50 Dáil Debates that Shaped the Nation John Drennan, 2012-10-05 From the debates of the 1950s that were strikingly similar to what we face today struggles against bankruptcy emigration and abuse of power by the State through the wars in the 70s and 80s over divorce and abortion to the Jacobean dramas surrounding the fall of Haughey in the 1990s this essential book finally traces the fall of the first Republic via the tragic comic dénouement of the Cowen era and the first breaths of hope provided by a new administration John Drennan's *Standing by the Republic* captures the fascinating story of Ireland's evolution in the seven decades since the end of the war and encapsulates the culture that shaped these moments of national drama

Paddy Machiavelli - How to Get Ahead in Irish Politics John Drennan, 2014-09-19 The good the bad and the cynical how to get ahead in Irish politics It might appear strange that a 16th century Italian political philosopher should provide us with a roadmap to political power in Ireland but as John Drennan's tongue-in-cheek account Paddy Machiavelli makes clear the gap between the parish pump and the Renaissance palazzo is a narrow one indeed In fact observe the Irish body politic for long enough and the lines between the Florentine's faceless hero and our own Dáil aristocrats begin to blur ever so slightly A veteran of countless Leinster House power plays Drennan takes inspiration from Machiavelli's *The Prince* dispensing invaluable advice for the aspiring politician such as how to cultivate the cloak of being an ordinary decent skin how to choose your scapegoats carefully and how to be a straight talker whilst embracing vagueness This hilarious account of the compromises that the Irish politician has to make in order to seize power is not just a celebration of the politics of cynical amorality it's a timely reminder of the role we play in choosing our leaders In this wildly entertaining book celebrated Sunday Independent columnist John Drennan is at his best The definitive guide to success in Irish politics Paddy Machiavelli will have you laughing and crying all the way to the ballot box Drennan's storytelling style is stage Irish and like a culchie Cicero he laces his brilliance with bile It is the politics of Paddy and in the tradition of Hall's *Pictorial Weekly* via Craggy Island Gerard Howlin *The Sunday Times* There is a fierce intelligence and fierce independence at work here No one escapes his gimlet eye and he brings to the whole bizarre ecosystem of the Dáil a unique perspective that of the insider who remains resolutely outside Brendan O'Connor *The Sunday Independent* If Paddy really wants to know the story generally he asks Drennan first Lise Hand *Irish Independent* Drennan is one of the best pundits in Ireland He has an understanding of politics that is both instinctive and intellectual Pat Leahy *The Sunday Business Post* Drennan reads the political game like the sort of bookie who always leaves Cheltenham with a full satchel Ivan Yates *Newstalk*

Vichard A. Vigueri, 2006-08-07 A call to action by the Republican conservative who urged the GOP to implement a conservative agenda immediately after the November 2004 election argues that Republicans must adhere to conservative

Feeling Betrayed Steven Kull, 2011-05-01 Though it has been nearly a decade since the attacks of September 11 the threat of terrorism emanating from the Muslim world has not subsided U S troops fight against radical Islamists overseas and on a daily basis Americans pass through body scanners as part of the effort to defend against another attack Naturally many Americans wonder what is occurring in Muslim society that breeds such hostility toward the United States Steven Kull a political psychologist and acknowledged authority on international public opinion has sought to understand more deeply how Muslims see America How widespread is hostility toward the United States in the Muslim world And what are its roots How much support is there for radical groups that attack Americans and why Kull conducted focus groups with representative samples in Egypt Morocco Pakistan Jordan Iran and Indonesia conducted numerous in depth surveys in eleven majority Muslim nations over a period of several years and comprehensively analyzed data from other organizations such as Gallup World Values Survey and the Arab Barometer He writes A premise of this book is that the problem of terrorism does not simply lie in the small number of people who join terrorist organizations Rather the existence of terrorist organizations is a symptom of a tension in the larger society that finds a particularly virulent expression in certain individuals The hostility toward the United States in the broader society plays a critical role in sustaining terrorist groups even if most disapprove of those groups tactics The essential problem then is one of America s relationship with the society as a whole Through quotes from focus groups as well as survey data Kull digs below the surface of Muslim anger at America to reveal the underlying narrative of America as oppressing and at a deeper level as having betrayed the Muslim people With the subtlety of a psychologist he shows how this an

Comrade or Brother? Mary Davis, 2009-02-20 Critical and iconoclastic Comrade or Brother traces the history of the British Labour Movement from its beginnings at the onset of industrialisation through its development within a capitalist society up to the end of the twentieth century Written by a leading activist in the labour movement the book redresses the balance in much labour history writing It examines the place of women and the influence of racism and sexism as well as providing a critical analysis of the rival ideologies which played a role in the uneven development of the labour movement

Betrayed S. Kaplan, 2013-11-26 Betrayed takes a new approach to the subject of global poverty one that doesn t blame the West but also doesn t rely on the West for solutions Betrayed puts the poor themselves at center stage and shows how their entrepreneurial energies are shackled by political and social discrimination When these shackles are removed as is happening in places such as China and Vietnam the poor are able to seize opportunities and drive wealth creation Combining the latest research into poverty and state building with the author s personal observations drawn from years running businesses in the developing world Betrayed explains how leaders in the developing world can build more inclusive societies and more equitable governments thereby creating dynamic national economies and giving the poor the opportunity to accumulate the means and skills to control their own destinies This
