**Hollywood v. Beauty and the Synchronicity of the Six** Kirk Henderson, 2020-05-04 Hollywood v Beauty and the Synchronicity of the Six presents the biographies of six movie actresses from the 1920s to the 1970s with a single actress representing her decade of activity Louise Brooks 1920s Jean Harlow 1930s Hedy Lamarr 1940s Barbara Payton 1950s Jean Seberg 1960s and Sondra Locke 1970s The synchronicity between the lives of these women is phenomenal and their stories are as dramatic and exciting as any to come from that town stretching all the way from complete ruination to thrilling triumph Along the way the story of movies in the Golden Age unfolds as six movie actresses try to survive in the most artificial place on Earth The power elite of Hollywood could transform unknowns into movie stars or erase the famous into oblivion Since beauty has its own innate power it is inevitable these two entities would face off "Taken by the Devil"

Margaret Anne Notley, 2020 Censorship had an extraordinary impact on Alban Berg's opera Lulu composed by the Austrian during the politically tumultuous years spanning 1929 to 1935 Based on two plays by Frank Wedekind that were repeatedly banned from publishing and performing up until the end of World War I the libretto was in turn censored by Berg himself when he submitted it to authorities in Nazi Germany in 1934 When Berg died before the opera was debuted the next season the third act was censored by his widow Helene and his former teacher Arnold Schoenberg In Taken By the Devil author Margaret Notley uncovers the unusual and uniquely generative role of censorship throughout the lifecycle of Berg's great opera Placing the opera and its source material in a wider cultural context Notley provides close readings of the opera's libretto and score to reveal the precise techniques employed by the composer in negotiating the censors She goes on to explore the ways Berg chose to augment rather than flatten the discrepancies between various performances of the earlier plays and the opera itself adding further dimensions of interpretation to the work Elegantly readable Taken by the Devil is the most meticulously researched and nuanced study of Lulu to date and illuminates the process of politically driven censorship of theater music and the arts during the tumultuous early twentieth century **Wilde in the Dream Factory**

Kate Hext, 2024 Wilde in the Dream Factory studies the influence of Oscar Wilde's work on American cinema and culture with close readings of Wilde's works alongside screwball comedies and film noir of the 1930s and 40s **Pandora's Box (Die**

*Shots to the Heart* explores how the work of the film actor inspires provokes and refigures our feelings and thoughts about the cinema The book closely considers the art of film performance the combined effect of actors' gestures movements and expressions in relation to the viewer's sensitive and creative eye As discrete moments of performative incarnation onscreen slowly accumulate actors also become figures of meaning For many viewers the screen figures which result from performance are simply called characters But in thinking about cinema the words character and characterization signal post-experiential abstractions when we quickly identify characters or summarize characterization after seeing a movie we are leaping over the emotions felt through our loving attention to the bodies flitting through a film Such concepts can never replace a careful regard for what actors onscreen are actually doing moment by moment gesture by gesture *Shots to the Heart* is finally not too concerned with the narrative machinations within which these gestures are inscribed and even resists the attempt to assemble these descriptions of performance into a full account of the film as a whole What *Shots to the Heart* does is let little moments of performance live on in writing as they are strung together alongside performative fragments from other films in a kind of alternative cinephilic account of what was felt as actors moved on the screen before us     **A to Z of American Women in the Performing Arts** Liz Sonneborn, 2014-05-14 Presents biographical profiles of 150 American women of achievement in the field of performing arts including birth and death dates major accomplishments and historical influence     Louise Brooks Louise Brooks, 1983     **The Moving Image** , 2002     **The Book Lover** Ali Smith, 2008-12-02
