comic books and graphic novels from the 1930s to the present this massive four volume work provides a colorful yet authoritative source on the entire history of the comics medium Comics and graphic novels have recently become big business serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s which prohibited the depiction of zombies and use of the word horror among many other rules Comics through Time A History of Icons Idols and Ideas provides students and general readers a one stop resource for researching topics genres works and artists of comic books comic strips and graphic novels The comprehensive and broad coverage of this set is organized chronologically by volume Volume 1 covers 1960 and earlier Volume 2 covers 1960 1980 Volume 3 covers 1980 1995 and Volume 4 covers 1995 to the present The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history The alphabetically arranged entries in each volume address topics such as comics publishing characters imprints genres themes titles artists writers and more While special attention is paid to American comics the entries also include coverage of British Japanese and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers

Vertigo Comics Isabelle Licari-Guillaume, 2022-08-30 This book explores the so called British Invasion of DC Comics Vertigo imprint which played an important role in redefining the mainstream comics industry in the US during the early 1990s Focusing on British creators within Vertigo this study traces the evolution of the line from its creation in 1993 to its demise in 2019 Through an approach grounded in cultural history the book disentangles the imprint's complex roots showing how editors channelled the potential of its British writers at a time of deep seated economic and cultural change within the comics industry and promoted a sense of cohesion across titles that defied categories The author also delves into lesser known aspects of the Invasion exploring less canonical periods and creators that are often eclipsed by Vertigo's early star writers An innovative contribution on a key element of comic book history this volume will appeal both to researchers of Vertigo scholarship and to fans of the imprint It will also be an essential read for those interested in transatlantic collaborations and exchanges in the entertainment industry processes of cultural legitimization and cultural hierarchies and to anyone working on the representation of national and social identities

Marvelous Myths Russell W Dalton, 2011-04-01 What makes someone a hero In the early 1960s the image of a superhero was someone with a square jaw a muscular build and a quick smile whose biggest personal problem was trying to keep their girlfriends from guessing their secret identities Then writer Stan Lee and artists Jack Kirby and Steve Ditko created a group of superheroes who revolutionized comics These heroes including The Fantastic Four The Incredible Hulk Spider man The X men Iron Man Captain America and others were not perfect heroes living in a perfect world but fallible people with physical ailments and personal problems like our own While the authors and artists who created them did not intend to write

explicitly religious stories their tales of imperfect heroes who try to do the right thing despite the many challenges they face provide us with the opportunity to reflect on our own faith journeys as we strive to live heroic lives in the real world Each chapter reflects on the heroes most famous adventures and discusses the ways in which we are called to overcome many of the same obstacles they face as we strive to carry out the ministries to which God calls us Each chapter ends with questions for reflection or group study
