of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal

volume one and two Volume two contains primary source material on preaching drawn from the entire scope of the church's twenty centuries Each chapter in volume two is geared to its companion chapter in volume one's narrative history *The History of the Riverside Church in the City of New York* Peter J. Paris, John W. Cook, James Hudnut-Beumler, Lawrence Mamiya, 2004-05-01 It was from the pulpit of the Riverside Church that Martin Luther King Jr first publicly voiced his opposition to the Vietnam War that Nelson Mandela addressed U S church leaders after his release from prison and that speakers as diverse as Cesar Chavez Jesse Jackson Desmond Tutu Fidel Castro and Reinhold Niebuhr lectured church and nation about issues of the day The greatest of American preachers have served as senior minister including Harry Emerson Fosdick Robert J McCracken Ernest T Campbell William Sloane Coffin Jr and James A Forbes Jr and at one time the New York Times printed reports of each Sunday's sermon in its Monday morning edition For seven decades the church has served as the premier model of Protestant liberalism in the United States Its history represents the movement from white Protestant hegemony to a multiracial and multiethnic church that has been at the vanguard of social justice advocacy liberation theologies gay and lesbian ministries peace studies ethnic and racial dialogue and Jewish Christian relations A collaborative effort by a stellar team of scholars *The History of the Riverside Church in the City of New York* offers a critical history of this unique institution on Manhattan's Upper West Side including its cultural impact on New York City and beyond its outstanding preachers and its architecture and assesses the shifting fortunes of religious progressivism in the twentieth century *Preaching the Manifold Grace of God, Volume 1* Ronald J. Allen, 2022-06-08 *Preaching the Manifold Grace of God* is a two volume work describing theologies of preaching from the historical and contemporary periods Volume 1 focuses on historical theological families Orthodox Roman Catholic Lutheran Reformed Anabaptist Anglican Episcopal Wesleyan Baptist African American Stone Campbell Friends and Pentecostal Volume 2 focuses on families that are evangelical liberal neo orthodox postliberal existential radical orthodox deconstructionist Black liberation womanist Latinx liberation Mujerista Asian American Asian American feminist LGBTQAI Indigenous postcolonial and process In each case the author describes the circumstances in which the theological family emerged and describes the purposes and characteristics of preaching from that perspective *Moral Combat* R. Marie Griffith, 2017-12-12 From an esteemed scholar of American religion and sexuality a sweeping account of the century of religious conflict that produced our culture wars Gay marriage transgender rights birth control sex is at the heart of many of the most divisive political issues of our age The origins of these conflicts historian R Marie Griffith argues lie in sharp disagreements that emerged among American Christians a century ago From the 1920s onward a once solid Christian consensus regarding gender roles and sexual morality began to crumble as liberal Protestants sparred with fundamentalists and Catholics over questions of obscenity sex education and abortion Both those who advocated for greater openness in sexual matters and those who resisted new sexual norms turned to politics to pursue their moral visions for the nation *Moral Combat* is a history of how the Christian consensus on sex unraveled and how this

unraveling has made our political battles over sex so ferocious and so intractable *Jesus Made in America* Stephen J. Nichols, 2009-09-20 Jesus is as American as baseball and apple pie But how this came to be is a complex story one that Stephen Nichols tells with care and ease Beginning with the Puritans he leads readers through the various cultural epochs of American history showing at each stage how American notions of Jesus were shaped by the cultural sensibilities of the times often with unfortunate results Always fascinating and often humorous *Jesus Made in America* offers a frank assessment of the story of Christianity in America including the present For those interested in the cultural implications of that story this book is a must read *The Preacher King* Richard Lischer, 2020 *The Preacher King* investigates Martin Luther King Jr s religious development from a precocious preacher s kid in segregated Atlanta to the most influential America preacher and orator of the twentieth century To give the most accurate and intimate portrait possible Richard Lischer draws almost exclusively on King s unpublished sermons and speeches as well as tape recordings personal interviews and even police surveillance reports By returning to the raw sources Lischer recaptures King s truest preaching voice and consequently something of the real King himself He shows how as the son grandson and great grandson of preachers King early on absorbed the poetic cadences traditions and power of the pulpit more profoundly influenced by his fellow African American preachers than by Gandhi and the classical philosophers Lischer also reveals a later phase of King s development that few of his biographers or critics have addressed the prophetic rage with which he condemned American religious and political hypocrisy During the last three years of his life Lischer shows King accused his country of genocide warned of long hot summers in the ghettos and called for a radical redistribution of wealth 25 years after its initial publication *The Preacher King* remains a critical study that captures the crucial aspect of Martin Luther King Jr s identity Human complex and passionate King was the consummate American preacher who never quit trying to reshape the moral and political character of the nation **God's Cold Warrior** John D. Wilsey, 2021-02-09 When John Foster Dulles died in 1959 he was given the largest American state funeral since Franklin Delano Roosevelt s in 1945 President Eisenhower called Dulles his longtime secretary of state one of the truly great men of our time and a few years later the new commercial airport outside Washington DC was christened the Dulles International Airport in his honor His star has fallen significantly since that time but his influence remains indelible most especially regarding his role in bringing the worldview of American exceptionalism to the forefront of US foreign policy during the Cold War era a worldview that has long outlived him *God s Cold Warrior* recounts how Dulles s faith commitments from his Presbyterian upbringing found fertile soil in the anti communist crusades of the mid twentieth century After attending the Oxford Ecumenical Church Conference in 1937 he wrote about his realization that the spirit of Christianity of which I learned as a boy was really that of which the world now stood in very great need not merely to save souls but to solve the practical problems of international affairs Dulles believed that America was chosen by God to defend the freedom of all those vulnerable to the godless tyranny of communism and he carried out this religious vision in every aspect of his diplomatic and

political work He was conspicuous among those US officials in the twentieth century that prominently combined their religious convictions and public service making his life and faith key to understanding the interconnectedness of God and country in US foreign affairs Evangelicals and Nicene Faith () Timothy George,2011-10-01 The Nicene Creed is the most universally accepted statement of Christian faith by Protestant Catholic and Orthodox believers alike In this volume top scholars examine the Nicene Creed s connection with the evangelical tradition helping readers see evangelicalism as a renewal movement within the one holy catholic and apostolic church Particular focus is given to the Creed s practical outworking in the life of the church its theology spirituality worship and mission Topics include pastoral work biblical exegesis the emerging phenomena and Christian orthodoxy s revival in the Global South The book helps readers present the traditional Christian faith to twenty first century people Contributors include Thomas C Oden Gerald Bray Carl E Braaten Curtis W Freeman Elizabeth Newman and Ralph C Wood among others *Baptists in America* Thomas S. Kidd,Barry Hankins,2015 The Puritans hounded the Baptists out of Massachusetts Bay Colony Four hundred years later Baptists are the second largest religious group in America and their influence matches their numbers Yet the historical legacy and the inherently fractured nature of their faith makes Baptists ever wary of threats from within as well as without Kidd and Hankins both practicing Baptists weave the threads of Baptist history alongside those of American history to show how one religious denomination was transformed from persecuted minority into a leading actor on the national stage with profound implications for American society and culture **Memoirs of the Spirit** Edwin Scott Gaustad,2001 A collection of twenty six chronologically arranged spiritual autobiographies **Singing Church History** Paul Rorem,2024 Christianity is a singing church with biblical foundations and centuries of examples in Psalms and canticles hymns and gospel songs Rorem brings history to life through engaging tales of the stories behind hymn texts This volume is an ecumenical history of the music that has us singing church history each Sunday The Urban Pulpit Matthew Bowman,2014-02-04 Matthew Bowman explores the world of a neglected group of American Christians the self identified liberal evangelicals who began in late nineteenth century New York to reconcile traditional evangelical spirituality with progressive views on social activism and theological questions These evangelicals emphasized the importance of supernatural conversion experience but also argued that scientific advances new movements in art and the decline in poverty created by a new industrial economy could facilitate encounters with Christ The Urban Pulpit chronicles the struggle of liberal evangelicals against conservative Protestants who questioned their theological sincerity and against secular reformers who grew increasingly devoted to the cause of cultural pluralism and increasingly suspicious of evangelicals over the course of the twentieth century Liberal evangelicals walked a difficult path facing increasing polarization in twentieth century American public life both conservative evangelicals and secular reformers insisted that religion and science were necessarily at odds and that evangelical Christianity was incompatible with cultural diversity Liberal evangelicals rejected these simple dichotomies but nonetheless found it

increasingly difficult to defend their middle way Drawing on history anthropology and religious studies Bowman paints a complex portrait of these understudied Christians at work at worship and engaged in advocacy in the public square
