Have I Been Over Wed A Boulevard Of Broken Dreams:

Have I Been Over-Wed? Renooka Gopaul, 2011-09-26 My first husband Goldie was obsessed with kids and he chose to be with another woman just for kids He said he loved me but I don't know whether he was true as when I asked him to hire a surrogate mother he turned me down saying he wanted a child with love Does love mean to have physical relation only and produce children It might be so I am still searching an answer to this He asked me to stay in his life just as a mere doll and I could not accomplish that My second husband Brainie was simply obsessed with money For him money was everything and other things served no importance in his life He wanted me to be his money machine and after spending seven years with him Dave came in my life Dave my third husband was obsessed with sex For him marriage was just the license to physical relation freely Whereas for me marriage is a very sacred relation a relation which I believe can be nurtured only with love faith and happiness Again love is not as simple as it sounds to be It is the mental and emotional attachment between two persons You cannot go before two or three persons at a time and tell them that you love them Before you tell a person that you love him or her at first give a thought whether you have any respect for that person and if you can keep him or her happy Have some love in your heart for the person with whom you are sharing a physical relation I am so confused after so many incidents in my life that I still do not have answers to many questions I am writing this book and I hope earnestly that the readers will help me in finding answers to these questions I don't know if I had been married too many times I don't know even if any one of my husbands loved me I don't know if they had just abused my life and my trust and kicked me out of their lives

Succession Stewart D. Friedman,2017-09-04 This volume focuses on the most critical strategic activity in any organization namely who gets chosen to sit in the top echelon of the pyramid Friedman argues that it is the quality of corporate leadership that will determine corporate winners and losers in the global competitive game The stakes in leadership succession are high The selection of key figures is the one human resource activity that no one belittles for being of secondary importance Indeed leadership succession is so important and central in many executive minds that it crowds out any other work The succession process is often fraught with political intrigue it lacks discipline and excludes meaningful involvement of senior human resource executives The contributors to this imaginative volume reveal a succession planning process that is frequently sloppy superficial and regularly sabotaged by senior management when they give it short shrift in terms of quality time In addition senior management often overrides sound decisions when it comes to filling key positions The result is a lack of integrity throughout the human resource systems that eventually leads to a collapse of belief in the system and its governance Noel M Tichy a leading figure in the studies of human resource management has said Stewart Friedman is to be congratulated for a successful effort in providing a state of the art look at leadership succession He provides us with an empirical database of what is happening in U S corporations helpful prescriptions for future improvement of leadership succession and a realistic assessment of the human resource executive challenges in this area **Billboard** ,2005-01-29 In
