Lydia Cabrera and the Construction of an Afro-Cuban Cultural Identity Edna M. Rodríguez-Plata, 2005-11-16 Lydia Cabrera 1900 1991 an upper class white Cuban intellectual spent many years traveling through Cuba collecting oral histories stories and music from Cubans of African descent Her work is commonly viewed as an extension of the work of her famous brother in law Cuban anthropologist Fernando Ortiz who initiated the study of Afro Cubans and the concept of transculturation Here Edna Rodriguez Mangual challenges this perspective proposing that Cabrera s work offers an alternative to the hegemonizing national myth of Cuba articulated by Ortiz and others Rodriguez Mangual examines Cabrera s ethnographic essays and short stories in context By blurring fact and fiction anthropology and literature Cabrera defied the scientific discourse used by other anthropologists She wrote of Afro Cubans not as objects but as subjects and in her writings whiteness instead of blackness is gazed upon as the other As Rodriguez Mangual demonstrates Cabrera rewrote the history of Cuba and its culture through imaginative means calling into question the empirical basis of anthropology and placing Afro Cuban contributions at the center of the literature that describes the Cuban nation and its national identity *Prostitution, Modernity, and the Making of the Cuban Republic, 1840-1920* Tiffany A. Sippial, 2013-11-11 Between 1840 and 1920 Cuba abolished slavery fought two wars of independence and was occupied by the United States before finally becoming an independent republic Tiffany A Sippial argues that during this tumultuous era Cuba s struggle to define itself as a modern nation found focus in the social and sexual anxieties surrounding prostitution and its regulation Sippial shows how prostitution became a prism through which Cuba s hopes and fears were refracted Widespread debate about prostitution created a forum in which issues of public morality urbanity modernity and national identity were discussed with consequences not only for the capital city of Havana but also for the entire Cuban nation Republican social reformers ultimately recast Cuban prostitutes and the island as a whole as victims of colonial exploitation who could be saved only by a government committed to progressive reforms in line with other modernizing nations of the world By 1913 Cuba had abolished the official regulation of prostitution embracing a public health program that targeted the entire population not just prostitutes Sippial thus demonstrates the central role the debate about prostitution played in defining republican ideals in independent Cuba *Black Political Activism and the Cuban Republic* Melina Pappademos, 2011-09-19 While it was not until 1871 that slavery in Cuba was finally abolished African descended people had high hopes for legal social and economic advancement as the republican period started In *Black Political Activism and the Cuban Republic* Melina Pappademos analyzes the racial politics and culture of black civic and political activists during the Cuban Republic The path to equality Pappademos reveals was often stymied by successive political and economic crises patronage politics and profound racial tensions In the face of these issues black political leaders and members of black social clubs developed strategies for expanding their political authority and for winning respectability and socioeconomic resources Rather than appeal to a

monolithic black Cuban identity based on the assumption of shared experience these black activists politicians and public intellectuals consistently recognized the class cultural and ideological differences that existed within the black community thus challenging conventional wisdom about black community formation and anachronistic ideas of racial solidarity Pappademos illuminates the central yet often silenced intellectual and cultural role of black Cubans in the formation of the nation s political structures in doing so she shows that black activism was only partially motivated by race *The 1812 Aponte Rebellion in Cuba and the Struggle Against Atlantic Slavery* Matt D. Childs, 2006 In 1812 a series of revolts known collectively as the Aponte Rebellion erupted across the island of Cuba comprising one of the largest and most important slave insurrections in Caribbean history Matt Childs provides the first in depth analysis of the re *The Origins of the Cuban Revolution Reconsidered* Samuel Farber, 2007-09-06 Analyzing the crucial period of the Cuban Revolution from 1959 to 1961 Samuel Farber challenges dominant scholarly and popular views of the revolution s sources shape and historical trajectory Unlike many observers who treat Cuba s revolutionary leaders as having merely reacted to U S policies or domestic socioeconomic conditions Farber shows that revolutionary leaders while acting under serious constraints were nevertheless autonomous agents pursuing their own independent ideological visions although not necessarily according to a master plan Exploring how historical conflicts between U S and Cuban interests colored the reactions of both nations leaders after the overthrow of Fulgencio Batista Farber argues that the structure of Cuba s economy and politics in the first half of the twentieth century made the island ripe for radical social and economic change and the ascendant Soviet Union was on hand to provide early assistance Taking advantage of recently declassified U S and Soviet documents as well as biographical and narrative literature from Cuba Farber focuses on three key years to explain how the Cuban rebellion rapidly evolved from a multiclass antidictatorial movement into a full fledged social revolution **Rethinking Slave Rebellion in Cuba** Aisha K. Finch, 2015-05-21 Envisioning La Escalera an underground rebel movement largely composed of Africans living on farms and plantations in rural western Cuba in the larger context of the long emancipation struggle in Cuba Aisha Finch demonstrates how organized slave resistance became critical to the unraveling not only of slavery but also of colonial systems of power during the nineteenth century While the discovery of La Escalera unleashed a reign of terror by the Spanish colonial powers in which hundreds of enslaved people were tortured tried and executed Finch revises historiographical conceptions of the movement as a fiction conveniently invented by the Spanish government in order to target anticolonial activities Connecting the political agitation stirred up by free people of color in the urban centers to the slave rebellions that rocked the countryside Finch shows how the rural plantation was connected to a much larger conspiratorial world outside the agrarian sector While acknowledging the role of foreign abolitionists and white creoles in the broader history of emancipation Finch teases apart the organization leadership and effectiveness of the black insurgents in midcentury dissident mobilizations that emerged across western Cuba presenting compelling evidence that black women played a particularly critical role

**Forging Diaspora** Frank Andre Guridy, 2010 Cuba's geographic proximity to the United States and its centrality to U.S. imperial designs following the War of 1898 led to the creation of a unique relationship between Afro-descended populations in the two countries. In *Forging Diaspora* Frank Cuba and the Tempest Eduardo González, 2006-12-08 In a unique analysis of Cuban literature inside and outside the country's borders Eduardo González looks closely at the work of three of the most important contemporary Cuban authors to write in the post-1959 diaspora Guillermo Cabrera Infante 1929-2005 who left Cuba for good in 1965 and established himself in London Antonio Benítez Rojo 1931-2005 who settled in the United States and Leonardo Padura Fuentes b. 1955 who still lives and writes in Cuba Through the positive experiences of exile and wandering that appear in their work these three writers exhibit what González calls Romantic authorship a deep connection to the Romantic spirit of irony and complex sublimity crafted in literature by Lord Byron Thomas De Quincey and Samuel Taylor Coleridge In González's view a writer becomes a belated Romantic by dint of exile adopted creatively with comic or tragic irony González weaves into his analysis related cinematic elements of myth folktale and the grotesque that appear in the work of filmmakers such as Alfred Hitchcock and Pedro Almodóvar Placing the three Cuban writers in conversation with artists and thinkers from British and American literature anthropology philosophy psychoanalysis and cinema González ultimately provides a space in which Cuba and its literature inside and outside its borders are deprovincialized Sexual Revolutions in Cuba Carrie Hamilton, 2012 Chronicling the history of sexuality in Cuba since the 1959 revolution this book frames the relationship between passion and politics in the revolution's wider history and argues that the Cuban revolutionary regime intervened in the sexual lives of Cubans in a variety of ways and transformed key areas of Cuban life including the family reproduction sexual values and sexual relationships Drawing from a major oral history project the Memories of the Revolution oral history project conducted by a team of British and Cuban researchers Hamilton was one of the British researchers on the team between 2003 and 2007 Hamilton explores the experiences and perceptions of sexuality among Cubans across generations and social groups She contextualizes the oral histories within an array of archival and secondary sources relating them to issues of race class and gender as well as to social economic and political change Organized thematically the volume opens with a historical overview that points out that after 1959 revolutionary values continued to coexist with pre-revolutionary ideologies in a potent and often contradictory mix Succeeding chapters examine discourse on love romance and passion on both personal and national levels male and female homosexuality sexual repression and changing gender roles and service to the revolution Hamilton explores conflicting notions of Cuba as a site of desire on the one hand and as a place of intense sexual repression especially with regard to homosexuality on the other She identifies many ways in which revolutionary policy affected sexual behavior including changes to policy and laws mass education programs leaders' pronouncements on the relationship between good revolutionaries and private life and the provision of incentives to encourage certain forms of sexual union and repressive measures to discourage and punish others

Hamilton argues that sexual politics were central to the construction of a new revolutionary society **Havana and the Atlantic in the Sixteenth Century** Alejandro de la Fuente,2011-02-01 Havana in the 1550s was a small coastal village with a very limited population that was vulnerable to attack By 1610 however under Spanish rule it had become one of the best fortified port cities in the world and an Atlantic center of shipping commerce and shipbuilding Using all available local Cuban sources Alejandro de la Fuente provides the first examination of the transformation of Havana into a vibrant Atlantic port city and the fastest growing urban center in the Americas in the late sixteenth century He shows how local ambitions took advantage of the imperial design and situates Havana within the slavery and economic systems of the colonial Atlantic

**Chinese Cubans** Kathleen M. López,2013-06-10 In the mid nineteenth century Cuba s infamous coolie trade brought well over 100 000 Chinese indentured laborers to its shores Though subjected to abominable conditions they were followed during subsequent decades by smaller numbers of merchants craftsmen and free migrants searching for better lives far from home In a comprehensive vibrant history that draws deeply on Chinese and Spanish language sources in both China and Cuba Kathleen Lopez explores the transition of the Chinese from indentured to free migrants the formation of transnational communities and the eventual incorporation of the Chinese into the Cuban citizenry during the first half of the twentieth century Chinese Cubans shows how Chinese migration intermarriage and assimilation are central to Cuban history and national identity during a key period of transition from slave to wage labor and from colony to nation On a broader level Lopez draws out implications for issues of race national identity and transnational migration especially along the Pacific rim

*Visions of Power in Cuba* Lillian Guerra,2012-10-15 In the tumultuous first decade of the Cuban Revolution Fidel Castro and other leaders saturated the media with altruistic images of themselves in a campaign to win the hearts of Cuba s six million citizens In *Visions of Power in Cuba* Lillian Guerra argues that these visual representations explained rapidly occurring events and encouraged radical change and mutual self sacrifice Mass rallies and labor mobilizations of unprecedented scale produced tangible evidence of what Fidel Castro called unanimous support for a revolution whose moral power defied U S control Yet participation in state orchestrated spectacles quickly became a requirement for political inclusion in a new Cuba that policed most forms of dissent Devoted revolutionaries who resisted disastrous economic policies exposed post 1959 racism and challenged gender norms set by Cuba s one party state increasingly found themselves marginalized silenced or jailed Using previously unexplored sources Guerra focuses on the lived experiences of citizens including peasants intellectuals former prostitutes black activists and filmmakers as they struggled to author their own scripts of revolution by resisting repression defying state imposed boundaries and working for anti imperial redemption in a truly free Cuba *Handbook of Research on the Facilitation of Civic Engagement through Community Art* Hersey, Leigh Nanney,Bobick, Bryna,2016-12-05 Outreach and engagement initiatives are crucial in promoting community development This can be achieved through a number of methods including avenues in the fine arts The Handbook of Research on the

Facilitation of Civic Engagement through Community Art is a comprehensive reference source for emerging perspectives on the incorporation of artistic works to facilitate improved civic engagement and social justice Featuring innovative coverage across relevant topics such as art education service learning and student engagement this handbook is ideally designed for practitioners artists professionals academics and students interested in active citizen participation via artistic channels

**The Revolution is for the Children** Anita Casavantes Bradford,2014 Since 1959 the Cuban revolutionary government has proudly proclaimed that the revolution is for the children Many Cuban Americans reject this claim asserting that they chose exile in the United States to protect their children from the evils of Castro communism Anita Casavantes Bradford s analysis of the pivotal years between the Revolution s triumph and the 1962 Missile Crisis uncovers how and when children were first pressed into political service by ideologically opposed Cuban communities on both sides of the Florida Straits Casavantes Bradford argues that in Havana the Castro government deployed a morally charged politics of childhood to steer a nationalist and reformist revolution toward socialism At the same time Miami exile leaders put children at the heart of efforts to mobilize opposition to Castro s regime and to link the well being of Cuban refugees to U S Cold War foreign policy objectives Casavantes Bradford concludes that the 1999 Eli n Gonz lez custody battle was the most notorious recent manifestation of the ongoing struggle to define and control Cuban childhood revealing the persistent centrality of children to Cuban politics and national identity

**De Bosque a Sabana** Reinaldo Funes Monzote,2008 In this award winning environmental history of Cuba since the age of Columbus Reinaldo Funes Monzote emphasizes the two processes that have had the most dramatic impact on the island s landscape deforestation and sugar cultivation During the first 300 years of Spanish settlement sugar plantations arose primarily in areas where forests had been cleared by the royal navy which maintained an interest in management and conservation for the shipbuilding industry The sugar planters won a decisive victory in 1815 however when they were allowed to clear extensive forests without restriction for cane fields and sugar production This book is the first to consider Cuba s vital sugar industry through the lens of environmental history Funes Monzote demonstrates how the industry that came to define Cuba and upon which Cuba urgently depended also devastated the ecology of the island The original Spanish language edition of the book published in Mexico in 2004 was awarded the UNESCO Book Prize for Caribbean Thought Environmental Category For this first English edition the author has revised the text throughout and provided new material including a glossary and a conclusion that summarizes important developments up to the present

Rodenberg,Pieter Wagenaar,2018-07-04 Heritage practices often lead to social exclusion as such practices can favor certain values over others In some cases exclusion from a society s symbolic landscape can spark controversy or rouse emotion so

much so that they result in cultural contestation. Examples of this abound but few studies explicitly analyze the role of government in these instances. In this volume, scholars from a variety of academic backgrounds examine the various and often conflicting roles governments play in these processes and governments do play a role. They act as authors and authorizers of the symbolic landscape from which societal groups may feel excluded. Yet they also often attempt to bring parties together and play a mitigating role.
