Wayne Cascio explodes thirteen common myths about downsizing detailing its negative impact on profitability productivity quality and on the morale commitment and even health of survivors He uses real life examples to illustrate successful approaches to responsible restructuring used by companies such as Charles Schwab Compaq Cisco Motorola Reflexite and Southwest Airlines And he offers specific step by step advice on what to do and what not to do when developing and implementing a

restructuring strategy that unlike layoffs leaves the organization stronger and better able to face the challenges ahead

Make Their Day! Cindy Ventrice, 2003 Written from the employees viewpoint this book explains why good working relationships form the core of effective workplace recognition

Training Across Multiple Locations Stephen Kreml, R. Wayne Pace, 2001-04-13 Provides practical solutions to the business problem of distributing training to multiple locations Introduces a new and practical way to use assessment to create a sustainable training and development function Shows how those involved with training and development can make bottom line contributions to the company Provides a model for calculating return on investment ROI for technology based programs In this era of rapid globalization human resource development professionals in every type of organization face the problem of managing training and development across many different often widely dispersed sites Training Across Multiple Locations offers a comprehensive proven model for designing building and assessing every aspect of a multiple location training and development T D system Stephen Kreml and R Wayne Pace detail how to integrate training from multiple locations into a comprehensive organizational strategy and how corporate training can align those multiple locations with a single corporate vision Training Across Multiple Locations draws from numerous real life examples to show how distance learning technology including intra nets web based training and computer based training is being used to manage multi point training at companies like Motorola Ford Boeing Kinko s Hewlett Packard and others With technology the authors reveal training organizations are able to extend their reach and distribute training over a far wider audience in ways that may make current approaches to training less relevant and even obsolete And perhaps most importantly they provide a model for calculating return on investment ROI for these technology based programs Kreml and Pace present a detailed review process for evaluating the effectiveness of multiple location training and development systems and provide specific advice on how to conduct the review and how to share data to enhance unit effectiveness They also include a unique questionnaire that helps teams assess how well they are carrying out their T D responsibilities and how well they are integrating their activities into the corporate business plan Training and development functions survive by maintaining relationships with critical decision makers at all levels in the organization This process is often described in terms of politics and power but Training Across Multiple Locations treats the issue simply in terms of how to get the job done The unique process described in this book will encourage better preparation and more informed discussions and decisions allowing managers to better anticipate problems and stay on top of key issues
