Percival Bland's Proxy and The Missing Mortgagee R. Austin Freeman, 2017-08-15 These are two short stories from the collection THE GREAT PORTRAIT MYSTERY PERCIVAL BLAND'S PROXY and THE MISSING MORTGAGEE wherein the brilliant medical investigator Dr Thorndyke solves murderous crimes Percival Bland was an uncommon criminal He knew that his continual passing of counterfeit banknotes would eventually catch up with him so he had a plan precautions against the inevitable catastrophe We can understand why he has created an alternate persona Robert Lindsay using disguises and renting two places of residence No one seems to notice that he and his cousin Robert never are at their respective homes simultaneously nor are they at home when the other visits nor does anyone see the resemblance of their facial appearance under the makeup But why does he buy human bones at auction The lot was described in the catalog as a complete set of human osteology but they were not an ordinary student's set for the bones of the hands and feet instead of being strung together on cat gut were united by their original ligaments and were of an unsavoury brown colour What does he want with those moldy bones He has a nefarious plan but it does not fool Dr
