Selfless Minds Monima Chadha, 2023 Selfless Minds offers a new interpretation of no self metaphysics in Vasubandhu's Abhidharmakosa Bhasya Monima Chadha reads Vasubandhu as defending not only eliminativism about self but also about persons and illusionism about the sense of self and all kinds of self representation This radical no self thesis presents several challenges for Abhidharma Buddhist philosophy of mind Even if we then grant that there is no self we are left with deeper questions about the sense of self or self representations implicated in our ordinary everyday experience and thought about the world and ourselves And if we grant that there are no persons questions remain about the status of our person related concerns and interpersonal practices Selfless Minds answers these questions on behalf of the Abhidharma Buddhist The first part of the book defends the hypothesis that we can salvage much of our experience and thought without implicating self representations The second part of the book examines the revisionary implications of the no person metaphysics Some of these seem unpalatable if not downright absurd This she argues give us reason to re evaluate both the Abhidharma metaphysics and our ordinary person related practices and concerns in light of each other by using some sort of wide reflective equilibrium Selfless Minds is a contribution to cross cultural philosophy that studies the nature of selfless minds from a place at the crossroads of different traditions and disciplines philosophy in the traditional Buddhist and contemporary Western traditions and contemporary cognitive sciences

Buddhism and International Humanitarian Law Andrew Bartles-Smith,Kate Crosby,Peter Harvey,Asanga Tilakaratne,Daniel Ratheiser,Noel Maurer Trew,Stefania Travagnin,Elizabeth J. Harris,Mahinda Deegalle,Christina A. Kilby,2023-09-20 What guidance can Buddhism provide to those involved in armed conflict and to belligerents who must perhaps kill or be killed or defend their families communities or countries from attack How moreover does Buddhism compare with international humanitarian law IHL otherwise known as the law of armed conflict which protects non combatants and restricts the means and methods of warfare to limit the suffering it causes Despite the prevalence of armed conflict in parts of the Buddhist world few contemporary studies have addressed these questions While there is a wealth of material on Buddhist conflict prevention and resolution remarkably little attention has been paid to what Buddhism says about the actual conduct of war IHL is also still relatively little known in the Buddhist world and might not therefore influence the behaviour of belligerents who self identify as Buddhists and are perhaps more likely to be guided by Buddhist principles This ground breaking volume is part of an International Committee of the Red Cross project which seeks to fill this gap by exploring correspondences between Buddhist and IHL principles and by identifying Buddhist resources to improve compliance with IHL and equivalent Buddhist or humanitarian norms This book will be of much interest to students and researchers of International Law Buddhism Ethics as well as War and Conflict studies The chapters in this book were originally published as a special issue of Contemporary Buddhism The Open Access version of this book available at <https://www.taylorfrancis.com/books/oa-edit/10.4324/9781003439820/buddhism-international-humanitarian-law-andrew-bartles-smith-kate-crosby-peter-harvey-asanga-tilakaratne-daniel-ratheiser-noel-maurer-trew-stefania-travagnin-elizabeth-harris-mahinda-deegalle-christina-kilby> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license A version of the open access title is also available on the OAPEN platform <https://library.oapen.org/handle/20.500.12657/75921> **Flipside** Richard Martini,2012-01-11 What happens after we die _x000D_ _x000D_ Author and award winning filmmaker Richard Martini explores startling new evidence for life after death via the life between lives where we reportedly return to find our loved ones soul mates and spiritual teachers Based on the evidence of thousands of people who claim that under deep hypnosis they saw and experienced the same basic things about the Afterlife the book documents interviews with hypnotherapists around the world trained in the method pioneered by Dr Michael Newton as well as examining actual between life sessions The author agrees to go on the same journey himself with startling and candid

 Harper Reed Former CTO Obama for America **Loving-kindness Meditation** Bill Scheffel,2003 Loving kindness is a type of meditation practiced by Buddhists throughout the world but it is a word that appears in many religious texts including the Bible Jewish liturgy and the Book of Common Prayer The book pairs images with poetry and meditation instructions **Buddhism Illuminated** San San May,Jana Igunma,2018-05-01 Buddhist temples in Southeast Asia are centers for the preservation of local artistic traditions Chief among these are manuscripts a vital source for our understanding of Buddhist ideas and practices in the region They are also a beautiful art form too little understood in the West The British Library has one of the richest collections of Southeast Asian manuscripts principally from Thailand and Burma anywhere in the world It includes finely painted copies of Buddhist scriptures literary works historical narratives and works on traditional medicine law cosmology and fortune telling Buddhism Illuminated includes over one hundred examples of Buddhist art from the Library's collection relating each manuscript to Theravada tradition and beliefs and introducing the historical artistic and religious contexts of their production It is the first book in English to showcase the beauty and variety of Buddhist manuscript art and reproduces many works that have never before been photographed *Affective Meditation and the Invention of Medieval Compassion* Sarah McNamer,2011-07-07 Affective meditation on the Passion was one of the most popular literary genres of the high and later Middle Ages Proliferating in a rich variety of forms these lyrical impassioned script like texts in Latin and the vernacular had a deceptively simple goal to teach their readers how to feel They were thus instrumental in shaping and sustaining the wide scale shift in medieval Christian sensibility from fear of God to compassion for the suffering Christ *Affective Meditation and the Invention of Medieval Compassion* advances a new narrative for this broad cultural change and the meditative writings that both generated and reflected it Sarah McNamer locates women as agents in the creation of the earliest and most influential texts in the genre from John of F camp's Libellus to the *Meditationes Vitae Christi* thus challenging current paradigms that cast the compassionate affective mode as Anselmian or Franciscan in origin The early development of the genre in women's practices had a powerful and lasting legacy With special attention to Middle English texts including Nicholas Love's Mirror and a wide range of Passion lyrics and laments *Affective*

Meditation and the Invention of Medieval Compassion illuminates how these scripts for the performance of prayer served to construct compassion itself as an intimate and feminine emotion To feel compassion for Christ in the private drama of the heart that these texts stage was to feel like a woman This was an assumption about emotion that proved historically consequential McNamer demonstrates as she traces some of its legal ethical and social functions in late medieval England
