African Americans Confront Lynching Christopher Waldrep, 2009 This book examines African Americans strategies for resisting white racial violence from the Civil War until the assassination of Martin Luther King Jr in 1968 and up to the Clinton era Christopher Waldrep s semi biographical approach to the pioneers in the anti lynching campaign portrays African Americans as active participants in the effort to end racial violence rather than as passive victims In telling this more than 100 year old story of violence and resistance Waldrep describes how white Americans legitimized racial violence after the Civil War and how black journalists campaigned against the violence by invoking the Constitution and the law as a source of rights He shows how toward the end of the nineteenth century and into the twentieth anti lynching crusaders Ida B Wells and Monroe Work adopted a more sociological approach offering statistics and case studies to thwart white claims that a black propensity for crime justified racial violence Waldrep describes how the NAACP founded in 1909 represented an organized even bureaucratic approach to the fight against lynching Despite these efforts racial violence continued after World War II as racists changed tactics using dynamite more than the rope or the gun Waldrep concludes by showing how modern day hate crimes continue the lynching tradition and how the courts and grass roots groups have continued the tradition of resistance to racial violence A rich selection of documents helps give the story a sense of immediacy Sources include nineteenth century eyewitness accounts of lynching courtroom testimony of Ku Klux Klan victims South Carolina senator Ben Tillman s 1907 defense of lynching and the text of the first federal hate crimes law [Anatomy of a Lynching](#) James R. McGovern, 2013-10-07 A sensitive and forthright analysis of one of the most gruesome episodes in Florida history McGovern has produced a richly detailed case study that should enhance our general understanding of mob violence and vigilantism Florida Historical Quarterly McGovern has succeeded in writing more than a narrative account of this bloodcurdling story he has explored its causes and ramifications

American Historical Review A finely crafted historical case study of one lynching its antecedents and its aftermath

Contemporary Sociology First published in 1982 James R McGovern s Anatomy of a Lynching unflinchingly reconstructs the grim events surrounding the death of Claude Neal one of the estimated three thousand blacks who died at the hands of southern lynch mobs in the six decades between the 1880s and the outbreak of World War II Neal was accused of the brutal rape and murder of Lola Cannidy a young white woman he had known since childhood On October 26 1934 a well organized mob took Neal from his jail cell The following night the mob tortured Neal and hanged him to the point of strangulation repeating the process until the victim died A large crowd of men women and children who gathered to witness celebrate and assist in the lynching further mutilated Neal s body Finally the battered corpse was put on display suspended as a warning from a tree in front of the Jackson County Florida courthouse Based on extensive research as well as on interviews with both blacks and whites who remember Neal s death Anatomy of a Lynching sketches the social background of Jackson County Florida deeply religious crushed by the Depression accustomed to violence and proud of its role in the Civil War and examines which elements in the county s makeup contributed to the mob violence McGovern offers a powerful dissection of an extraordinarily violent incident

Bodies out of Place Barbara Harris Combs,2022-09-01 Bodies out of Place asserts that anti Black racism is not better than it used to be it is just performed in more nuanced ways Barbara Harris Combs argues that racism is dynamic so new theories are needed to help expose it The Bodies out of Place BOP theory she advances in the book offers such a corrective lens Interrogating several recent racialized events the Central Park birding incident the killing of Ahmaud Arbery sleeping while Black occurrences and others Combs demonstrates how the underlying belief that undergirds each encounter is a false presumption that Black bodies in certain contexts are out of place Within these examples she illustrates how even amid professions to color blindness fixed attitudes about where Black bodies belong in what positions at what time and with whom still predominate Combs describes a long historical pattern of White pushback against Black advancement and illuminates how each of the various forms of pushback is aimed at social control and regulation of Black bodies She describes overt and covert attempts to push Black bodies back into their presumed place in U S society While the pushback takes many forms each works to paint a narrative to justify rationalize and excuse continuing violence against Black bodies Equally important Combs celebrates the resilient Black agency that has resisted this subjugation

Species Matters Marianne DeKoven,Michael Lundblad,2012 Why has the academy struggled to link advocacy for animals to advocacy for various human groups Within cultural studies in which advocacy can take the form of a theoretical intervention scholars have resisted arguments that add species to race class gender sexuality disability and other human identity categories as a site for critical analysis Species Matters considers whether cultural studies should pay more attention to animal advocacy and whether in turn animal studies should pay more attention to questions raised by cultural theory The contributors to this volume explore these issues particularly in relation to the humane treatment of animals and

various human groups and the implications both theoretical and practical of blurring the distinction between the human and the animal They address important questions raised by the history of representing humans as the only animal capable of acting humanely and provide a framework for reconsidering the nature of humane discourse whether in theory literary and cultural texts or current advocacy movements outside of the academy

Lynching and Leisure Terry Anne Scott, 2022-05-02 Winner 2022 Ottis Lock Endowment Best Book Award from the East Texas Historical Association In *Lynching and Leisure* Terry Anne Scott examines how white Texans transformed lynching from a largely clandestine strategy of extralegal punishment into a form of racialized recreation in which crowd involvement was integral to the mode and methods of the violence Scott powerfully documents how lynchings came to function not only as tools for debasing the status of Black people but also as highly anticipated occasions for entertainment making memories with friends and neighbors and reifying whiteness In focusing on the sense of pleasure and normality that prevailed among the white spectatorship this comprehensive study of Texas lynchings sheds new light on the practice understood as one of the chief strategies of racial domination in the nineteenth and twentieth century South

Gender and Lynching Evelyn M. Simien, 2016-04-30 The authors probe the reasons and circumstances surrounding the death and torture of African American female victims relying on such methodological approaches as comparative historical work content and media analysis as well as literary criticism

The Roots of Rough Justice Michael J. Pfeifer, 2011-04-01 In this deeply researched prequel to his 2006 study *Rough Justice Lynching and American Society 1874-1947* Michael J. Pfeifer analyzes the foundations of lynching in American social history Scrutinizing the vigilante movements and lynching violence that occurred in the middle decades of the nineteenth century on the Southern Midwestern and far Western frontiers *The Roots of Rough Justice Origins of American Lynching* offers new insights into collective violence in the pre Civil War era Pfeifer examines the antecedents of American lynching in an early modern Anglo European folk and legal heritage He

addresses the transformation of ideas and practices of social ordering law and collective violence in the American colonies the early American Republic and especially the decades before and immediately after the American Civil War His trenchant and concise analysis anchors the first book to consider the crucial emergence of the practice of lynching of slaves in antebellum America Pfeifer also leads the way in analyzing the history of American lynching in a global context from the early modern British Atlantic to the legal status of collective violence in contemporary Latin America and sub Saharan Africa Seamlessly melding source material with apt historical examples *The Roots of Rough Justice* tackles the emergence of not only the rhetoric surrounding lynching but its practice and ideology Arguing that the origins of lynching cannot be restricted to any particular region Pfeifer shows how the national and transatlantic context is essential for understanding how whites used mob violence to enforce the racial and class hierarchies across the United States

On

Inhumanity David Livingstone Smith, 2020-05-25 The Rwandan genocide the Holocaust the lynching of African Americans the colonial slave trade these are horrific episodes of mass violence spawned from racism and hatred We like to think that we could never see such evils again that we would stand up and fight But something deep in the human psyche deeper than prejudice itself leads people to persecute the other dehumanization or the human propensity to think of others as less than human An award winning author and philosopher Smith takes an unflinching look at the mechanisms of the mind that encourage us to see someone as less than human There is something peculiar and horrifying in human psychology that makes us vulnerable to thinking of whole groups of people as subhuman creatures When governments or other groups stand to gain by exploiting this innate propensity and know just how to manipulate words and images to trigger it there is no limit to the violence and hatred that can result Drawing on numerous historical and contemporary cases and recent psychological research *On Inhumanity* is the first accessible guide to the phenomenon of dehumanization Smith walks readers through the psychology of dehumanization revealing its underlying role in both notorious and lesser known episodes of violence from history and current events In particular he considers the uncomfortable kinship between racism and dehumanization where beliefs involving race are so often precursors to dehumanization and the horrors that flow from it *On Inhumanity* is bracing and vital reading in a world lurching towards authoritarian political regimes resurgent white nationalism refugee crises that breed nativist hostility and fast spreading racist rhetoric The book will open your eyes to the pervasive dangers of dehumanization and the prejudices that can too easily take root within us and resist them before they spread into the wider world

Our Punitive Society Randall G. Sheldon, 2009-12-30 This brand new text identifies the macroeconomic forces relevant to imprisonment poverty and political powerlessness and explores viable and humane alternatives to our current incarceration binge

Mary Turner and the Mob Thomas Aiello, 2025-01-23 A

reinterpretation of one of America's most notorious lynchings. The 1918 lynching of Mary Turner by a white mob in Brooks County, Georgia, is remembered and studied mainly because of the horror of an allegedly pregnant woman's murder. In *Mary Turner and the Mob*, author Thomas Aiello asserts that the gruesome details of Turner's execution have distracted historians from investigating the larger context of these terrible events. Turner was murdered but not pregnant, the author contends, and Walter White, the NAACP investigator in the case, knew this but obscured the facts because of the story's effectiveness. Aiello approaches Turner's murder and broader violence in Brooks County not only as a series of lynchings in the rural South but also as events best understood as part of a sustained wave of racial violence during the long Red Summer beginning in East St. Louis in 1917 and continuing until the Tulsa Massacre in 1921.

[The Hip Hop Movement](#) Reiland Rabaka, 2013-04-04

The Hip Hop Movement offers a critical theory and alternative history of rap music and hip hop culture by examining their roots in the popular musics and popular cultures of the Civil Rights Movement and Black Power Movement. Connecting classic rhythm blues and rock roll to the Civil Rights Movement and classic soul and funk to the Black Power Movement, The Hip Hop Movement explores what each of these musics and movements contributed to rap, neo soul, hip hop culture, and the broader Hip Hop Movement. Ultimately, this book's remixes, as opposed to chapters, reveal that black popular music and black popular culture have always been more than merely popular music and popular culture in the conventional sense and reflect a broader social, political, and cultural movement. With this in mind, sociologist and musicologist Reiland Rabaka critically reinterprets rap and neo soul as popular expressions of the politics, social visions, and cultural values of a contemporary multi-issue movement. The Hip Hop Movement. Rabaka argues that rap music, hip hop culture, and the Hip Hop Movement are as deserving of critical scholarly inquiry as previous black popular musics such as the spirituals, blues, ragtime, jazz, rhythm blues, rock roll, soul, and funk, and previous black popular movements such as the Black Women's Club Movement, New Negro Movement, Harlem Renaissance, Civil Rights Movement, Black Power Movement, Black Arts Movement, and Black Women's Liberation Movement. This volume, equal parts alternative history of hip hop and critical theory of hip hop, challenges those scholars, critics, and fans of hip hop who lopsidedly over focus on commercial rap, pop rap, and gangsta rap while failing to acknowledge that there are more than three dozen genres of rap music and many other socially and politically progressive forms of hip hop culture beyond DJing, MCing, rapping, beat making, break dancing, and graffiti writing.
