The Philosophy of Autobiography Christopher Cowley,2015-10-26 This book promises to be the first of its kind a philosophical investigation of autobiographical writing All of us are autobiographers at least some of the time and all of us crave certain kinds of recognition and confirmation from others just as we fear blame and reproach from those who know us well The philosophy of autobiography examines this fundamental story telling process and its place in our lives As such it straddles a number of long standing philosophical questions having to do with the meaning of life the problems of autonomy and responsibility and authenticity the nature of self deception and bad faith the structure of the self and its existence through time the question of the reliability and meaning of memory and the problem of understanding another person and imaginatively identifying with him The contributors to the volume are mostly philosophers but many of them have interests outside philosophy and have been informed by research findings from literary theory and from psychiatry Some of the contributors are also literary theorists and one of them has even published autobiographical work Contributors also examine specific autobiographies and diaries of philosophers and non philosophers as well as fictional works using an autobiographical format in order to explore the philosophical implications and presuppositions of the genre The result is a most useful and productive interdisciplinary exchange

Harold's Will Greg Royer,2024-02-26 Due to a series of bad decisions Harold finds himself fighting to save his legacy and his life Winning either fight seems unlikely The collision of two separate events from Harold's past is turning his life upside down Harold is quickly approaching the age at which his father dropped dead right in front of him from a deadly condition that Harold has inherited and a childhood friend who recently died by suicide because in Harold's mind of a horrible mistake Harold made when they were fourteen Unwilling to confront his past or his mortality Harold decides to fix the future But his efforts to extend his control beyond the grave only make things worse alienating friends and family His irrational behaviour finally puts his life at risk when he finds himself lost in the Canadian Rockies in the dead of winter In the pit of his despair Harold hears a voice in the darkness that describes itself as a spirit named Herman A fan of Miley Cyrus bad jokes and of Harold himself Herman appears to hold a very unusual insight into the universe and the very reason for our existence While Herman's story stretches Harold's imagination it may be exactly what he needs to hear As he struggles to deal with his fear and guilt Harold must trust the disembodied voice of Herman and realize the implications of what he's done But will he survive long enough to fix the mess he's created

L. Pawlowski, 2015-08-19 For hundreds of years the Blue Ridge Forest remained silent until just recently It started with something only the insects underground could feel As it grew stronger the birds became aware as they perched in the trees for the night One day someone noticed smoke rising from the old ancient granite peak of the Blue Ridge Mountain Then one early morning hour something was felt but it happened quick with one deep ear splitting sound The sound was deafening Loud enough to be heard all the way to the castle which was three miles away The entity looked at the crack that appeared in front of it For the first time in hundreds of years it has seen light Barely stronger than the light breeze that pushed its way inside the damp cave through the hairline crack The entity slowly made its way out Slithering its way through the eight foot thick crack it stood outside the mountain The entity didn't waste time making its way down the mountain Weakened by being trapped for so many years it needed a host to live in to make it stronger Making its way to the

base of the mountain it started seeing animal tracks stopping for a minute to take in all of the scents It knew there were humans close by but it was too weak to take on a human host Finally after a few moments it slithered over a log to track the preferred animal scent Three miles further it came upon its host No more than twenty feet away stood the big deer eating the leaves off the plants that sprouted off the forest floor Even though the deer didnt see hear or smell anything the big buck knew from living its existence in the forest and relying on its senses that some kind of danger lurked nearby The big buck quickly put its head up Standing as still as a statue the buck only moved its eyes to scan the surrounding forest As the moments went by the panic in the deer grew stronger Adrenaline surged through the deers veins The deer knew it had to run as fast as it could into the safety of the forest But it was too late

The Senior Commoner Julian Hall, 2012-11-15 Philip Larkin s favourite novel That might be an exaggeration but it is one that not only exercised a lasting fascination for him but was also an influence on his own novel writing Larkin famously wrote about it in a 1982 Spectator article republished in

Required Writing under the wonderfully apt title *The Traffic in the Distance* Despite Larkin's enthusiasm *The Senior Commoner* until now has never been reissued and although reprinted once second hand copies have been fabulously rare *The Senior Commoner* was first published in 1934 It is set in Eton College dubbed Ayrton in the novel but is not remotely in the tradition of the English School story To quote Larkin There is no story or hardly any the book is a huge structure of tiny episodes designed to portray a complex institution at all levels Whilst interestingly there might stylistic similarities with Henry Green and the early novels of Anthony Powell all three authors were at Eton at the same time though Julian Hall was two years junior to the other two this novel very much has its own voice indeed Larkin found it unique He was attracted to its brittle plangency of style and its studied circumstantial irrelevancy and concluded Nor have I ever read another book in the least like it
