Great War Modernists Lee M. Jenkins, 2024-07-11 Taking 44 Mecklenburgh Square as the focal point and springboard for a critical group study of D H Lawrence H D and Richard Aldington this book offers a fresh perspective on the relationship of modernist biofiction and poetry to the literature of the First World War A group that Perdita Schaffner described as another Bloomsbury set the Mecklenburgh Square writers like the Bloomsbury Group proper lived in squares and loved in triangles in Dorothy Parker's famous formulation Geographically adjacent these sets intersected socially and at points in their aesthetics both practiced innovative forms of what may broadly be defined as life writing But demarcating the Mecklenburgh Square writers from the

Bloomsbury Set the former had its origins in the transatlantic avant garde Lawrence H D Aldington and John Cournos were all associated with Imagism the poetic movement which instantiated Anglo American modernism Considered as a pro tem collective these four poets all of whom were also novelists and translators contest the binaries that still obtain between modernist and First World War writing This group study of Lawrence H D Aldington and Cournos tracks the transition of Imagism from a pre war mode to a war poetics which includes but is not confined to the trench lyric and it traces in the transtextual relations between the Mecklenburgh Square novels the traumatic imprint of the war on modernist life writing

Remembrance Margaret Hutchison,Steven Trout,2020-04-28 Interdisciplinary collection of essays on fine art painting as it relates to the First World War and commemoration of the conflict Although photography and moving pictures achieved ubiquity during the First World War as technological means of recording history the far more traditional medium of painting played a vital role in the visual culture of combatant nations The public s appetite for the kind of up close frontline action that snapshots and film footage could not yet provide resulted in a robust market for drawn or painted battle scenes Painting also figured significantly in the formation of collective war memory after the armistice Paintings became sites of memory in two ways first many governments and communities invested in freestanding panoramas or cycloramas that depicted the war or featured murals as components of even larger commemorative projects and second certain paintings whether created by official artists or simply by those moved to do so emerged over time as visual touchstones in the public s understanding of the war Portraits of Remembrance Painting Memory and the First World War examines the relationship between war painting and collective memory in Australia Austria Belgium Canada Croatia France Germany Great Britain New Zealand Russia Serbia Turkey and the United States The paintings discussed vary tremendously ranging from public murals and panoramas to works on a far more intimate scale including modernist masterpieces and crowd pleasing expressions of sentimentality or spiritualism Contributors raise a host of topics in connection with the volume s overarching focus on memory including national identity constructions of gender historical accuracy issues of aesthetic taste and connections between painting and literature as well as other cultural forms **European Culture in the Great War** Aviel Roshwald,Richard

Stites,2002-02-14 It is commonplace to refer to the First World War as an historical watershed but the nature of that great cataclysm's impact upon European society and culture remains a hotly debated topic Many recent works have dealt with the Great War's role in shaping artistic and intellectual modernism and with the social history of the war Yet the English language literature remains dominated by a disproportionate emphasis on the western European experience This book redresses the balance by giving equal attention to the countries of eastern and central Europe and distinguishes itself by focusing specifically on cultural change during the course of the war as distinct from the after effects and memories of the conflict J. Bourne,2000-11 **Mapping the Modern Mind: Virginia Woolf's Parodic Approach to the Art of Fiction in "Jacob's Room"** Lindy van Rooyen,2012-05 In this study the author conducts a close reading of Virginia Woolf's first experimental novel *Jacob's Room* 1922 Her reading is based on the fundamental premise that the novel is an exploration of fictional form rather than an exposition of any preconceived idea *Jacob's Room* is an essentially modernist text and is characterised by extensive genre mixing typical of the art of fiction in the early 20th century Throughout her study the author analyses the extent to which the novel transgresses the boundaries of the novelistic genre She explores the generic interface between the novel and those genres which are deemed to be innate to Virginia Woolf's sensibility i.e. the journalistic essay biography and impressionist painting The premise of this study leads the author to read the novel on two levels of significance On the narrative surface level of the novel Woolf constructs the tragic life of a promising young Englishman Jacob Flanders who dies in the First World War Simultaneously on the metafictional level of significance Woolf through her garrulous narrator mocks and evaluates the actions of her characters experimenting with various points of view in an attempt to define the character of her protagonist *Jacob's Room* is thus conceived as a mental space in which a modern writer's mind is mapped The central aesthetic question which is debated in this room or forum relates to the essential art of modern fiction in general and the efficiency of characterisation in fiction in particular It is argued that Virginia Woolf probes into the epistemic question of the essence of modern man and in an attempt to capture the essence of her protagonist speculates on the corresponding literary question how and to what extent the soul of man can be represented in fiction The author uses this generic approach to the novel as a broad structuring principle for her study of *Jacob's Room* After discussing the socio-political context of modernism in the early 20th century including the impact of the First World War on modernist writing she focuses her study on those aspects of Woolf's fiction which are deemed fundamental to the narrative strategy in *Jacob's Room* i.e. the role and nature of Woolf's humour within the context of modernism the nodes or clusters of metaphors and symbols recurring in the text the role of the narrator as toastmaster of the debate on character and fiction in *Jacob's Room* the extent to which the novel parodies the new biography of the early twentieth century and the extent to which Woolf transvaluates the tools of impressionist painting into modernist fiction **Commemorative Modernisms** Alice Kelly,2020-07-06 One of the key questions of modern literature was the problem of what to do with the war dead Through a

series of case studies focusing on nurse narratives Edith Wharton Katherine Mansfield H D and Virginia Woolf as well as visual and material culture this book provides the first sustained study of women s literary representations of death and the culture of war commemoration that underlie British and American literary modernism Modernism's History Bernard Smith,1998-01-01 The history of twentieth century visual arts can no longer be written as a succession of avant garde movements contends eminent art historian Bernard Smith in this stimulating book He argues that a return to the concept of period style is inevitable and that modernism the dominant style of art that emerged at the end of the nineteenth century and continued through the 1960s deserves recognition as a period style Smith renames this period Formalesque since it is no longer modern and since it emphasizes the formal values of art more than any previous period does In a wide ranging reformulation of art history in the twentieth century the author defines the nature and development of Formalesque an avant garde style that arose between 1890 and the First World War was institutionalized between the world wars and flourished anew between 1945 and 1960 Identifying the Formalesque period says Smith makes it possible also to identify dialectical adversaries such true oppositional avant garde styles of the twentieth century as Dada Surrealism and the Neue Sachlichkeit These constitute the formative elements of the modernism now called postmodernism that became increasingly dominant after 1960 The author locates twentieth century artistic movements and developments in a broad cultural context and concludes with a thought provoking examination of the relation between the Formalesque and European and American cultural imperialism *Exploring the Frontiers of Fiction: Humour, Modernism and Narrative Form in Virginia Woolf's "Jacob's Room" (1922)* Lindy van Rooyen,2012-02-15 Inhaltsangabe Introduction Virginia Woolf is not a popular writer Despite a fierce pride in her work it was never her ambition to be one Most people have heard of her work vaguely associating it with the second wave of the women s liberation movement in the 1970s and the type of fiction that is commonly called difficult and few people unfamiliar with her work would associate her reputation with humour These are some of the first impressions of a writer who is now hailed by scholars of English literature as one of the icons of modernism To speak of first impressions of Virginia Woolf s work is not as fatuous as it may seem After all Woolf s fiction was initially founded on impressions and I hope to show that one of the distinctive characteristics of her oeuvre compared to other modernists like T S Eliot W B Yeats or James Joyce is the intensely visual nature of her art Furthermore she is often associated with a movement of modern painting in the early twentieth century known as Post Impressionism including painters like C zanne Picasso and Georges Braque Finally laughter in all its registers whether merry cruel or parodic runs like a golden thread throughout the texture of her essays short stories and novels as satire does more generally throughout modernism I have chosen Virginia Woolf s third novel Jacob s Room 1922 as the focus of my study of Woolf s modernism It is not her best known novel as most critical acclaim is reserved for Mrs Dalloway 1925 or To the Lighthouse 1927 She started writing fiction in 1915 just as the First World War started and for four reasons I believe that Jacob s Room is the perfect starting point from

which to survey Woolf's particular contribution to the Modernist Movement Firstly the social catastrophe associated with the First World War is widely considered to be the decisive historic event in the collective consciousness of early twentieth century Europe its effects reverberating throughout the literary and visual arts in the 1920s Secondly Jacob's Room was published in a year which falls nicely within the boundaries of the period of High Modernism which culminated in the decades between 1910 and 1930 Indeed the year of 1922 marks the publication of two other seminal modernist works T S Eliot's *Wasteland* and James Joyce's *Ulysses* Thirdly Jacob's Room is commonly regarded as Virginia Woolf's first experimental novel in which she in her own phrase
